The Encyclopedia of Ailments and Diseases Jacques Martel, 2020-11-17 A comprehensive reference and healing tool to address the emotional and psychological causes of illness • Uncovers the conflicted conscious or unconscious feelings, thoughts, and emotions at the root of nearly 900 ailments and diseases • Details a unique Integration and Acceptance Technique for accessing information through the heart and thereby starting the healing process for emotions and feelings • Provides positive affirmations to effect change for each ailment and disease What if your body used a secret language to talk to you? What if an ailment or illness was your body's way to shout for help, to make you understand that you need to change your thoughts, emotions, feelings, and behaviors? Your body wants you to become aware of the stress that you carry, conscious or not, so you can release unmanaged past and present emotions and the physical complaints that accompany them. Compiling years of research and the results of thousands of cases he encountered in his private practice and during workshops over the past 30 years, Jacques Martel explains how to read and understand the body's language of disease and imbalance. In this encyclopedia, he shows how body language reveals specific thoughts, feelings, and emotions that are at the source of nearly 900 different ailments and diseases. The author also details his Integration and Acceptance Technique, which enables healing information to bypass the brain and connect directly with the heart. This technique disables the source of the conflict, conscious or not, that could be at the root of an illness, behavior, or condition and improves the chances of true healing. This comprehensive manual offers a tool to help each of us become, to some extent, our own doctor or therapist, get to know ourselves better, and recover health and well-being physically, emotionally, mentally, and spiritually. For practitioners and therapists, this remarkable reference tool provides invaluable insights and prompts for healing.

What Your Aches and Pains Are Telling You Michel Odoul, 2018-01-09 Reveals the precise correspondences between specific emotional and mental tensions and the illnesses and traumas of the body • Explains how physical complaints--energetic disturbances that lead to ailments or chronic conditions--are your soul speaking to you • Shows how the body part affected as well as which side it is on pinpoints what your soul is trying to tell you and what you need to work through emotionally • Explains the Yin-Yang energetic correspondences of the body: the Yang axis of the shoulders, the Yin axis of the hips, and the Yin-Yang maternal/paternal connections Our body speaks. Physical complaints--allergies, fever, sore throat, inflammation, cysts, backache, migraines, sinus problems, sciatica, dizzy spells, and even cancer--are all signs of deep tensions inside of us are seeking expression. This is why, given the same genetic foundation, one individual develops a specific illness while another remains in good health. Drawing on 20 years of experience and several thousand individual consultations with patients, Michel Odoul shows the “proof” of this lies in the clear correspondences between emotional and mental tensions and specific ailments. The author reveals how every illness or trauma is a signal of incredible precision: The part of the body affected pinpoints what your inner being is trying to tell you and what you need to work through emotionally. Providing a reference grid of body-mind connections, he explains, for example, how skin conditions reflect difficulties with aggression from the outside world and knee problems indicate inflexibility or tension in relationships. He shows not only how each side of the body has specific meanings and connections to emotions, relationships, and family but also how the upper and lower halves of the body have specific connections--together forming four quadrants with unique Yin-Yang balances, where Yin represents emotional issues and Yang represents action/inaction. He also explores the role of the meridians of Chinese medicine in distributing emotional and mental energy throughout the body. Offering keys to decipher what the body is trying to tell us, the author shows that we can learn to see physical ailments not as something caused by chance or fate but as a message from our heart and soul. By releasing the energies and patterns they point to, we can return to a state of health and forward movement on our path through life.

Bioharmonic Self-Massage Yves Bligny, 2011-09-16 Self-massage techniques to heal the body, mind, and spirit • Includes self-massage techniques to clear the body's blocked energy circuits, relieve physical tensions and chronic pain, release trapped emotions, and reduce stress and anxiety • Contains full-color illustrations throughout demonstrating bioharmonic massage, movement, and stretching exercises • Demonstrates how to use common objects to work on hard-to-reach problem areas, including the neck, shoulders, and back, to relieve pain and increase fluidity of movement Drawing upon biological decoding, reflexology, lymph massage, and yoga as well as recent neuroscience and quantum physics research, therapist and kinesiologist Yves Bligny shows how to awaken the body's natural potential to harmonize energy through the release of tensions and emotional memories trapped within our muscles. He explains how the synergy between the physical body, emotions, thoughts, energy, and consciousness creates a delicate balance, or "bioharmony," that can be tuned and adjusted through self-massage. Using the power of intention--directed thought aided by expanded awareness of the body--as well as tubes, wands, tennis balls, and other common objects to reach hard-to-massage problem areas, Bligny shows how to take inventory of your body, mind, and memories and use the conscious touch of self-massage to remove energy blockages, release trapped emotions, and relieve anxieties, stress, and muscle tensions as well as gain stability and strength. Effective for chronic back, neck, and shoulder problems, the movements and stretching exercises of bioharmonic self-massage can also be used to increase fluidity of motion, ward off illness, and attain a state of bioharmonic--physical, emotional, mental, and energetic--well-being.

The Science of Spiritual Healing Daniel Perret, 2010-12-20 Spiritual healing and personal development is linked to the healing of the planet as a whole and to all the sentient beings. This book is inspired by the teachings of the Irish healer Bob Moore (1928-2008) and describes the inner process of development that leads to spiritual healing. It shows a progressive path that leads back to the origin of our disharmony and in doing so reveals our own source of healing. An integration of western scientific methods with the eastern introspective research.

Et si la mort était la chance de ta vie ? Adrien Christ, 2023-06-15 23 Juin 2019, mon père m'appelle pour m'annoncer le décès de ma mère. L'annonce de jour sombre est à venir, mais ça je le découvrirai avec le temps et l'expérience. Néanmoins avant de plonger dans les ténèbres, une pensée ma traversée l'esprit. Cette idée fulgurante m'a permis de survivre au delà du deuil, de la dépression encore mieux elle m'a permis de renaître au travers d'un vécu mortuaire. Cette idée est véritablement devenue une philosophie de vie, elle est l'essence même pour traverser tout type d'épreuve, que ce soit le deuil, la dépression, ou les coups durs de la vie. Elle éclaire le chemin dans les moments sombres, cruellement douloureux sans issue visible. Entre psychologie et témoignage, ce livre est un partage d'expérience de vie au travers de la mort et du deuil, afin d'apprendre à sublimer tout ce qu'il y a de plus sombre.

Vous avez dit prostate ? Christian Brun, 2013-09-04 Pourquoi ce déferlement de mots concernant cette glande

masculine ? Les maladies affectant cet organe chez l'homme de plus de 50 ans sont devenues un véritable problème de santé publique. Aussi entendons-nous régulièrement autour de nous des termes tels que cancer de la prostate, adénome prostatique, toucher rectal, PSA... termes qui sont devenus ces dernières années courants dans notre langage quotidien, même si leur signification exacte reste floue et imprécise pour beaucoup. Savoir et comprendre constituent certainement le facteur principal de prévention pour qui veut bien se porter et éviter les désagréments liés à l'âge. Comment bien gérer et accompagner les problèmes de prostate ? Quels en sont les principaux symptômes et les traitements proposés ? Quelle est la responsabilité de notre hygiène alimentaire et de notre mode de vie ? Autant de questions auxquelles l'auteur Christian Brun, professeur de naturopathie et psychothérapeute, apportera des réponses relevant du bon sens et de la logique. L'optimisme et la bonne humeur de cet ouvrage permettront à chacun de mieux comprendre le message exprimé avec joie, passion et plaisir, ce qui constitue très certainement la première réforme pour qui veut améliorer ou augmenter son capital-santé/vitalité.

La pleine conscience Thierry Chavel, 2012-09-27 Initiation pratique au bonheur professionnel Le travail occupe le plus clair de notre temps. Source d'accomplissement et objet de nos ambitions, il est souvent dans le même temps propice aux frustrations, à la perte de sens et à l'épuisement. Cette dialectique amère n'est pourtant pas une fatalité. Depuis quelques années, un faisceau de disciplines mêlant traditions anciennes et méthodes nouvelles converge autour d'une idée forte : là où l'être précède le faire et l'avoir, la clé de l'épanouissement se trouve en chacun de nous, dans notre propension foncière à faire corps avec ce qui advient. Pour la première fois en France, Thierry Chavel adapte la Pleine Conscience au monde du travail. Sous forme ludique et pratique, il propose une initiation profonde en 22 chapitres : 22 étapes ponctuées d'exercices pour s'entraîner à travailler en pleine conscience de soi, des autres et de l'entre-deux ; 22 étapes pour explorer la vocation qui nous anime toujours derrière la motivation qui nous manque parfois ; 22 étapes pour concilier sagesse personnelle et performance professionnelle.

Vous avez le pouvoir de vous guérir DAVID SAYAG, 2021-04-14 Si en médecine allopathique c'est le médecin qui soigne, en médecine énergétique le praticien stimule des processus naturels afin que le patient retrouve son équilibre et sa santé par lui-même. L'objectif de cet ouvrage est de permettre à chacun d'utiliser facilement les principes communs à toutes les médecines énergétiques - médecine chinoise, ostéopathie, réflexologie, ayurveda, shiatsu, naturopathie - pour libérer les tensions, traiter les douleurs et le stress et faire circuler l'énergie. La méthode proposée s'articule autour de 3 temps : déterminer la nature de la douleur (émotionnelle, physique, mentale), identifier là où elle s'exprime dans le corps (hanche, genou, dos...) et aider l'énergie à circuler librement grâce à des exercices spécifiques.
