The Mariachi Voice Juanita Ulloa,2024 The voice is the most important instrument in Mexican Ranchera (Mariachi) music because the bulk of its repertoire is sung. However, no book on vocal care and production, voice history, diction, technique, graded song lists, and warm-ups for Mariachi singers has been available until now. Dr. Juanita Ulloa has designed The Mariachi Voice to create a bridge between the voice and Mariachi fields, and to extend the reach of training and advocacy for Mariachi vocal training to academic programs, voice studios, and individual singers. Her Operachi style evolved out of her own training, touring, recording, and training of others as a specialist in Mexican and Latin American song. In The Mariachi Voice, Dr. Ulloa shares vocal technique and pedagogy, introducing the female Mariachi fach. She highlights important differences in training the female voice for healthy Ranchera singing while still honoring the style and introduces Mexican Spanish Lyric Diction with International Phonetic Alphabet (IPA). Professor John Nix of University of Texas, San Antonio contributes an article on vocal production and care. Readers will develop cultural sensitivity towards this almost 200-year-old tradition. The Ranchera vocal history chapter explores the crossover classical vocal training of ranchera singer-actors in charro movie musicals, many tracing back to legendary Mexico City based voice teacher José Pierson. It is a wake-up call to raising the standards and accessibility of vocal training. The Mariachi Voice is sure to enrich those who take pride in sharing these songs and their singers as important symbols of Mexico's identity worldwide--

Cultural History of the Guitar in Latin America: News from Argentina, Guatemala, México, and Perú Luis Diaz Santana Garza,2025-03-18 The objective of this book is to disseminate the rich history of the guitar in Latin America, with special emphasis on Mexico, covering a period that goes from the viceregal age to the present day. The collaborators are some of the most outstanding guitarists and researchers of the instrument from Chile, Mexico, Guatemala and the United States. The chapters aim to explore the composers, performers, repertoire and construction of the guitar since the sixteenth century in Latin America and the US, but also to comprehend the social role and economic ecosystem of the instrument. Due to the long chronology proposed, the book not only deals with the modern guitar, but also with the baroque guitar, and there is even a chapter dedicated to the traditional instruments that have historically been heirs to the Spanish guitar. The originality of this work resides in the use of historical and humanistic tools. It is based on a current bibliography, and it is one

of the first books published in English on the history of the guitar in Latin America.

Irás y no volverás Carranza Vera Claudia Verónica, López Torres Nora Danira, Zavala Gomes del Campo Mercedes, 2017-07-18 El lugar de los cuentos conocido como Irás y no volverás es un espacio maravilloso, mágico, imaginado, irreal que también puede convertirse en un espacio geográfico concreto y que sirve como pretexto para hablar del viaje, de todo tipo de viajes: recorridos a pie por caminos desconocidos con el fin de buscar aventuras o cumplir una misión y con el retorno incierto; salidas cotidianas que no deberían implicar peligro alguno; viajes planeados sin recorrer espacios y viajes por distintos mundos en un instante.
