Lecciones de Derecho Civil para estudiantes de Ciencias Económicas. Volumen III Colombato, Lucía Carolina, Martínez, Norma Beatriz, Cajigal Cánepa, Ivana, 2021-09-01 Este libro es el tercer volumen de una obra que pretende aportar lecturas de guía y estrategias didácticas para la preparación de la asignatura Derecho Civil, que integra el ciclo básico común de las tres carreras de Ciencias Económicas (Contador Público Nacional, Licenciatura en Administración con orientación en Emprendedurismo y Tecnicatura Universitaria Administrativo Contable Impositiva) de la Universidad Nacional de La Pampa. En este volumen, se desarrollan los elementos fundamentales del derecho de daños, desde el análisis de las funciones preventiva, resarcitoria y punitiva que estructuran el nuevo sistema de responsabilidad civil en Argentina. También se abordan las instituciones del derecho de familia, con especial énfasis sobre aquellas vinculadas al régimen patrimonial del matrimonio. Finalmente, se analizan las nociones fundamentales del régimen sucesorio en el Código Civil y Comercial, focalizando en los aspectos que mayor vinculación tienen con el ejercicio profesional de las ciencias económicas.

Research Ethics in the Digital Age Farina Madita Dobrick, Jana Fischer, Lutz M. Hagen, 2017-12-08 The book discusses the multiple issues of a digital research ethic in its interdisciplinary diversity. Digitization and mediatization alter social behavior and cultural traditions, thereby generating new objects of study and new research questions for the social sciences and humanities. Furthermore, mediatization and digitization increase the data volume and accessibility of (quantitative) research and proliferate methodological opportunities for scientific analyses. Hence, they profoundly affect research practices in multiple ways. While consequences concerning the subjects, objects, and addressees of research in the social sciences and humanities have rarely been reflected upon, this reflection lies at the center of the book.

La Reforma Universitaria Universidad Nacional de La Pampa, 2018-05-01 La intención de La Reforma Universitaria. Reflexión y propuesta para un siglo: 1918-2018, es en el centenario de los hechos acaecidos de Córdoba, un aporte a una reflexión para la defensa de los principios de la participación democrática y estudiantil, la autonomía, la libertad de cátedras, la calidad académica y la apertura de la Universidad a la sociedad.

Qué pudo y qué no pudo el Estado Mariana Heredia, 2022-10-24 En la Argentina, la pandemia de covid-19 agravó una situación ya de por sí dramática. ¿Cómo reaccionó el Estado frente a la emergencia? ¿Confirmó ese cliché arraigado de que tenemos un Estado bobo que hace todo mal? ¿No es hora ya de contar con un balance serio que evite las conclusiones

rápidas o engañosas, y sobre todo que sirva para el futuro? Este libro evalúa exhaustivamente cómo funcionaron las políticas públicas en esos meses febriles y abre la oportunidad de preguntarnos qué aprendizajes pueden extraerse de una experiencia inédita. A partir de una investigación realizada en tiempo real en varias ciudades del país, representativas de la heterogeneidad federal, autoras y autores ponen la lupa en los dos principales programas lanzados por el gobierno: la Asistencia de Emergencia al Trabajo y la Producción (ATP), destinado a empresas y trabajadores registrados, y el Ingreso Familiar de Emergencia (IFE), para quienes no contaban con vínculos laborales formales o tenían fuentes de ingreso precarias. Analizando estas políticas desde todos los ángulos, muestran cómo se decidieron y diseñaron en tiempo récord bajo la épica de la urgencia, con qué infraestructura contaban para sortear el riesgo de dar de más o dar de menos, qué significaron para los empresarios y para los trabajadores formales, cómo vivieron el impacto los sectores medios muy críticos de los planes que por primera vez debían recurrir a la ayuda estatal, qué rol jugaron los intendentes y gobernadores, de qué modo las plataformas digitales de la AFIP y la Anses requirieron de mediadores (vecinos, militantes, sacerdotes, contadores) para facilitar los trámites. Así, revelan cómo mientras el ATP fue modificándose con versatilidad a medida que la economía se abría, el IFE mostró los límites del Estado para registrar y llegar a una población vulnerable que estaba por completo fuera de su radar. En la medida en que la economía no logre volver a crecer de manera sostenida y que el empleo formal no consiga integrar a gran parte de los argentinos, las políticas de asistencia estarán destinadas a perpetuarse. Este libro es una contribución imprescindible para reconocer lo que fuimos capaces de hacer y un llamado a conservar algo de inteligencia y pasión para aprender de lo ocurrido, proteger lo logrado y perfeccionarlo.

Gestionar la urgencia: políticas, mediaciones y alcances de la asistencia durante la pandemia en La Pampa

Andrea Lluch, Mariana Heredia, María Florencia Correa Deza, Beatriz Alvarez, María Agustina Zulli, María Dolores Linares, Stella Cornelis, Betsabé Policastro, Enzo Martínez, Alejandro Dulitzky, La crisis del coronavirus fue un acontecimiento inédito y traumático. Para mitigar los efectos negativos de las restricciones y cierres de la economía, los gobiernos de todo el mundo aplicaron políticas en un tiempo muy breve. Aunque similares, variaron en amplitud, alcance y relación con sus destinatarios: los hogares, las empresas, los sistemas de salud o los bancos. En la Argentina, la puesta en práctica de medidas paliativas fue rápida, aunque el país se encontraba en una precaria situación económica y recesión. En una economía declinante, un Estado con sus arcas fiscales quebradas, una sociedad con hogares pobres en aumento, la pandemia exacerbó estas dificultades y afectó, incluso, a quienes habían logrado mantenerse a salvo hasta entonces. En el marco de un proyecto Pisac-Covid 19 coordinado por la Dra. Mariana Heredia, autora de la introducción de este libro, un nutrido y federal grupo de investigadores en ciencias sociales y humanidades investigaron las políticas adoptadas para sostener la supervivencia material de unidades domésticas y productivas en la emergencia. Este libro se concentra en la experiencia de La Pampa para postular las particularidades regionales que la pandemia cinculó en el país. Los cinco capítulos analizan la

performance económica, productiva y laboral, el estudio de las iniciativas del estado provincial y las municipalidades frente a la crisis, el despliegue local de las principales herramientas de políticas públicas nacional para apoyar a los hogares (IFE) y a las unidades productivas (ATP), junto con otras medidas de apoyo crediticio, hasta el análisis de los espacios de mediación de las principales cámaras empresariales y gremios en La Pampa durante la pandemia. Esta obra, además, condensa una doble experiencia: la de atravesar la pandemia investigando sobre la pandemia y la del trabajo compartido reflexionando sobre las políticas públicas, la experiencia de los destinatarios y los diversos mediadores comprometidos en su implementación en un contexto de emergencia.

Estudios regionales sobre las industrias argentinas Alexis Arrese, Susana Bandieri, Federico Ghibaudo, 2024-09-30

Considerando ahora la pluralidad de los procesos manufactureros por índole y región, este nuevo libro de estudios sobre la industria argentina explora el tema con la reconocida rigurosidad del historiador Marcelo Rougier. Junto con Florencia Rodríguez Vázquez, coordinan los trabajos de otros 25 estudiosos en los que se analizan las dinámicas industriales de las distintas provincias. De este modo, el conjunto da cuenta de cómo se ha moldeado el desarrollo económico de Argentina. El amplio período abordado abarca desde la llegada del ferrocarril hasta comienzo del siglo XXI, y se consideran tanto los logros como las dificultades enfrentadas en cada región. La relación entre la agroindustria y la manufactura, la intervención estatal y la evolución tecnológica son algunos de los temas que se exploran en profundidad en cada capítulo. Aquí, las materias primas locales, las políticas provinciales y las iniciativas empresariales cobran perspectiva desde los cuatro puntos cardinales, con el aporte de todas las regiones que conforman nuestro país: Noreste, Noroeste, Patagonia, Cuyo, Pampeana y Área Metropolitana de Buenos Aires. Repensar la historia industrial de la Argentina desde una óptica regional es un ejercicio indispensable para procurar entender su complejidad y diversidad. Florencia Rodríguez Vázquez y Marcelo Rougier, junto a un equipo de investigadores expertos en sus respectivas localidades, presentan un análisis meticuloso y apasionante que no solo documenta el pasado industrial, sino que también ofrece claves para entender los desafíos y oportunidades del futuro económico del país.

Mujeres en La Pampa contemporánea ,2012

Plan Estratégico y Plan de Desarrollo Institucional 2016-2020 Baudino, Sergio Aldo, 2017-04-01 Se establece que las instituciones universitarias deberán asegurar el funcionamiento de instancias internas de evaluación institucional, que tendrán por objeto analizar los logros y dificultades en el cumplimiento de sus funciones, así como sugerir medidas para su mejoramiento. Las autoevaluaciones se complementarán con evaluaciones externas, que se harán como mínimo cada seis años, en el marco de los objetivos definidos por cada institución...” (Artículo 44). La obligatoriedad, que generó más de una crítica y resistencia por ser un punto de fricción con la autonomía, fue en su momento justificada como necesaria, “hasta que se consolide una cultura de la evaluación”, en relación con el escaso interés de las instituciones en la evaluación externa.

Aunque discutible conceptualmente, y a PLAN ESTRATÉGICO Y PLAN DE DESARROLLO INSTITUCIONAL 2016 -2020 | 21
pesar de las resistencias iniciales, un número cada vez más importante de instituciones se incorporaron a procesos de
evaluación y, poco a poco, se internalizó como una práctica regular y positiva para su desarrollo (Sánchez Martínez, 2002).

Mujeres pampeanas María Herminia Beatriz di Liscia, Daniela María José Zaikoski Biscay, María Betsabé
PolICASTRO, Franco Catalani, 2015

Derechos Humanos, Educación Sexual Integral y Desarrollo Sostenible Montaña, Alejandra Érica, Voragini Weth, Natalia
Andrea, 2022-05-02 “Aprendiendo ESI y Desarrollo Sostenible” es un libro que reúne producciones, recursos didácticos y
experiencias, sistematizadas en el trayecto formativo de la actividad curricular Seminario de DDHH, que se cursa en el
cuarto año de los profesorados de Educación Inicial y Educación Primaria, y del quinto año de Ciencias de la Educación de la
Facultad de Ciencias Humanas, UNLPam del año 2019. ¿Cómo surge? Como una necesidad de pensar respuestas posibles a
la problemática de articulación entre la formación universitaria, las realidades de la comunidad educativa en la que nos
encontramos insertas/es y la producción de materiales propios sobre temáticas seleccionadas. La consigna disparadora fue:
seleccionar un tema vinculado a los Objetivos de Desarrollo Sostenible o Educación Sexual Integral, para aprehender y
desarrollar en un espacio de kermes/feria, con una dinámica superadora al formato tradicional de las planificaciones
docentes áulicas, para uno o varios niveles educativos. En el transcurso del cuatrimestre los trabajos grupales se fueron
complejizando desde la teoría, abordando un proceso de evaluación permanente para alcanzar la versión final compilados en
este libro. La publicación, responde a temáticas agrupadas en tres ejes: “Educación Sexual Integral” se aborda desde una
concepción contemporánea de las sexualidades libre de todo tipo de violencias; en “Educación e Inclusión” desde una
concepción de respeto y libre de discriminación; en el eje “Desarrollo sostenible” poner en valor el cuidado de la tierra y el
medio ambiente. Invitamos a recorrer esta sistematización de la trayectoria de enseñanza-aprendizaje, donde podrán
encontrar desde el trabajo de recolección, estructuración conceptual y puesta en valor de los saberes previos de las/les
estudiantes, hasta la compilación de los trabajos grupales presentados en la feria, junto con aportes teóricos para las
temáticas abordadas y los aprendizajes que resultaron de esta primera experiencia. Deseamos este recorrido les pueda
aportar ideas, herramientas y posibles líneas de abordaje a la hora de trabajar estos temas en el aula, con una mirada
superadora del ámbito escolar y la secuencia didáctica, para comenzar a trabajar los Derechos Humanos de forma conjunta y
transversal día a día. “Aprendiendo ESI y Desarrollo Sostenible” se constituyó en un espacio de vinculación y articulación
entre las/es futuras/es docentes de varios niveles y la comunidad educativa, generando un doble acercamiento: entre
universidad y comunidad, y entre teoría y práctica.

Los grandes simios y sus derechos básicos Pedro Pozas Terrados, 2019-11-18 Los grandes simios y sus derechos básicos,
es un llamamiento para poner en debate la importancia de nuestros hermanos evolutivos los grandes simios (bonobos,

chimpancés, gorilas y orangutanes) en el marco de su protección inmediata tanto de sus poblaciones en libertad, como de su hábitat o los que en la actualidad se encuentran cautivos, solicitando sus derechos básicos (a la vida, la libertad y no ser torturados ni física ni psicológicamente) como así ya lo manifiestan numerosos científicos y algunas sentencias judiciales que han sido noticia a nivel mundial. Este libro coordinado por Pedro Pozas Terrados, no hubiera sido posible sin los artículos escritos por grandes figuras científicas, conservacionistas, animalistas, del mundo jurídico, periodistas y escritores. Ellos rompen esquemas y apoyan con sus palabras a los grandes simios y sus derechos, avalando de esta forma la lucha en la que Proyecto Gran Simio lleva dos décadas trabajando de forma continuada. No pueden dejar de leer en esta edición a: Jose María Bermúdez de Castro Risueño, Jorge Riechmann, Emiliano Bruner, Biruté M. F. Galdikas, Miguel Angel Valladares, Isaac Vega, Pedro A. Ynterian, Karen Altamirano, Máximo Sandín, Fernando Valladares Ros, Kepa Tamames, Rosa Montero, Francisco Garrido, María de las Victorias Gonzalez, Federico Manuel Rodriguez, Carmen Méndez, Joaquín Araujo, Gaciela Regina, Itai Roffman, Miguel Galindo y Pedro Pozas.

Violencias contra las mujeres Daniela María José Zaikoski Biscay,Betsabé Policastro,2017

Milton Le Cocq E Perpétuo De Freitas Líbero Penello De Carvalho Filho,2024-04-10 Foi na Favela do Esqueleto que nasceu Manoel Moreira, o Cara de Cavalo, em 22 de abril de 1941. O assassino de Milton Le Cocq se tornou o nome mais famoso daquele lugar. Começou sua carreira no crime vendendo maconha na Central do Brasil e, algum tempo depois, dominava parte do jogo do bicho na região de Vila Isabel. A caçada a Cara de Cavalo após este ter assassinado Milton Le Cocq ficou famosa por ter adquirido proporções nacionais. A cobertura da imprensa na época foi hollywoodiana (para não dizer exagerada e fantasiosa). Quando Cara de Cavalo morreu, em 03 de outubro de 1964, na região de Cabo Frio, Rio de Janeiro, tinha 23 anos de idade e de crimes. Era um mundo, um Brasil, um Rio de Janeiro muito diferente da realidade atual. A insegurança pública gerada pela saída da capital federal do Rio de Janeiro rumo a Brasília ainda não se fizera sentir com toda sua força. Havia “favelas”, e não “comunidades”. Os criminosos ainda tinham CPF, e não o CNPJ clandestino das facções e milícias que infestaram os morros cariocas com seus fuzis e organização paramilitar.
