*Introduction to List of highest-grossing Indian films* Gilad James, PhD, The Indian film industry, popularly known as Bollywood, is one of the largest in the world in terms of output and revenue. The Indian film industry is driven by its large domestic audience, which is estimated to be around 1.3 billion. The industry has produced several blockbusters that have earned massive revenues both in India and abroad. The list of highest-grossing Indian films is a compilation of such movies that have made a significant impact on the audience and have resulted in monumental revenues for their makers. The first Indian film, Raja Harishchandra, was made in 1913, and since then, the film industry has come a long way. From silent films to talkies, from black and white movies to Technicolor, from conventional storytelling to experimental cinema, the Indian film industry has evolved over the years. With changing times, the Indian audience has also evolved, and filmmakers have adapted themselves to cater to the changing tastes and preferences of the viewers. The List of highest-grossing Indian films is a testimony to the success of these filmmakers as it showcases the most successful and profitable movies made in India.

**A Companion to Indian Cinema** Neepa Majumdar,Ranjani Mazumdar,2022-08-09 A new collection in the Wiley Blackwell Companions to National Cinemas series, featuring the cinemas of India In A Companion to Indian Cinema, film scholars Neepa Majumdar and Ranjani Mazumdar along with 25 established and emerging scholars, deliver new research on contemporary and historical questions on Indian cinema. The collection considers Indian cinema's widespread presence both within and outside the country, and pays particular attention to regional cinemas such as Bhojpuri, Bengali, Malayalam, Manipuri, and Marathi. The volume also reflects on the changing dimensions of technology, aesthetics, and the archival impulse of film. The editors have included scholarship that discusses a range of films and film experiences that include commercial cinema, art cinema, and non-fiction film. Even as scholarship on earlier decades of Indian cinema is challenged by the absence of documentation and films, the innovative archival and field work in this Companion extends from cinema in

early twentieth century India to a historicized engagement with new technologies and contemporary cinematic practices. There is a focus on production cultures and circulation, material cultures, media aesthetics, censorship, stardom, non-fiction practices, new technologies, and the transnational networks relevant to Indian cinema. Suitable for undergraduate and graduate students of film and media studies, South Asian studies, and history, *A Companion to Indian Cinema* is also an important new resource for scholars with an interest in the context and theoretical framework for the study of India's moving image cultures.

**Crossover Stars in the Hindi Film Industry** Dina Khdair, 2020-05-11 This book explores the cultural politics of Pakistani crossover stardom in the Hindi film industry as a process of both assimilation and “Otherness”. Analysing the career profiles of three crossover performers – Ali Zafar, Fawad Khan, and Mahira Khan – as a relevant case study, it unites critical globalization studies with soft power theory in exploring the potential of popular culture in conflict resolution. The book studies the representation and reception of these celebrities, while discussing themes such as the meaning of being a Pakistani star in India, and the consequent identity politics that come into play. As the first comprehensive study of Pakistani crossover stardom, it captures intersections between political economy, cultural representation, and nationalist discourse, at the same time reflecting on larger questions of identity and belonging in an age of globalization. *Crossover Stars in the Hindi Film Industry* will be indispensable to researchers of film studies, media and cultural studies, popular culture and performance, peace and area studies, and South Asian studies. It will also be of interest to enthusiasts of Indian cinematic history.

**Bollygeek** Diptakirti Chaudhuri, 2021-02-25 *MERE PAAS...BOLLYWOOD TRIVIA HAI!* The Indian cine-goer's fascination for Bollywood is unending - and then there are those who really like to get their elbows into it *dum lagaa ke!* Which is why this book, stuffed with super-gyaan (yes, there is a science to the movies as well!) and sprinkled with quirky illustrations is a must-have for anyone in love with or just plain confused by all that goes on in Bollywood. Among the many masaaledar nuggets it features are: The rulebook on how to plan a filmi elopement; Fifteen jailers who terrorized prisoners (and the jailbreaks that had wardens quaking at the knees); Colourful stories that reveal why people get drunk in the movies; Ten on-screen detectives who had crime on their minds, even if they could never solve them; Three ways suhaag raats unfold \*cough\* in Hindi cinema. And there's much more! From tragedy and mystery to heartbreak and victory - *Bollygeek* opens up the obsessive, compulsive and addictive world of Hindi cinema like never before. You don't want to miss out on this one!

**Pop Empires** S. Heijin Lee, Monika Mehta, Robert Ji-Song Ku, 2019-07-31 At the start of the twenty-first century challenges to the global hegemony of U.S. culture are more apparent than ever. Two of the contenders vying for the hearts, minds, bandwidths, and pocketbooks of the world's consumers of culture (principally, popular culture) are India and South Korea. “Bollywood” and “Hallyu” are increasingly competing with “Hollywood”—either replacing it or filling a void in places where it

never held sway. This critical multidisciplinary anthology places the mediascapes of India (the site of Bollywood), South Korea (fountainhead of Hallyu, aka the Korean Wave), and the United States (the site of Hollywood) in comparative dialogue to explore the transnational flows of technology, capital, and labor. It asks what sorts of political and economic shifts have occurred to make India and South Korea important alternative nodes of techno-cultural production, consumption, and contestation. By adopting comparative perspectives and mobile methodologies and linking popular culture to the industries that produce it as well as the industries it supports, *Pop Empires* connects films, music, television serials, stardom, and fandom to nation-building, diasporic identity formation, and transnational capital and labor. Additionally, via the juxtaposition of Bollywood and Hallyu, as not only synecdoches of national affiliation but also discursive case studies, the contributors examine how popular culture intersects with race, gender, and empire in relation to the global movement of peoples, goods, and ideas.

***Bollywood Cinema*** Vijay Mishra, 2013-08-21 India is home to Bollywood - the largest film industry in the world. Movie theaters are said to be the temples of modern India, with Bombay producing nearly 800 films per year that are viewed by roughly 11 million people per day. In *Bollywood Cinema*, Vijay Mishra argues that Indian film production and reception is shaped by the desire for national community and a pan-Indian popular culture. Seeking to understand Bollywood according to its own narrative and aesthetic principles and in relation to a global film industry, he views Indian cinema through the dual methodologies of postcolonial studies and film theory. Mishra discusses classics such as *Mother India* (1957) and *Devdas* (1935) and recent films including *Ram Lakhan* (1989) and *Khalnayak* (1993), linking their form and content to broader issues of national identity, epic tradition, popular culture, history, and the implications of diaspora.

***Yuva India*** Ray Titus, 2015-02-25 *Yuva India* takes a deep dive into the lives of India's young men and women. In unravelling what makes them tick, the book uncovers the phenomenon of 'attitudinal convergence' that is rapidly growing across youth cohorts in India. Tracing its origin to the arrival of and exposure to a 'composite culture', the research behind 'convergence' zeroes in on how a young India is defining itself using new-age sensibilities. Drawing on insights collected over a decade, Ray documents and analyses how young men and women in India approach issues of identity, image, sexuality, spirituality, personal relevance, social connections and community, and professional pursuits. In a one-of-a-kind analysis, using comprehensive data from across the nation, Ray scrutinizes young India's psyche to make sense of their aspirations. Filled with numerous first-person accounts and brand stories, *Yuva India* provides an insightful understanding of India's most valuable asset, its youth population. The present and the future of India's young, it reveals, will be invaluable not just for business and brand managers, but also for all those who wish to engage with them.

***Stardom in Contemporary Hindi Cinema*** Aysha Iqbal Viswamohan, Clare M. Wilkinson, 2020-01-03 In this book, film scholars, anthropologists, and critics discuss star-making in the contemporary Hindi-language film industry in India, also

known as “Bollywood.” Drawing on theories of stardom, globalization, transnationalism, gender, and new media studies, the chapters explore contemporary Hindi film celebrity. With the rise of social media and India’s increased engagement in the global economy, Hindi film stars are forging their identities not just through their on-screen images and magazine and advertising appearances, but also through an array of media platforms, product endorsements, setting fashion trends, and involvement in social causes. Focusing on some of the best-known Indian stars since the late 1990s, the book discusses the multiplying avenues for forging a star identity, the strategies industry outsiders adopt to become stars, and the contradictions and conflicts that such star-making produces. It addresses questions such as: What traits of contemporary stars have contributed most to longevity and success in the industry? How has filmmaking technology and practice altered the nature of stardom? How has the manufacture of celebrity altered with the recent appearance of commodity culture in India and the rise of a hyper-connected global economy? By doing so, it describes a distinct moment in India and in the world in which stars and stardom are drawn more closely than ever into the vital events of global culture. Hindi films and their stars are part of the national and global entertainment circuits that are bigger and more competitive than ever. As such, this is a timely book creates opportunities for examining stardom in other industries and provides fruitful cross-cultural perspectives on star identities today. Grounded in rigorous scholarship as well as a palpable love of Hindi cinema, this collection of 19 essays on a dizzying array of contemporary Hindi film stars makes for an informative, thought-provoking, illuminating, and most of all, a joyful read. Pushing boundaries of not only global Star Studies but also film theory as a whole, this de-colonised and de-colonising volume is a must read for film scholars, students and cinephiles! Dr. Sunny Singh, Senior Lecturer - Creative Writing and English Literature, Sir John Cass School of Art, Architecture & Design, London Metropolitan University “A wide-ranging overview of Hindi cinema’s filmi firmament today, focussing on its most intriguing and brightest-burning stars. The variety of approaches to stardom and celebrity by both established and upcoming scholars reveals a web of interconnecting stories and concerns that provide fascinating new insights into the workings of today's Hindi film industry, while shining fresh light on contemporary India and the world we live in.” Professor Rosie Thomas, Centre for Research and Education in Arts and Media (CREAM), College of Design, Creative and Digital Industries, University of Westminster

Aamir Khan : A Social Spark Kirti Sisodia, 2017-01-01 Aamir Khan is a versatile actor; film maker; social activist and a good human being above all. He has gained much fame; glamour and prosperity but at the same time he has assumed social & moral responsibility to return it back to the society in good terms. Talking especially of Aamir films when we talk about Jo Jeeta Vo Sikandar; Lagaan; 3 Idiots; Tare Zameen Par; Rang De Basanti; PK; Dangal and of course how can we forget the popular TV Series Satyamev Jayate; Aamir picked up those sensitive issues which remained usually untouched or unexplored before the society in terms of cinema and he dealt with those social issues in his TV program Satyamev Jayate which is already present in our society and our homes long back and still survive. His program on such critical issues gave light of

awareness and when youth saw these true stories; victims; conditions and consequences; they came to know directly or indirectly that it is happening in our homes too. How Aamir grew his struggles and experiences that he has seen thus far; and how he has evolved into an actor; person and how his films create awareness among the people of society and create an impact too remain all about the scripting of this book. This book is not about the person; it is about the way of thinking and urge to serve something to society and take those brave steps which can be lethal too for an actor.

**Appreciating Melodrama** Piyush Roy, 2022-01-30 *Appreciating Melodrama: Theory and Practice in Indian Cinema and Television* seeks to identify and appreciate the continual influence of the ancient Sanskrit drama treatise, the *Natyashastra*, and its theory of aesthetics, the *rasa* theory, on the unique narrative attributes of Indian cinema. This volume of work critically engages with a representative sample of landmark films from 100 years of Indian film history across genres, categories, regions and languages. This is the first time a case study-based rigorous academic review of popular Indian cinema is done using the Indian aesthetic appreciation theory of *rasa* (affect/emotion). It proposes a theoretical model for film appreciation, especially for content made in the melodramatic genre, and challenges existing First World/Euro-American film criticism canons and notions that privilege cinematic 'realism' over other narrative forms, which will generate passionate debates for and against its propositions in future studies and research on films. This is a valuable academic reference book for students of film and theatre, world cinema and Indian cinema studies, South Asian studies and culture, Indology and the 'Sociology of Cinema' studies. It is a must-have reference text in the curriculum of both practical-oriented acting schools, as well as courses and modules focusing on a theoretical study of cinema, such as film criticism and appreciation, and the history of movies and performance studies.

Indian Horror Cinema Mithuraaaj Dhusiya, 2017-09-13 This book studies the hitherto overlooked genre of horror cinema in India. It uncovers some unique and diverse themes that these films deal with, including the fear of the unknown, the supernatural, occult practices, communication with spirits of the deceased, ghosts, reincarnation, figures of vampires, zombies, witches and transmutations of human beings into non-human forms such as werewolves. It focusses on the construction of feminine and masculine subjectivities in select horror films across seven major languages - Hindi, Tamil, Telugu, Kannada, Bangla, Marathi and Malayalam. The author shows that the alienation of the body and bodily functions through the medium of the horror film serves to deconstruct stereotypes of caste, class, gender and anthropocentrism. Some riveting insights emerge thus, such as the masculinist undertow of the possession narrative and how complex structures of

resistance accompany the anxieties of culture via the dread of laughter. This original account of Indian cinematic history is accessible yet strongly analytical and includes an exhaustive filmography. The book will interest scholars and researchers in film studies, media and cultural studies, art, popular culture and performance, literature, gender, sociology, South Asian studies, practitioners, filmmakers as well as cinephiles.
