

Mitcham Private Sleep School

Samuel W. Mitcham Jr.

Sands & McDougall's South Australian Directory with which is Incorporated Boothby's South Australian Directory, 1901

Rommel's Lieutenants Samuel W. Mitcham, 2008-12-17 Covers Erwin Rommel's World War II battles before he led the legendary Afrika Korps. First work to recognize the talented staff officers and company, battalion, and regimental commanders who supported Rommel. One of the most famous soldiers to fight in World War II, Erwin Rommel achieved immortality as the Desert Fox in the sands of Africa, but his first field command was the 7th Panzer Division, the so-called Ghost Division. During the 1940 campaign in France, the unit suffered more casualties than any other German division and at the same time inflicted heavy losses on the Allies, taking almost 100,000 prisoners. The Ghost Division's success owed much to Rommel's subordinates, who aided Rommel more than he admitted in his papers and whom historians have generally overlooked. This book remedies that oversight.

Rommel's Desert Commanders Samuel W. Mitcham Jr., 2007-02-28 Perhaps the most famous and admired soldier to fight in World War II was Field Marshal Erwin Rommel, who achieved immortality as the Desert Fox. Rommel's first field command during the war was the 7th Panzer Division—also known as the Ghost Division—which he led in France in 1940. During this campaign, the 7th Panzer suffered more casualties than any other division in the German Army, at the same time inflicting a disproportionate number of casualties upon the enemy. It took 97,486 prisoners, captured 458 tanks and armored vehicles, 277 field guns, 64 anti-tank guns and 4,000 to 5,000 trucks. It captured or destroyed hundreds of tons of other military equipment, shot down 52 aircraft, destroyed 15 more aircraft on the ground, and captured 12 additional planes. It destroyed the French 1st Armored Division and the 4th North African Division, punched through the Maginot Line extension near Sivry, and checked the largest Allied counteroffensive of the campaign at Arras. When France surrendered, the Ghost Division was within 200 miles of the Spanish border. No doubt about it—Rommel had proven himself a great military leader who was capable of greater things. His next command, in fact, would be the Afrika Korps, where the legend of the Desert Fox was born. Rommel had a great deal of help in France—much more than his published papers suggest. His staff officers and company, battalion, and regimental commanders were an extremely capable collection of military leaders that included 12 future generals (two of them SS), and two colonels who briefly commanded panzer divisions but never reached general rank. They also included Colonel Erich von Unger, who would no doubt have become a general had he not been killed in action.

while commanding a motorized rifle brigade on the Eastern Front in 1941, as well as Karl Hanke, a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer-SS. No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940. No one has ever attempted to tell their stories. This book remedies that deficiency.

The Rise of the Wehrmacht Samuel W. Mitcham Jr., 2008-06-30 The Rise of the Wehrmacht is the first comprehensive work to deal with the German war effort in World War II from this point of view. Its uniqueness lies in the fact that it covers the entire war effort from the point of view of the German military that actually conducted and fought the war, something that has never been done before on this scale. Excellent books have been written about the German Army, Navy, the Luftwaffe, and the SS, as well as about the Panzer branch, the parachute arm, the U-Boat forces, etc., but this is the first to cover them all in depth. Mitcham also covers the German Wehrkreise (roughly translated as military district) system in depth and recognizes its importance, both in the formation and expansion of the German Army before the war and in its continuing importance throughout the conflict. He deals with the German rearmament in greater depth and detail than has been done before, points out the importance of the police in the development of Germany's reserves before and during World War II, and offers new insights into the evolution and development of the German military doctrine of Kesselschlacht (the decisive battle of encirclement and annihilation). In addition, The Rise of the Wehrmacht explains the problems the Wehrmacht faced because of its too rapid expansion. This expansion was far more rapid than the German generals intended and resulted in many problems, especially in terms of equipment shortages and a shortage of qualified officers. Finally, Mitcham addresses the contributions of the Hitler Youth to the war effort, where their work on farms, fire and rescue crews, in nursing, and as postal workers, for example, provided essential services to German infrastructure.

The Spectator ,1856

Rommel's Desert Commanders Samuel W. Mitcham, 2008-07-07 New perspective on the most famous campaign of the legendary Desert Fox Details on the contributions and animosities of Rommel's subordinates Includes accounts of Tobruk, Gazala, El Alamein, and other battles In Libya and Egypt in 1941 and 1942, German Field Marshal Erwin Rommel achieved immortality as the Desert Fox, battling and usually defeating numerically superior enemies. Until now, historians have generally overlooked the talented cast of characters who supported Rommel during this campaign. Distinguished military historian Samuel Mitcham recounts the battles of the Afrika Korps through the men who served Rommel as staff officers and commanders of divisions, regiments, and battalions--soldiers like Ludwig Crüwell and Walter Nehring, two of World War II's best panzer commanders, and Ernst-Günther Baade, who wore a kilt and carried a broadsword into battle.
