*Pamela Hansford Johnson* Deirdre David, 2017-06-23 Deirdre David traces the successful writing life of Pamela Hansford Johnson (1912-1981) from the time of her childhood growing up in a theatrical household in South London to her death as the widow of the novelist and popular intellectual C. P. Snow. Forced to leave school at sixteen, she trained as a shorthand typist, worked for four years in the mid 1930s for a West End Bank, and conducted a tumultuous romance with the then 19-year old poet Dylan Thomas. Thomas having persuaded her she would become a better novelist than a poet she published a scandalous first novel in 1935 and went on to publish close to thirty more in her career. A passionate defender of the narrative traditions of the British novel, she contributed many essays and reviews on contemporary fiction to periodicals and newspapers; in her own fiction, in the nineteenth-century traditions of Jane Austen, George Eliot, and Charles Dickens, she focused on the domestic everyday, the moral questions facing a rapidly-changing society, and the challenges and pleasures of urban life. She was very much a novelist of the city, particularly London. She also gained praise and criticism for her writings about violence and pornography, especially in her well-known analysis of the notorious Moors murder trial. With C. P. Snow, she travelled many times to the United States and the Soviet Union and at the time of her death in 1981, she was still at work on her last novel. Hers was a rich, courageous, and politically committed writing life, and this biography restores Johnson's work to the critical distinction it received when it was published.

**The Columbia Dictionary of Quotations** Robert Andrews, 1993 Over 11,000 of these 18,000 quotations have never before appeared in a quotation book. Chosen not for their familiarity but for their quality and their relevance in the 1990s, these provocative quotations cover subjects from adolescence and adoption to yuppies and zoos.

*Once Below a Time* Eynel Wardi, 2000-05-11 Offers a psychoanalytically enhanced theory of poetics through close readings of Dylan Thomas and Julia Kristeva.

**Picked-Up Pieces** John Updike, 2013-01-15 In John Updike's second collection of assorted prose he comes into his own as a book reviewer; most of the pieces picked up here were first published in *The New Yorker* in the 1960s and early '70s. If one word could sum up the young critic's approach to books and their authors it would be "generosity": "Better to praise and share," he says in his Foreword, "than to blame and ban." And so he follows his enthusiasms, which prove both deserving and infectious: Kierkegaard, Proust, Joyce, Dostoevsky, and Hamsun among the classics; Borges, Nabokov, Grass, Bellow,

Cheever, and Jong among the contemporaries. Here too are meditations on Satan and cemeteries, travel essays on London and Anguilla, three very early “golf dreams,” and one big interview. Picked-Up Pieces is a glittering treasury for every reader who likes life, books, wit—and John Updike.

The Language of Fiction David Lodge, 2015-10-30 Language of Fiction was the first book of criticism by the renowned novelist and critic David Lodge. His uniquely informed perspective - he was already the author of three successful novels at the time of its first publication in 1966 - and lucid exposition meant that the work proved a landmark of literary criticism, not least because it succeeded

**Austerity Britain, 1945-1951** David Kynaston, 2008-10-06 The groundbreaking series that will tell the story of Britain from VE Day in 1945 to the coming of Margaret Thatcher in 1979 as never before

*Translating Life* Shirley Chew, Alistair Stead, 1999-05-01 This volume brings together eighteen substantial essays by distinguished scholars, critics and translators, and two interviews with eminent figures of British theatre, to explore the idea and practice of translation. The individual, but conceptually related, contributions examine topics from the Renaissance to the present in the context of apt exploration of the translation process, invoking both restricted and extended senses of translation. The endeavour is to study in detail the theory, workings and implications of what might be called the art of creative transposition, effective at the level of interlingual transcoding, dynamic rewriting, theatrical and cinematic adaptation, intersemiotic or intermedial translation, and cultural exchange. Many of the essays focus on aspects of intertextuality, the dialogue with text, past and present, as they bear on the issue of translation, attending to the historical, political or cultural dimensions of the practice, whether it illuminates a gendered reading of a text or a staging of cultural difference. The historic and generic range of the discussions is wide, encompassing the Elizabethan epyllion, Sensibility fiction, Victorian poetry and prose, modern and postmodern novels, but the book is dominated by dramatic or performance-related applications, with major representation of fresh investigations into Shakespeare (from *A Midsummer Night's Dream* to *The Tempest*) and foregrounding of acts of self-translation on stage, in the dramatic monologue and in fiction. Contributions from theatre practitioners such as Sir Peter Hall, John Barton and Peter Lichtenfels underscore the immense practical importance of the translator on the stage and the business of both acting and directing as a species of translation.

The Course of English Surrealist Poetry Since the 1930s Rob Jackaman, 1989 This study proposes that there has been a revival of surrealist poetry, and traces an uninterrupted thread of development in surrealism throughout 20th-century English poetry.

**In Churchill's Shadow** David Cannadine, 2003-01-15 With *In Churchill's Shadow*, David Cannadine offers an intriguing look at ways in which perceptions of a glorious past have continued to haunt the British present, often crushing efforts to

shake them off. The book centers on Churchill, a titanic figure whose influence spanned the century. Though he was the savior of modern Britain, Churchill was a creature of the Victorian age. Though he proclaimed he had not become Prime Minister to preside over the liquidation of the British Empire, in effect he was doomed to do just that. And though he has gone down in history for his defiant orations during the crisis of World War II, Cannadine shows that for most of his career Churchill's love of rhetoric was his own worst enemy. Cannadine turns an equally insightful gaze on the institutions and individuals that embodied the image of Britain in this period: Gilbert & Sullivan, Ian Fleming, Noel Coward, the National Trust, and the Palace of Westminster itself, the home and symbol of Britain's parliamentary government. This superb volume offers a wry, sympathetic, yet penetrating look at how national identity evolved in the era of the waning of an empire.

The Serial Killers Colin Wilson, Donald Seaman, 2011-05-31 As the number of serial killers worldwide has risen steadily - from the emergence of Jack the Ripper in 1888 to Harold Shipman and Ivan Milat, the backpacker killer of the Australian outback - the need to understand mass murder is becoming more urgent. Using privileged access to the world's first National Centre for the Analysis of Violent Crime, Colin Wilson and Donald Seaman bring you this incisive study of the psychology of serial killers and the motives behind their crimes. From childhood traumas to issues of frustration, fear and fantasy, discover what turns an ordinary human being into a compulsive killer.

*The Spectator*, 1974 A weekly review of politics, literature, theology, and art.

**The Visible Poor** Joel Blau, 1992 Taking an in-depth look at the causes of homelessness in the United States, Joel Blau disproves the convenient myths that most homeless are crazy, drug addicts, or lazy misfits who brought their suffering upon themselves. He shows that the current crisis was an inevitable result of economic and political changes in recent decades, systematically reviewing the explanations offered by researchers, politicians and pundits, from the deinstitutionalization of mental patients in the 1960s to the gentrification of urban neighborhoods in the 1970s to the evisceration of federal spending on social welfare in the 1980s. Blau argues that current government policies at every level are mired in pointless headcounting and quick-fix solutions that only push the homeless out of sight without touching the underlying causes. He advocates social reforms ranging from a national standard for welfare benefits, a higher minimum wage, and establishment of a social sector for non-profit, affordable housing. A powerful contribution to public debate on homelessness, *The Visible Poor* must be read by concerned citizens as well as by policy-makers and advocates.

*Selected Prose, Daybooks, and Papers* George Oppen, 2008-01-28 This is the first comprehensive critical edition of the unpublished writings of Pulitzer Prize-winning objectivist poet George Oppen (1908-1984). Editor Stephen Cope has made a judicious selection of Oppen's extant writings outside of poetry, including the essay *The Mind's Own Place* as well as *Twenty-Six Fragments*, which were found on the wall of Oppen's study after his death. Most notable are Oppen's *Daybooks*, composed in the decade following his return to poetry in 1958. *Selected Prose, Daybooks, and Papers* is an inspiring portrait of this essential writer and a testament to the creative process itself.

*The Poems of Dylan Thomas* Dylan Thomas, 2017-10-31 The most complete and current edition of Dylan Thomas' collected poetry in a beautiful gift edition celebrating the centenary of his birth The reputation of Dylan Thomas (1914-1953) as one of the greatest poets of the twentieth century has not waned in the fifty years since his death. A Welshman with a passion for the English language, Thomas's singular poetic voice has been admired and imitated, but never matched. This exciting, newly edited annotated edition offers a more complete and representative collection of Dylan Thomas's poetic works than any previous edition. Edited by leading Dylan Thomas scholar John Goodby from the University of Swansea, *The Poems of Dylan Thomas* contains all the poems that appeared in *Collected Poems 1934-1952*, edited by Dylan Thomas himself, as well as poems from the 1930-1934 notebooks and poems from letters, amatory verses, occasional poems, the verse film script for "Our Country," and poems that appear in his "radio play for voices," *Under Milk Wood*. Showing the broad range of Dylan Thomas's oeuvre as never before, this new edition places Thomas in the twenty-first century, with an up-to-date introduction by Goodby whose notes and annotations take a pluralistic approach.

*A Splendid Intelligence: The Life of Elizabeth Hardwick* Cathy Curtis, 2021-11-16 The first biography of the extraordinary essayist, critic, and short story writer Elizabeth Hardwick, author of the semiautobiographical novel *Sleepless Nights*. Born in Kentucky, Elizabeth Hardwick left for New York City on a Greyhound bus in 1939 and quickly made a name for herself as a formidable member of the intellectual elite. Her eventful life included stretches of dire poverty, romantic escapades, and

dustups with authors she eviscerated in *The New York Review of Books*, of which she was a cofounder. She formed lasting friendships with literary notables—including Mary McCarthy, Adrienne Rich, and Susan Sontag—who appreciated her sharp wit and relish for gossip, progressive politics, and great literature. Hardwick's life and writing were shaped by a turbulent marriage to the poet Robert Lowell, whom she adored, standing by faithfully through his episodes of bipolar illness. Lowell's decision to publish excerpts from her private letters in *The Dolphin* greatly distressed Hardwick and ignited a major literary controversy. Hardwick emerged from the scandal with the clarity and wisdom that illuminate her brilliant work—most notably *Sleepless Nights*, a daring, lyrical, and keenly perceptive collage of reflections and glimpses of people encountered as they stumble through lives of deprivation or privilege. *A Splendid Intelligence* finally gives Hardwick her due as one of the great postwar cultural critics. Ranging over a broad territory—from the depiction of women in classic novels to the civil rights movement, from theater in New York to life in Brazil, Kentucky, and Maine—Hardwick's essays remain strikingly original, fiercely opinionated, and exquisitely wrought. In this lively and illuminating biography, Cathy Curtis offers an intimate portrait of an exceptional woman who vigorously forged her own identity on and off the page.

*That Momentary Peace* Margaret A. Hardesty, 1982

**A Dictionary of Epithets and Terms of Address** Leslie Dunkling, 2008-02-20 This book will give learners of English the confidence to address people appropriately in a wide variety of situations. It will also help them to understand what is implied when an English speaker uses a particular way of addressing someone. These topics are entirely neglected in most courses and textbooks, and there is no other reference work on the subject. Anyone who is fascinated by words will also find much here of interest. A wealth of historical, sociological and etymological information is set out in a highly readable style. Some 2,000 entries arranged in alphabetical order shed new light on familiar terms of address and present many curiosities. The author gives examples from a wide range of literature, particularly twentieth century novels, and provides an illuminating commentary on them.

Night Thoughts Robert Fraser, 2012-02-16 This pioneering biography of the British poet and translator David Gascoyne (1916-2001) candidly describes his creative work, involvement with surrealism, addictions, tormented private life, and his many friendships in England and France.
