

El Trptico De Los Encantados

Pepo Pérez

New Journeys in Iberian Studies Mark Gant,Anneliese Hatton,Paco Ruzzante,2018-07-27 The research collected in this volume consists of 18 chapters which explore a number of key areas of investigation in contemporary Iberian studies. As the title suggests, there is a strong emphasis on trans-national and trans-regional approaches to the subject area, reflecting current discourse and scholarship, but the contributions are not limited by these approaches and include an eclectic range of recent work by scholars of history, politics, literature, the visual arts and cultural and social studies, often working in transdisciplinary ways. The geographical scope of the transnational processes considered range from intra-Iberian interconnections to those with the UK, Italy and Morocco, as well as transatlantic influences between the Peninsula and Argentina, Cuba and Brazil. The book opens up some pioneering new directions in research in Iberian studies, as well as variety of fresh approaches to hitherto neglected aspects of more familiar issues.

Dibujando historias ,2021-09-24 El contenido narrativo que resulta inherente al cómic, en sus diferentes prismas, desde la forma en la que la narración condiciona a las imágenes hasta la diferenciación que posee la narración en viñetas con respecto a otros medios expresivos, busca «dejarse ver» a través de esta publicación. En ella han participado algunos de los especialistas e investigadores nacionales e internacionales más destacados en el estudio de la historieta. Continúa la línea iniciada por Nuevas visiones sobre el cómic. Un enfoque interdisciplinar, tratando de constituirse como un fuerte cimiento para seguir levantando nuestros conocimientos sobre el Noveno Arte.

En los márgenes de la ciudad, del arte y de la crítica Biedermann, Anna,Lázaro Sebastián, Francisco J.,Sanz Ferreruela, Fernando,2018-03-12 El presente libro pretende reflexionar en torno a las manifestaciones artísticas que podemos considerar en los márgenes, entendiendo como tales aquellas menos convencionales y canónicas (como el street art, la performance, el videoarte, el cómic, el cartel, la publicidad, etc.) y, en particular, las que pueden englobarse bajo el paraguas del arte urbano y las manifestaciones audiovisuales, prestando además especial atención al campo de la crítica de arte, siempre vinculada con estos ámbitos.
