**The Perks of Being a Wallflower (Study Guide)** BookCaps Study Guides Staff,2012 The perfect companion to Stephen Chbosky's *The Perks of Being a Wallflower*, this study guide contains a chapter by chapter analysis of the book, a summary of the plot, and a guide to major characters and themes. BookCap Study Guides do not contain text from the actual book, and are not meant to be purchased as alternatives to reading the book. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.

**Writing Emotions** Ingeborg Jandl,Susanne Knaller,Sabine Schönfellner,Gudrun Tockner,2018-07-15 After a long period of neglect, emotions have become an important topic within literary studies. This collection of essays stresses the complex link between aesthetic and non-aesthetic emotional components and discusses emotional patterns by focusing on the practice of writing as well as on the impact of such patterns on receptive processes. Readers interested in the topic will be presented with a concept of aesthetic emotions as formative both within the writing and the reading process. Essays, ranging in focus from the beginning of modern drama to digital formats and theoretical questions, examine examples from English, German, French, Russian and American literature. Contributors include Angela Locatelli, Vera Nünning, and Gesine Lenore Schiewer.

*From Wallflowers to Bulletproof Families* Abbye E. Meyer,2022-02-04 Uses of disability in literature are often problematic and harmful to disabled people. This is also true, of course, in children's and young adult literature, but interestingly, when disability is paired and confused with adolescence in narratives, compelling, complex arcs often arise. In *From Wallflowers to Bulletproof Families: The Power of Disability in Young Adult Narratives*, author Abbye E. Meyer examines different ways authors use and portray disability in literature. She demonstrates how narratives about and for young adults differ from the norm. With a distinctive young adult voice based in disability, these narratives allow for readings that conflate and complicate both adolescence and disability. Throughout, Meyer examines common representations of disability and more importantly, the ways that young adult narratives expose these tropes and explicitly challenge harmful messages they might otherwise reinforce. She illustrates how two-dimensional characters allow literary metaphors to work, while forcing texts to ignore reality and reinforce the assumption that disability is a problem to be fixed. She sifts the freak characters, often marked as disabled, and she reclaims the derided genre of problem novels arguing they empower disabled

characters and introduce the goals of disability-rights movements. The analysis offered expands to include narratives in other media: nonfiction essays and memoirs, songs, television series, films, and digital narratives. These contemporary works, affected by digital media, combine elements of literary criticism, narrative expression, disability theory, and political activism to create and represent the solidarity of family-like communities.

**Voices From the Wreckage: Young Adult Voices in the #MeToo Movement** Kimberly Karshner, 2023-04-18 'Voices From the Wreckage: Young Adult Voices in the #MeToo Movement' is an edited collection by Kimberly Greenfield Karshner (Lorain County Community College). This collection focuses on situating young adult voices in the #MeToo movement, and into American culture and identity. Children's and young adult literature is an area of study that has rapidly evolved in the past ten years, bringing previously silenced voices to light. This is especially true for YA LGBTQ+ voices, and also for young narrators who are not only discovering, celebrating, and coming to terms with their identities, but also dealing with assaults on their identities. This collection will build on what writers like Laurie Halse Anderson have begun, first with her groundbreaking book on sexual assault, 'Speak', published in 1999, and more currently, her follow-up book, 'Shout' (2019). These authors continue what Anderson started, exploring texts from the perspectives of YA male and female voices, Native American and international perspectives, and LGBTQ+ character representation. Chapters investigate various literary forms such as graphic novels, memoirs, and novels, and cover topics such as sexual desire, consent, trauma, and survivorship. The literature featured in this volume will assure young people that they can tell their stories and that they will be heard. 'Voices From the Wreckage' will be a valuable tool for anyone who teaches Young Adult Literature, or for those who are avid readers and fans of the genre. The authors in this collection are starting and continuing very important conversations on the topic of sexual abuse and trauma, a conversation necessary for the intended audiences of these books, and for adult readers and teachers who are facilitating the emotions connected to these topics.

The Epistolary Renaissance Maria Löschnigg, Rebekka Schuh, 2018-09-10 Since the late twentieth century, letters in literature have seen a remarkable renaissance. The prominence of letters in recent fiction is due in part to the rediscovery, by contemporary writers, of letters as an effective tool for rendering aspects of historicity, liminality, marginalization and the expression of subjectivity vis-à-vis an 'other'; it is also due, however, to the artistically challenging inclusion of the new electronic media of communication into fiction. While studies of epistolary fiction have so far concentrated on the eighteenth century and on thematic concerns, this volume charts the epistolary renaissance in recent literature, entering new territory by also focusing on the aesthetic implications of the epistolary mode. In particular, the essays in this volume illuminate the potential of the epistolary (including digital forms) for rendering contemporary sensitivities. The volume thus offers a comprehensive assessment of letter narratives in contemporary literature. Through its focus on the aesthetic and structural aspects of new epistolary fiction, the inclusion of various narrative forms, and the consideration of both conventional letters

and their new digital kindred, The Epistolary Renaissance offers novel insight into a multi-faceted (re)new(ed) genre.

**Why Did They Do It?** Cheryl Crichtley, Helen McGrath, 2015-08-01 The cases that stunned Australia - and left us all with one question: Why did they do it? Peter Caruso bludgeoned his wife to death after almost fifty years of happy marriage. John Myles Sharpe killed his pregnant wife and their young daughter with a speargun. Katherine Knight stabbed and skinned her partner with the intention of serving his cooked carcass to his children. These and other crimes, committed by people described as average, ordinary, normal... In *Why Did They Do It?*, respected journalist Cheryl Crichtley teams with esteemed psychologist Professor Helen McGrath to meticulously dissect the crimes, the evidence, the testimony, the confessions, and the overwhelming diagnostic evidence to analyse the minds and motivations behind crimes that shocked the nation.
