**Unspeakable Tales** Miguel D'Addario, 2022-06-08 The stories are that way of telling stories in an elegant, neat, correlative and neat way. It is important that the story leaves a message in a global way and that it is capable of causing some commotion in the reader, be it laughter, sorrow, pain or another feeling. In the book *Relatos Revulsivos* the author Miguel D'Addario looked for unforeseen and almost ambiguous outcomes, in order to leave the reader thinking about what the meaning is or what interpretation could be given to each story.

**In Harmony** Dr. Lisa Redpath, 2022-06-01 In *Harmony: The Complementary Musical Tales of the Brockton Symphony Orchestra, Sharon Civic Orchestra, and Sharon Community Chamber Orchestra* is a stirring, historical account of these three Massachusetts ensembles. Each chapter documents the orchestras' operations ranging from their founders to the conductors, repertoire, players, soloists, volunteers, fundraisers, behind-the-scenes realities, and special features. While details of each organization are presented in depth, a seasoning of interesting, humorous, and at times tragic human-interest stories make these tales come alive. Musicians, audience members, supporters, and readers with a passion for history will find connections to the events told here. Welcome to the inside world of these venerable ensembles which take their places in the history of orchestras with pride. *In Harmony* is the most extensive and intriguing exploration into community orchestras in the literature. Musical portraits are enlivened by real-life adventure stories such as survival by WWII refugees, the guarding of Stradivari violins, performing during power failures, and the dodging of puddles caused by leaking concert hall ceilings. Most notable are the contributions made by core players whose passion for orchestral music-making inspires them to share their talent, time, and commitment with the community, often as part of their life's work. Over time, thousands of audience members have enjoyed their concerts, scores of youth musicians have been awarded performance opportunities and scholarships, and players have felt great satisfaction in their calling to perform. Significant details illuminate the history of the Brockton Symphony Orchestra dating back to 1925 and the central roles that women played in the establishment of the Sharon Civic Orchestra and Sharon Community Chamber Orchestra. The orchestras have been led by conductors from both the local and national stage. Famous performers such as Charles Castleman, Midori, and Gil Shaham were guest soloists with the Brockton Symphony during the early days of their careers. The overall cavalcade of esteemed stars included Karl Ulrich

Schnabel, Leonard Rose, Samuel Mayes, Boston Symphony Orchestra members and many others! The conductors, soloists, volunteers, and most importantly, the players, have devoted their lives to the making of symphonic music for all to enjoy. Their tales are masterpieces.

From Perception to Pleasure Robert J. Zatorre, 2024 In *From Perception to Pleasure*, Robert Zatorre discusses why we love music and what enables us to create it, perceive it, and enjoy it from the perspective of cognitive neuroscience, explaining how we get from perception of sound patterns to pleasurable responses. Zatorre's richly illustrated book provides an integrative model for a large body of scientific knowledge that explains how patterns of abstract sounds can generate profoundly moving hedonic experiences.

Twelve Minutes of Love Kapka Kassabova, 2011-11-03 Kapka Kassabova first set foot in a tango studio ten years ago and, from that moment, she was hooked. With the beat of tango driving her on and the music filling her head, she's danced across the world, from Auckland to Edinburgh, from Berlin to Buenos Aires, putting in hours of practice for fleeting moments of dance-floor ecstasy, suffering blisters and heart-break along the way. Here, in sparkling, spring-heeled prose, Kapka takes us inside the esoteric world of tango to tell the story of the dance, from its Afro roots to its sequined stars and back. *Twelve Minutes of Love* is a timeless tale of exile and longing, death and desire, love and belonging.

**The Opposite of Serendipity** Vicki Zatarain, 2023-04-06 *The Opposite of Serendipity* is essentially a coming of “old” age story. Iantha embarks on her fifth decade of life, distant from her previous somewhat blissful quiddity of her hometown New Orleans. As the door closed on many aspects of her old existence, Iantha encounters the world of tango, quite by happenstance, in her new environs of Washington D.C. Through tango Iantha develops lifelong friendships, including a brief yet oddly eternal “fairy” tale (not “fairy tale”) romance with a young Brazilian, Gabriel. By living quixotically, Gabriel teaches her that there is poetry in an otherwise prosaic world. In her journey to retirement and beyond, Iantha experiences joy and love, in their many forms. However, it is in the misfortunes she confronts (those non-serendipitous events, if you will), that Iantha learns even more about love of an unearthly variety. The legion of earthly angels God placed in her path pulls Iantha through her most difficult times. Meanwhile, Gabriel reveals the secrets of the “drops of rain” (and other ethereal yet relatable tales) through his poetry. Iantha’s musings on navigating both a “Happily” and an “Ever After” are often humorous, poignant, and authentic.

*The Mahler Mayhem* Alessandra Comini, 2019-09-07 During a performance of Beethoven’s *Fidelio* at the Vienna State Opera there is an explosion in the foyer just off the auditorium. Auguste Rodin’s famous 1909 bronze bust of composer and conductor Gustav Mahler has been blown up and a hate-filled note has been left at the scene demanding that there be “no more Jews defiling our culture.” Retired art historian and musicologist Megan Crespi, in Vienna to lecture, is at the performance with her former student, the renowned cellist Egga Streicher, and is asked by her friend, Chief of Police Erich

Decker, to help in tracking down the culprit. Soon copy-cat vandalism of Jewish monuments around the city breaks out. Things come to a horrendous climax during a performance of Mahler's great Second Symphony, the "Resurrection" symphony, but is it the only surprise awaiting Megan Crespi's dangerous investigation? Includes Readers Guide.

**The Missing Word** Concita De Gregorio, 2022-07-05 A BEST BOOK OF 2022 (CrimeReads) Based on a true story, an urgently told psychological thriller and the fierce portrait of a woman in all her frailty and courage Irina's life with her husband and her twin daughters is orderly. The marriage ends without apparent trauma, but on a weekend seemingly like any other, the girls' father takes Alessia and Livia away with him. They disappear. *The Oxford Handbook of Assessment Policy and Practice in Music Education, Volume 2* Timothy Brophy, 2019-01-02 In the music classroom, instructors who hope to receive aid are required to provide data on their classroom programs. Due to the lack of reliable, valid large-scale assessments of student achievement in music, however, music educators in schools that accept funds face a considerable challenge in finding a way to measure student learning in their classrooms. From Australia to Taiwan to the Netherlands, music teachers experience similar struggles in the quest for a definitive assessment resource that can be used by both music educators and researchers. In this two-volume Handbook, contributors from across the globe come together to provide an authority on the assessment, measurement, and evaluation of student learning in music. The Handbook's first volume emphasizes international and theoretical perspectives on music education assessment in the major world regions. This volume also looks at technical aspects of measurement in music, and outlines situations where theoretical foundations can be applied to the development of tests in music. The Handbook's second volume offers a series of practical and US-focused approaches to music education assessment. Chapters address assessment in different types of US classrooms; how to assess specific skills or requirements; and how assessment can be used in tertiary and music teacher education classrooms. Together, both volumes of *The Oxford Handbook of Assessment in Music Education* pave the way forward for music educators and researchers in the field.

Tracing Tangueros Kacey Link, Kristin Wendland, 2016 *Tracing Tangueros* offers an inside view of Argentine tango music in the context of the growth and development of the art form's instrumental and stylistic innovations. Rather than perpetuating the glamorous worldwide conceptions that often only reflect the tango that left Argentina nearly 100 years ago, authors Kacey Link and Kristin Wendland trace tango's historical and stylistic musical trajectory in Argentina, beginning with

the guardia nueva's crystallization of the genre in the 1920s, moving through tango's Golden Age (1932-1955), and culminating with the Music of Buenos Aires today. Through the transmission, discussion, examination, and analysis of primary sources currently unavailable outside of Argentina, including scores, manuals of style, archival audio/video recordings, and live video footage of performances and demonstrations, Link and Wendland frame and define Argentine tango music as a distinct expression possessing its own musical legacy and characteristic musical elements. Beginning by establishing a broad framework of the tango art form, the book proceeds to move through twelve in-depth profiles of representative tangueros (tango musicians) within the genre's historical and stylistic trajectory. Through this focused examination of tangueros and their music, Link and Wendland show how the dynamic Argentine tango grows from one tanguero linked to another, and how the composition techniques and performance practices of each generation are informed by that of the past.

**Intermittences** Ana Forcinito, 2019-01-09 The construction of memory entails a battle not only between memory and forgetting but also between different memories. There are multiple constructions of memory, and in the dispute between them, some become hegemonic, while others remain in the margins. Ana Forcinito explores the intermittences of transitional justice and memory in post-dictatorship Uruguay. The processes of building memory and transitional justice are repetitive but inconstant. They are contested by both internal and external forces and shaped by tensions between oblivion and silence. Forcinito explores models of reconciliation to present an alternative narrative of the past and to expose the blind spots of memory.
