**Edwin and John** James Sears,2009-04-10 In Edwin and John, award-winning author James T. Sears interweaves diaries, letters and poems to craft an innovative first-person narrative history that details the hard realities of growing up gay in the South during the early decades of the 20th century. Set against the backdrop of World War II and the post-war South, Edwin and John, provides a unique and intimate approach to queer history by following the 50 year relationship between John Zeigler and Edwin Peacocke that carried them both from their roots in the conservative South, through service in World War II, and into a placid and loving literary life where they opened a bookshop in what was then the small town of Charleston, South Carolina. Edwin and John is a revealing look at queer history, detailing how these two men and their remarkable circle of close friends--which included some of the greatest writers and artists of their era including Prentiss Taylor, Carson McCullers, and John Bennett--endured war, intolerance, and jealousies, while living proud and public lives in far more conservative times.

Conway Susan Hoffer McMillan,2014 Conway was established in 1732 as Kingston, the principal seat of Kingston Township, but was renamed in honor of local politician Robert Conway, who distinguished himself in war service under the heroic Swamp Fox, Francis Marion, following the American Revolution. Situated where Kingston Lake joins the Waccamaw River, Conway was originally isolated by wetlands and developed slowly, primarily supported by subsistence farmers in surrounding Horry County. Lacking the tidal rivers of remaining coastal South Carolina, area residents harvested turpentine and timber, improved transportation via steamboats and trains, and cultivated tobacco and tourism as the 20th century spawned nearby Myrtle Beach. Today, Conway reveres its 1825 Robert Mills Courthouse anchoring a picturesque downtown highlighted by moss-draped live oaks and a Main Street bridge beckoning visitors to frequent festivals, live theatre, and a scenic river walk.

**Horry County, South Carolina, 1730-1993** Catherine Heniford Lewis,1998 The story of South Carolina's northeastern corner, which suggests that its past does not fit neatly into South Carolina history. The book demonstrates Horry County's political, social and economic differences from other regions of the state.

**Freedom's Sons** H. A. Covington,2013-09-24 Freedom's Sons is the fifth and last in underground cult novelist H.A. Covington's series of Northwest Independence novels. In the first four novels--A Distant Thunder, A Mighty Fortress, The Hill Of The Ravens, and The Brigade--we followed the path of the War of Independence when in the not-so-distant future, the people of the Pacific Northwest fought a five-year guerrilla war against the overbearing tyranny of Washington, D.C., and finally established the Northwest American Republic as an independent nation. Freedom's Sons chronicles the first fifty years of the NAR's existence as a country and a new society, including the struggle against crushing economic sanctions imposed by the outside world, as well as an attempt by the enraged Americans to reconquer the Northwest with a military invasion. The novel follows the fortune of three families, one of former rebel guerrilla fighters from the Northwest Volunteer Army, one Unionist, and one refugee family who flees to the Republic from the collapsing U.S.A. Freedom's Sons is a story of redemption and the triumph of the human spirit over the darkness now engulfing the world.

**Edwin and John** James Thomas Sears,2009 This book interweaves diaries, letters, and poems into a first-person narrative history that details the realities of growing up gay in the South during the early decades of the 20th century.

**City of the Silent** Ted Phillips, Jr.,2022-10-10 A guide to more than two hundred of the most famous, infamous, and influential individuals now interred in the iconic Charleston landmark Charleston is a city of stories. As in any city of historical significance, some of its best stories now lie buried with its dead. Ted Ashton Phillips, Jr., was custodian of many of the stories of those Charlestonians interred in Magnolia Cemetery, the picturesque burial ground located along the Cooper River north of downtown. Phillips's fascination with Magnolia began at the age of sixteen, when he worked there as a groundskeeper and assistant gravedigger. He followed his passion into the research represented in this collective biography of more than two hundred representative Charlestonians from many eras, now buried among the thirty thousand permanent residents of Magnolia Cemetery. Taking its title from the poem that William Gilmore Simms delivered at the 1850 consecration of the cemetery, City of the Silent is a unique guide to some of the complex personalities who have contributed to the Holy City's rich culture. The book includes entries on writers, artists, statesmen, educators, religious leaders, scientists, war heroes, financiers, captains of industry, slave traders, socialites, criminals, victims, and others. Some of these men and women are as distinguished as author Josephine Pinckney, civil rights champion J. Waties Waring, and artist Alice Ravenel Huger Smith. Others are as notorious as bootlegger Frank Rumpty Rattles Hogan, adulterous killer Dr. Thomas McDow, and brothel-keeper Belle Percival. Most of Phillips's subjects achieved prominence while alive, but a few are better known for their manner of death. The members of the third and final crew of the Confederate submarine H. L. Hunley,

interred with great ceremony in 2004 after the discovery of their vessel in Charleston harbor, are among the newest Magnolia residents depicted in the portrait gallery. Each authoritative profile offers a vivid depiction of a memorable individual rendered in conversational tone with refreshing wit and apt anecdotes. These artfully braided stories describe an intricate network of family ties, civic institutions, business enterprises, and local landmarks. Together the biographies provide an affectionate, insightful history of an influential society and establish Magnolia as a center of community traditions that extend from the mid-nineteenth century to the present. *City of the Silent* is a celebration of intertwining lives and an engrossing account of Charleston's past as witnessed by those no longer able to tell their own tales. In addition to the biographical sketches, *City of the Silent* includes a foreword by Josephine Humphreys, Charleston writer and longtime friend of the author, and an afterword by Phillips's daughter Alice McPherson Phillips. The volume also features an introductory essay by historian Thomas J. Brown examining how the cemetery became a leading site of historical memory in the aftermath of the Civil War, and sets of maps and thematic tours that invite visitors to locate the featured graves within Magnolia's evocative grounds.

The Devil at His Elbow Valerie Bauerlein, 2025-06-03 INSTANT NEW YORK TIMES BESTSELLER • “The definitive account of the Murdaugh murders. Forget the podcasts, the TV specials, and the documentaries—this is the version of the story you’ll want to read. And once you pick it up, you won’t be able to put it down.”—John Carreyrou, Pulitzer Prize winner and bestselling author of *Bad Blood* Power, privilege, and blood—this is the true story of Alex Murdaugh’s violent downfall, from a veteran Wall Street Journal reporter who has become an authority on the case. Alex Murdaugh was a benevolent dictator—the president of the South Carolina trial lawyers’ association, a political boss, a part-time prosecutor, and a partner in his family’s law firm. He was always ready with a favor, a drink, and an invitation to Moselle, his family’s 1,700-acre hunting estate. The Murdaugh name ignited respect—and fear—for a hundred miles. When he murdered his wife, Maggie, and son Paul at Moselle on a dark summer night, the fragile façade of Alex’s world could no longer hold. His forefathers had covered up a midnight suicide at a remote railroad crossing, a bootlegging ring run from a courthouse, and the attempted murder of a pregnant lover. Alex, too, almost walked away from his unspeakable crimes with his reputation intact, but his downfall was secured by a twist of fate, some stray mistakes, and a fateful decision by an old friend who’d finally seen enough. Why would a man who had everything kill his wife and grown son? To unwind the roots of Alex’s ruin, award-winning journalist Valerie Bauerlein reported not just from the courthouse every day but also along the backroads and through the tidal marshes of South Carolina’s Lowcountry. When the jurors made their pilgrimage to the crime scene, trying to envision Maggie and Paul’s last moments, she walked right behind them, sensing the ghosts that haunt the Murdaughs’ now-shattered legacy. Through masterful research and cinematic writing, *The Devil at His Elbow* is a transporting journey through Alex’s life, the night of the murders, and the investigation that culminated in a trial that held tens of millions spellbound. With her

stunning insights and fearless instinct for the truth, Bauerlein uncovers layers of the Murdaugh murder case that have not been told.

*Next Stop, Eternity* Charles Kelly, 2016-04-27 The late Reverend C. M. Kelly witnessed thirty-four executions while he served as the chaplain for the South Carolina State Penitentiary. Sue Logue, a school teacher, was the first woman ever electrocuted in South Carolinawith a dispute over three dollars leading to eight deaths. From Sue Logue to George Stinney Jr., a fourteen-year-old black youth who was executed for the murder of two white girlshis conviction now overturned in 2014Rev. Kellys powerful accounts reflect the uneven social conditions of the twenties, thirties, and forties. In *Next Stop, Eternity*, author Charles Kelly shares both the history and moving personal accounts of the thirty-four executions his father C. M. Kelly witnessed during his death-house ministry in South Carolina. Rev. Kellys ministry had a profound effect on those who were put to death, and the hope is that these stories shine a light on the crimes and punishments of this eraan era of racial tensions and controversy about the death penalty. As much about compassion, grace, and understanding as they are about justice, criminal history, and the law, Rev. Kellys stories and personal accountsalong with his sons careful historyprovide a compelling and engaging window into a charged time of American history, both social and legal. These stories illustrate the unjust racial conditions that were so prevalent during the 1940s and the extreme brutality of which human beings are capable, regardless of ethnicity, creed, or color.

**The Abandonment of Settlements and Regions** Catherine M. Cameron, Steve A. Tomka, 1993-07-08 Groups of people abandoned sites in different ways, and for different reasons. And what they did when they left a settlement or area had a direct bearing on the kind and quality of cultural remains that entered the archaeological record, for example, whether buildings were dismantled or left standing, or tools buried, destroyed or removed from the site. Contributors to this unique collection on site abandonment draw on ethnoarchaeological and archaeological data from North and South America, Europe, Africa, and the Near East.

Becoming Southern Writers Orville Vernon Burton, Eldred E. Prince, Jr., 2016-05-15 Southern writers, historians, and artists celebrate the life and career of a beloved mentor, friend, and colleague Edited by southern historians Orville Vernon Burton and Eldred E. Prince, Jr., *Becoming Southern Writers* pays tribute to South Carolinian Charles Joyner's fifty year career as a southern historian, folklorist, and social activist. Exceptional writers of fact, fiction, and poetry, the contributors to the volume are among Joyner's many friends, admirers, and colleagues as well as those to whom Joyner has served as a mentor. The contributors describe how they came to write about the South and how they came to write about it in the way

they do while reflecting on the humanistic tradition of scholarship as lived experience. The contributors constitute a Who's Who of southern writers—from award-winning literary artists to historians. Freed from constraints of their disciplines by Joyner's example, they enthusiastically describe family reunions, involvement in the civil rights movement, research projects, and mentors. While not all contributors are native to the South or the United States and a few write about the South only occasionally, all the essayists root their work in southern history, and all have made distinguished contributions to southern writing. Diverse in theme and style, these writings represent each author's personal reflections on experiences living in and writing about the South while touching on topics that surfaced in Joyner's own works, such as race, family, culture, and place. Whether based on personal or historical events, each one speaks to Joyner's theme that all history is local history, somewhere.
