Philippine History M.c. Halili, 2004

A History of the Philippines David Prescott Barrows, 1911

A History of the Philippines Renato Constantino, Letizia R. Constantino, 1975 Unlike other conventional histories, the unifying thread of *A History of the Philippines* is the struggle of the peoples themselves against various forms of oppression, from Spanish conquest and colonization to U.S. imperialism. Constantino provides a penetrating analysis of the productive relations and class structure in the Philippines, and how these have shaped—and been shaped by—the role of the Filipino people in the making of their own history. Additionally, he challenges the dominant views of Spanish and U.S. historians by exposing the myths and prejudices propagated in their work, and, in doing so, makes a major breakthrough toward intellectual decolonization. This book is an indispensable key to the history of conquest and resistance in the Philippine.

The History of the Philippines Kathleen Nadeau,2020-04-03 Explore the rich history of the Philippines from pre-colonial times through to the political, cultural, and environmental events of the 2010s. Readers will find a wealth of information on pre-colonial and post-colonial historical periods, covering the Philippines' earliest inhabitants. Also covered are the modern tyrannical periods of the Marcos dictatorship and former President Duterte's controversial war on drugs, as well as the more optimistic and promising presidencies in between. Among the many topics covered in this second edition are the feminization of outmigration that peaked at the end of the 20th century, globalization and the spread of export processing zones, and the impact of the call center culture coupled with that of the overseas diaspora on the changing structure of the traditional family. Ideal for high school and undergraduate readers, this volume includes expanded and new chapters, as well as an updated timeline and annotated bibliography.
