THE GREAT GATSBY F. SCOTT FITZGERALD,1925

The Great Gatsby ,1925

The Literature Book DK,2016-05-26 Books, let's face it, are better than anything else. Nick Hornby Turn the pages of The Literature Book to discover over 100 of the world's most enthralling reads and the literary geniuses behind them. Storytelling is as old as humanity itself. Part of the Big Ideas Simply Explained series, The Literature Book introduces you to ancient classics from the Epic of Gilgamesh written 4,000 years ago, as well as the works of Shakespeare, Voltaire, Tolstoy, and more, and 20th-century masterpieces, including Catch-22, Beloved, and On the Road. The perfect reference for your bookshelf, it answers myriad questions such as what is stream of consciousness, who wrote To Kill a Mockingbird, and what links the poetry of Wordsworth with that of TS Eliot. Losing yourself in a great book transports you to another time and place, and The Literature Book sets each title in its social and political context. It helps you appreciate, for example, how Dickens' Bleak House paints a picture of deprivation in 19th-century England, or how Stalin's climb to power was the backdrop for George Orwell's 1984. With succinct plot summaries, graphics, and inspiring quotations, this is a must-have reference for literature students and the perfect gift for book-lovers everywhere. Series Overview: Big Ideas Simply

Explained series uses creative design and innovative graphics along with straightforward and engaging writing to make complex subjects easier to understand. With over 7 million copies worldwide sold to date, these award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

The Great Gatsby Francis Scott Fitzgerald, 1925 Follows the adventures of Jay Gatsby as he tries to win back the woman he loved and lost.

Identity and Lifestyle: The Forces That Drive the World Mark Romel, 2018-04-10 You build your lifestyle around your identity. Your identity is your fate. You are what you do, and you do what you do because of your identity. What you do constitutes your lifestyle. Most people are so busy with their lifestyle that they fail to consider whether or not their lifestyle is helping them or hindering them. You optimize yourself through having an optimal lifestyle, but how do you decide what lifestyle is best? Most people drift into lazy, easy, convenient lifestyles - acceptable to their peer group - that guarantee they will fail in life. Changing your lifestyle involves changing your identity, and that is the most difficult thing possible for average people. They don't have the will. Don't bother talking about changing the world unless you are in the business of destroying old identities and lifestyles, and creating brand new ones. As soon as you try to change a person's sacred identity, you are at war with them. Are you ready for the mother of all wars?

The Valley of Ashes Lorna Pyles Mittleman, 1967

The Foreign Critical Reputation of F. Scott Fitzgerald, 1980-2000 Linda C. Stanley, 2004-10-30 This bibliography extends the work of Stanley's first volume, *The Foreign Critical Reputation of F. Scott Fitzgerald: An Analysis and Annotated Bibliography*, to the final two decades of the 20th century. It includes literature from the former countries of the USSR, Romania, India, and Canada, as well as countries that were covered in the first volume, such as Britain, France, Italy, Germany, and Japan. One of the major findings that emerges is that Fitzgerald's poetic prose is extremely difficult to translate, but new translations continue to appear. The introduction to this volume provides a synthesis of Fitzgerald scholarship abroad at the turn of the 21st century and points to new directions already suggested that may represent challenges to current scholarship. An extended analysis introduces each chapter. Each chapter also includes a chronological list of translations and editions of Fitzgerald's work from his earliest appearances in print to those appearing in 2000. The most substantial section of each chapter features fairly detailed annotations of monographs, collections, book chapters, essays, conference papers, articles, reviews, and school editions. This compilation will intrigue anyone interested the work of F. Scott Fitzgerald.

Critical Companion to F. Scott Fitzgerald Mary Jo Tate, 2007 *The Great Gatsby* and its criticism of American society during the 1920s, F. Scott Fitzgerald claimed the distinction of writing what many consider to be the great American novel.

Critical Companion to F.

Francis Scott Fitzgerald : His Art and Vision Ratan Bhattacharjee, 2021-05-25 Francis Scott Fitzgerald's contribution to American fiction has to be judged keeping in mind that the naturalistic mimesis of the fiction of the earlier period is important as a critique of bourgeois society, but it ultimately fails in representing the problematic nature of bourgeois reality. The use of romance by Fitzgerald within mimetic realism is a logical culmination of the rise of the novel as it is. Through this use of romance he is able to adequately explore the bourgeois myth of man

Consumption and Waste in American Environmental History Martin V. Melosi, 2025-03-31 Consumption and Waste in American Environmental History is an accessible introduction to the consumption experience, wasting practices, and disposal history of the United States, spanning precontact to the present. Centered around concise case studies, the book confronts consumption and consumerism and assesses the impact of solid and hazardous wastes from political, economic, social, and especially environmental perspectives. The overarching relationship among consumption, waste, and climate change is woven throughout the book, identifying key questions and themes in United States environmental history. Each chapter explores a specific element of consumption and waste, including the commodification of humans and animals; depletion of resources; the role of immigrants, women, and people of color in sanitation services and as sanitary and environmental activists; salvaging and recycling; environmental justice; e-waste; plastics; space junk; and more. With a broad chronology and a variety of relevant topics, this volume is an engaging resource for undergraduate and graduate students in American history, environmental history, and sustainability studies.

The Magic Show Emil Mihelich, 2016-04-13 The saga of Dan Kristich continues. First encountered in *Around the Horn* in 1949 as a five-year-old boy and then in *The Purple Bow* in 1962 as a seventeen-year-old high school senior nearing graduation, Dan now finds himself, in the early spring of 1973, stuck in Spokane, Washington. He has returned to his West after working for a year in the East as part of the housing administration at the State University of New York at Stony Brook, fifty miles east of New York City on Long Island. After experiencing the decadence that seemed to envelop Stony Brook, Dan returns to the Great Northwest, in this case to The Heart of its Inland Empire, only to find, in Spokane, a Western expression of The Valley of Ashes. In 1962, as American astronauts had begun to explore outer space, Dan wondered about the existence of the next world that was supposed to house the souls of the faithful departed. And now, in the early spring of 1973, those same explorers, following in the footsteps of Neil Armstrong and Buzz Aldrin, have made several voyages to the moon, never having found any solid evidence to support the existence of such a world. In the absence of any solid, definitive evidence, Dan reasons, life itself may be meaningless after all. Standing on the brink of despair, Dan phones his friend, Charlie, and the two of them embark on a night journey through Spokane's pouring rain. Ride along with them as Dan continues his search for, and finally this time to find, the magic that has the potential to restore hope and vitality to any Valley of Ashes.

Highways of the Mind Helen J. Burgess, Jeanne Hamming, 2014-10-31 Stories of the open road have a powerful sway over our imagination, particularly in America, where the vast web of interstate highways transformed the national identity as well as the national landscape. Sometimes seen as the harbinger of a golden future, other times as the conduit of a dehumanized dystopia, the highway reflects some of our most potent fantasies as well as our deepest anxieties about modernity, ecology, commerce, and individuality. In a work rich in embedded multimedia, Helen J. Burgess and Jeanne Hamming look at cultural and media representations of the highway in planning documents, industrial films, corporate ephemera, and science fiction narratives to explore how these stories of the road have reconfigured how we think about ourselves and our world. *Highways of the Mind*, available only on the Apple iBookstore site in iBook format, shows how the stories we tell about the highway—whether in the service of national pride, corporate advertising, urban planning, or apocalyptic warnings—determine how we imagine, or fail to imagine, the possibilities for human action in built environments.

Bloom's how to Write about F. Scott Fitzgerald Kim Becnel, 2008 Known for his masterwork *The Great Gatsby*, a searing criticism of American society during the 1920s, F. Scott Fitzgerald claimed the distinction of creating what many readers and scholars consider to be the great American novel. *Bloom's How to Write about F. Scott Fitzgerald* offers valuable paper-topic suggestions, clearly outlined strategies on how to write a strong essay, and an insightful introduction by Harold Bloom on writing about Fitzgerald. This new volume is designed to help students develop their analytical writing skills and critical comprehension of this modern master and his major works.

Formalist Criticism and Reader-Response Theory Todd Davis, Kenneth Womack, 2018-03-24 This invaluable guide by Todd F. Davis and Kenneth Womack offers an accessible introduction to two important movements in the history of twentieth-century literary theory. A complementary text to the Palgrave volume *Postmodern Narrative Theory* by Mark Currie, this new title addresses a host of theoretical concerns, as well as each field's principal figures and interpretive modes. As with other books in the *Transitions* series, *Formalist Criticism and Reader-response Theory* includes readings of a range of widely-studied texts, including Joseph Conrad's *Heart of Darkness*, Charlotte Bronte's *Jane Eyre*, and F. Scott Fitzgerald's *The Great Gatsby*, among others. *Transitions* critically explores movements in literary theory. Guiding the reader through the poetics and politics of interpretative paradigms and schools of thought, *Transitions* helps direct the student's own acts of critical analysis. As well as transforming the critical developments of the past by interpreting them from the perspective of the present day, each study enacts transitional readings of a number of well-known literary texts.

T.E. Hulme and Modernism Oliver Tearle, 2013-10-17 Through close readings, this book explores T.E. Hulme's influence on key Modernist writers and how he might offer a new model of creative-critical practice.

Kerouac's Crooked Road Tim Hunt, 2010-04-06 Now a classic, Kerouac's *Crooked Road* was one of the first critical works on the legendary Beat writer to analyze his work as serious literary art, placing it in the broader American literary

tradition with canonical writers like Herman Melville and Mark Twain. Author Tim Hunt explores Kerouac's creative process and puts his work in conversation with classic American literature and with critical theory. This edition includes a new preface by the author, which takes a discerning look at the implications of the 2007 publication of the original typewriter scroll version of *On the Road* for the understanding of Kerouac and his novel. Although some critics see the scroll version of the novel as embodying Kerouac's true artistic vision and the 1957 Viking edition as a commercialized compromise of that vision, Hunt argues that the two versions should not be viewed as antithetical but rather as discrete perspectives of a writer deeply immersed in writing as both performance and evolving process. Hunt moves beyond the mythos surrounding the "spontaneous creation" of *On the Road*, which upholds Kerouac's reputation as a cultural icon, to look more closely at an innovative writer who wanted to bridge the gap between the lush, talk-filled world of real life and the sterilized version of that world circumscribed by overly intellectualized, literary texts, through the use of written language driven by effusive passion rather than sober reflection. With close, erudite readings of Kerouac's major and minor works, from *On the Road* to *Visions of Cody*, Hunt draws on Kerouac's letters, novels, poetry, and experimental drafts to position Kerouac in both historical and literary contexts, emphasizing the influence of writers such as Emerson, Melville, Wolfe, and Hemingway on his provocative work.

Literary Geography Lynn M. Houston, 2019-08-02 This reference investigates the role of landscape in popular works and in doing so explores the time in which they were written. *Literary Geography: An Encyclopedia of Real and Imagined Settings* is an authoritative guide for students, teachers, and avid readers who seek to understand the importance of setting in interpreting works of literature, including poetry. By examining how authors and poets shaped their literary landscapes in such works as *The Great Gatsby* and *Nineteen Eighty-Four*, readers will discover historical, political, and cultural context hidden within the words of their favorite reads. The alphabetically arranged entries provide easy access to analysis of some of the most well-known and frequently assigned pieces of literature and poetry. Entries begin with a brief introduction to the featured piece of literature and then answer the questions: How is literary landscape used to shape the story?; How is the literary landscape imbued with the geographical, political, cultural, and historical context of the author's contemporary world, whether purposeful or not? Pop-up boxes provide quotes about literary landscapes throughout the book, and an appendix takes a brief look at the places writers congregated and that inspired them. A comprehensive scholarly bibliography of secondary sources pertaining to mapping, physical and cultural geography, ecocriticism, and the role of nature in literature rounds out the work.

Student Companion to F. Scott Fitzgerald Linda C. Pelzer, 2000-07-30 The dazzling, romantic fiction of F. Scott Fitzgerald manages to captivate each new generation of readers. This critical introduction, written specifically for students, offers insightful yet accessible literary criticism for five novels: *This Side of Paradise*, *The Beautiful and Damned*, *The Great*

Gatsby, Tender Is the Night, and ^UThe Last Tycoon. A full chapter is devoted to examining each of these works, with an indepth discussion of character development, thematic concerns and plot structure. The introduction to each novel traces its genesis and the critical reception it received at the time it was written. The historical context sections examine the ways visionary works like ^UThe Great Gatsby offer both a chronicle and a critique of the attitudes, dreams, and illusions of American society during the period between the First and Second World Wars. Students will also get a vivid sense of how life and art converged in the fiction of F. Scott Fitzgerald, the man who christened the Jazz Age. This introductory study features a biographical chapter that relates Fitzgerald's life to his work and a chapter that places his fiction within its historical and literary contexts. Five chapters analyze not only the basic literary components of plot, character, and theme, but also provide an alternate critical interpretation of each novel that enriches reader's understanding of the work's complexity and vision. A complete bibliography of Fitzgerald's works and a selected bibliography of critical and biographical sources complete this volume.
