Due to the nature of digital items, I don't accept refunds or exchanges for digital prints. 3. Color may vary on different screen displays and on print. Different printers and papers also may show a slight variation in color. 4. These images and music are for personal use only. You may not resell the original files. BONUS MATERIAL: Daily Music Practice Planner Includes - Link inside. See inside the cover...

Arlen and Harburg's Over the Rainbow Walter Frisch, 2017-09-29 Over the Rainbow exploded into worldwide fame upon its performance by Judy Garland in the MGM film musical The Wizard of Oz (1939). Voted the greatest song of the twentieth century in a 2000 survey, it is a masterful, delicate balance of sophistication and child-like simplicity in which composer Harold Arlen and lyricist E. Y. Yip Harburg poignantly captured the hope and anxiety harbored by Dorothy's character. In Arlen and Harburg's Over the Rainbow, author Walter Frisch traces the history of this song from its inception during the development of The Wizard of Oz's screenplay, to its various reinterpretations over the course of the twentieth century. Through analysis of the song's music and lyrics, this Oxford Keynotes volume provides a close reading of the piece while examining the evolution of its meaning as it traversed widely varying cultural contexts. From its adoption as a jazz standard by generations of pianists, to its contribution to Judy Garland's role as a gay icon, to its reemergence as a chart-topping recording by Hawaiian singer Israel Kamakawiwo'ole, Over the Rainbow continues to engage audiences and performers alike in surprising ways. Featuring a companion website with audio and video supplements, this book leaves no path unexplored as it succeeds in capturing the extent of this song's impact on the world.

Over the Rainbow (from The Wizard of Oz) Sheet Music Phillip Keveren, 2015-03-01 (Educational Piano Library). Here is the treasured song from The Wizard of Oz arranged for elementary level piano solo with a teacher duet and lyrics included.

Adapting The Wizard of Oz Danielle Birkett, Dominic McHugh, 2018-11-05 One of the most beloved film musicals of all time, The Wizard of Oz represents an enduring family favorite and cultural classic. Yet there is much more to the story than meets the eye, and the MGM movie is just one of many ways in which it has been represented. In this lively and wide-ranging book, editors Danielle Birkett and Dominic McHugh bring together insights from eleven experts into the varied musical forms this great American myth has taken in the past century. Starting with the early adaptations of L. Frank Baum's story, the book also explores the writing, composition and reception of the MGM film, its importance in queer culture, stage adaptations of the movie, cult classic The Wiz, Stephen Schwartz's Broadway blockbuster Wicked, and the cultural afterlife of the iconic Arlen-Harburg songs. What emerges is a vivid overview of how music - on stage and screen - has been an essential part of the story's journey to become a centerpiece of American culture.

The Wizard of Oz FAQ David J. Hogan, 2014-06-01 (FAQ). The Wizard of Oz FAQ is a fact-filled celebration of the beloved 1939 fantasy masterpiece starring Judy Garland. It's all here from L. Frank Baum and his Oz novels to the complete background story of the movie's conception, development, and shoot, with special attention given to the little-known parade of uncredited directors, casting difficulties, and on-set accidents and gaffes, as well as more than 75 sidebars devoted to key cast members, directors, and other behind-the-scenes personnel. You'll find a wealth of fun facts: How MGM overworked Judy Garland before, during, and after Oz; why director Victor Fleming had his hands full with the Cowardly Lion and Dorothy's other friends; what it was about Toto that really bothered Judy; the physical horrors of filming in Technicolor; the racial Oz gag that was scripted but never shot; when the Wicked Witch was going to be beautiful; why The Wizard of Oz owes a lot to silent-screen star Mary Pickford; the story of deleted scenes, and a full two weeks of shooting that had to be scrapped; why MGM star Mickey Rooney was part of the movie's traveling publicity blitz; how the Wicked Witch was literally blown off her broomstick one day; the place where lions, tigers, and bears really do live together; singers you hear but never see; the day MGM fired Judy Garland; and much more. Just follow the yellow brick road!

Harold Arlen and His Songs Walter Frisch, 2024-07-17 *Harold Arlen and His Songs* is the first comprehensive book about the music of one of the great song composers of the twentieth century. Arlen wrote many standards of the American Songbook—including *Get Happy*, *Over the Rainbow*, *Stormy Weather*, *Come Rain or Come Shine*, and *The Man That Got Away*—that today rank among the best known and loved. Author Walter Frisch places these and other songs in the context of a long career that took Arlen from Buffalo, New York; to Harlem's Cotton Club; to Broadway stages; and to the film studios of Hollywood. Even with their complex melodies, harmonies, and formal structures, Arlen's tunes remain accessible and memorable. As Frisch shows, he blended influences from his father's Jewish cantorial tradition, his experience as a jazz arranger and performer, and peers like Gershwin, Kern, and Berlin. Arlen always emphasized the collaborative nature of songwriting, and he worked with the top lyricists of his day, including Ted Koehler, Yip Harburg, Johnny Mercer, and Ira Gershwin. *Harold Arlen and His Songs* is structured around these and Arlen's other partnerships, analyzing individual songs as well as the shows or films in which they appear. The book also treats Arlen's performances of his own music as a vocalist and pianist, through numerous recordings and appearances on radio and television. A final chapter explores the interpretations of his songs by great singers, including many who worked with him, among them Ethel Waters, Lena Horne, Judy Garland, Frank Sinatra, and Ella Fitzgerald.

Game Boys Michael Kane, 2008-06-19 A year inside the fierce rivalries and big business of competitive videogaming. A technology-fueled spin on a classic sports tale, *Game Boys* profiles cyber-athletes who compete for dominance in the professional gaming circuit, a world populated with rivalries, big egos, corporate sponsorships, and large cash prizes. Michael Kane's pioneering account of the lifestyle and business of gaming takes readers to the heart of e-sports, what many consider the successor in sports entertainment to the X-games and competitive poker. Following the top teams—3D and CompLexity, a rivalry as bitter as the Yankees versus the Red Sox—Kane profiles the star players as they cheat, strategize, sign with rival teams, and get berated by sideline-pacing coaches. Are gamers really the athletes of tomorrow? They act like they are. A lively tour of the quirks and dramas of a subculture on the cusp of big things, *Game Boys* is a tale of sports glory and a glimpse into the lucrative business of gaming.

What They'll Never Tell You about the Music Business Peter M. Thall, 2016 This insider guide discloses the hidden dynamics and often unfortunate consequences of what really happens when a deal is prepared, contracts are signed, and promises are made—and alerts musicians, attorneys, songwriters, and anyone else interested in the music business to the potent dangers lurking beneath the surface of this incredibly competitive industry.

The Great American Songbook Steven Suskin, 2023-04-01 In an age of ubiquitous music and countless new songs releasing every minute, the Great American Songbook endures. After all, the Songbook—that sprawling canon of popular songs, standards, and show tunes from roughly the 1920s through the 1950s—is a foundational text of American pop music.

Rare indeed is the song that doesn't in some way draw on this magnificent corpus, and rare is the person who hasn't heard at least a few of its most enduring melodies. Nonetheless, the Songbook is broader and deeper than most listeners can imagine, and on the margins, the question of whether this or that song should be included is the source of regular arguments among scholars and buffs alike. Attempting to plumb its depths can be a daunting prospect. Enter Steven Suskin, who has been writing about music since the days that Rodgers, Arlen, and Berlin still roamed the streets of Manhattan. In this carefully curated and cheerfully opinionated guidebook, Suskin surveys 201 of the most significant selections from the Songbook, ranging from celebrated masterpieces to forgotten gems. Year by year, he puts songwriters and their contributions in their context, and explains what makes each song such a distinctive treat—whether felicitous melody, colorful harmony, compositional originality, or merely the sheer, irreducible joy of listening to it. Old and new favorites await all readers of this painstakingly compiled, enthusiastically written catalog.

The Songs of Hollywood Philip Furia, Laurie Patterson, 2010-04-07 From Over the Rainbow to Moon River and from Al Jolson to Barbra Streisand, *The Songs of Hollywood* traces the fascinating history of song in film, both in musicals and in dramatic movies such as *High Noon*. Extremely well-illustrated with 200 film stills, this delightful book sheds much light on some of Hollywood's best known and loved repertoire, explaining how the film industry made certain songs memorable, and highlighting important moments of film history along the way. The book focuses on how the songs were presented in the movies, from early talkies where actors portrayed singers performing the songs, to the Golden Age in which characters burst into expressive, integral song—not as a performance but as a spontaneous outpouring of feeling. The book looks at song presentation in 1930s classics with Fred Astaire and Ginger Rogers and in 1940s gems with Judy Garland and Gene Kelly. The authors also look at the decline of the genre since 1960, when most original musicals were replaced by film versions of Broadway hits such as *My Fair Lady*.

Walking the Llano Shelley Armitage, 2016-02-15 When American explorers crossed the Texas Panhandle, they dubbed it part of the "Great American Desert." A "sea of grass," the llano appeared empty, flat, and barely habitable. Contemporary developments—cell phone towers, oil rigs, and wind turbines—have only added to this stereotype. Yet in this lyrical ecomemoir, Shelley Armitage charts a unique rediscovery of the largely unknown land, a journey at once deeply personal and far-reaching in its exploration of the connections between memory, spirit, and place. Armitage begins her narrative with the intention to walk the llano from her family farm thirty meandering miles along the Middle Alamosa Creek to the Canadian River. Along the way, she seeks the connection between her father and one of the area's first settlers, Ysabel Gurule, who built his dugout on the banks of the Canadian. Armitage, who grew up nearby in the small town of Vega, finds this act of walking inseparable from the act of listening and writing. "What does the land say to us?" she asks as she witnesses human alterations to the landscape—perhaps most catastrophic the continued drainage of the land's most precious resource, the

Ogallala Aquifer. Yet the llano's wonders persist: dynamic mesas and canyons, vast flora and fauna, diverse wildlife, rich histories. Armitage recovers the voices of ancient, Native, and Hispano peoples, their stories interwoven with her own: her father's legacy, her mother's decline, a brother's love. The llano holds not only the beauty of ecological surprises but a renewed realization of kinship in a world ever changing. Reminiscent of the work of Terry Tempest Williams and John McPhee, *Walking the Llano* is both a celebration of an oft-overlooked region and a soaring testimony to the power of the landscape to draw us into greater understanding of ourselves and others by experiencing a deeper connection with the places we inhabit.

Piano For Dummies Hal Leonard Corporation, 2020-06-23 The key to fast and fun piano proficiency! Whether you're a wannabe Mozart or are an experienced hand at tinkling the ivories, the latest edition of *Piano For Dummies* has what you need to take you to the next level in making beautiful music using this much-loved and versatile instrument. Working as an introductory course—or as a refresher to keep those fingers nimble—you'll find information on getting started, improving your technique and performance, and the best ways to practice until you hit finely tuned perfection. And, along the way, you'll pick up the techniques for different styles, including classical, blues, and rock. In an easy-to-follow style, the book also helps you sharpen your sight-reading. You can also tune in to audio and video online to help you improve your creativity and discipline, as well as hear and see that you're hitting the right notes. Choose the right piano Know your keys Scale up for success Care for your instrument Whatever you want from your love affair with the old "88," you'll find enough right here to keep you hammering happily—and even more proficiently—away for years to come! P.S. If you think this book seems familiar, you're probably right. The Dummies team updated the cover and design to give the book a fresh feel, but the content is the same as the previous release of *Piano For Dummies* (9781118900055). The book you see here shouldn't be considered a new or updated product. But if you're in the mood to learn something new, check out some of our other books. We're always writing about new topics!

Chicken Coop Revisited Alice L. Waltmire, 2012-09-13 In 1932, at age four, Alice moved with her family of five in the dilapidated house on the hill, above the creek bed where hobos, weary of riding the rails looking for work, often camped. The front yard had not a blade of grass and was riddled with gopher holes like the top of a salt or pepper shaker. In the upcoming years, the United States teetered on whether to enter the war already begun in Europe. Alice chronicles the vicissitudes of The Great Depression and perilous war years, while she and her family coped with the challenges of living their ordinary lives. The author brings warmth and humor as she relates wildly off-beat and entertaining incidents that lift the spirit with the joys of living, no matter the clouds of history.

Warman's Americana & Collectibles Ellen Schroy, 2004-12-18 Provides descriptions and price listings for such American antiques as pottery, games, comic books, cookie cutters, children's toys, and beer bottles.

Over The Rainbow Piano Sheet Music Book Review: Unveiling the Magic of Language
