Our Lady of Everyday Life María Del Socorro Castañeda-Liles,2018-03-01 For Mexican Catholic women in the United States, devotion to Our Lady of Guadalupe-La Virgen-is a necessary aspect of their cultural identity. In this masterful ethnography, María Del Socorro Castañeda-Liles considers three generations of Mexican-origin women between the ages of 18 and 82. She examines the Catholic beliefs the women inherited from their mothers and how these beliefs become the template from which they first learn to see themselves as people of faith. She also offers a comprehensive analysis of how Catholicism creates a culture in which Mexican-origin women learn how to be good girls in a manner that reduces their agency to rubble. Through the nexus of faith and lived experience, these women develop a type of Mexican Catholic imagination that helps them challenge the sanctification of shame, guilt, and aguante (endurance at all cost). This imagination allows these women to transgress strict notions of what a good Catholic woman should be while retaining life-giving aspects of Catholicism. This transgression is most visible in their relationship to La Virgen, which is a fluid and deeply engaged process of self-awareness in everyday life.

Cyber Worship in Multifaith Perspectives Mohamed Taher,2006 Cyber Worship in Multifaith Perspectives, as is implied by its name, explores worship (i.e., Prayer, Praise, Scripture, Sacrament, Rituals, Confessions, Eucharist, Rites, Pilgrimages, Reflection, Contemplation, etc.) on the Internet. It is not an 'everything you need to know' guide about the subjects of faith and belief, religions-online, religions on the Net, or religions in cyberspace. Rather, it is a book about religious and spiritual experience under the rubric, cyber worship, which is the variety of ways religious devotion is performed and carried out on the Internet. The term 'Cyber Worship' is a catchall phrase, which includes variants such as online worship, virtual worship, electronic prayer, cyber puja, cyber synagogue, and so on. Dr. Mohamed Taher has thus assembled a quick reference for two groups: those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments. As such, this book provides an interesting and current perspective on a practice that will continue to grow in the future.

Zamir Abraham Garmaize,2003-04 This book contains two parts. Part one is The War of the Jews: How the Jews are

Fighting Each Other and the Remedy. Part two is ecumenical memorial services for 9-11. Like a lazy river in summer that gives water to a thirsty land, is how Rabbi Garmaize describes God's love as it is meant for the people of Israel. Garmaize uses ancient lessons from the Torah and the Bible to implore today's Jewish Community to shower one another with friendship, brotherhood and love. His purpose in this book is to show a divided Israel it is necessary to accept one another in Peace, so the same olive branch may be extended to those who would relish its destruction. This is a special book for Memorial Services for 9/11. The Memorial Services is for all dinaminations; divided into 3 sections, Jewish, Catholic and Protestant. It describes the tragedy, hope and prayers.

Walking a Tightrope Mario Yrastorza Hermosilla MBA-TM, 2021-11-24 This book contains the biography of Mayor Catalino Gabot Hermosilla, Sr., a Filipino politician, who was the mayor of Ormoc, Leyte, Philippines during World War II from 1941 to 1943 during the occupation of Ormoc by the Imperial Japanese military. His term of office was characterized by danger in the hands of the occupying military force where he demonstrated uncommon valor with the skillful and diplomatic handling of the affairs of the government under the yoke of the oppressors while cuddling with his Filipino brother-in-arms who were fighting the Japanese as guerilla warriors in the town and around the hills of Ormoc while at the same time, "played ball with the enemy" in order to save lives and protect the population under the detriment of his own safety...a fete that he later called "walking on a tight rope." It also contain numerous historical accounts and records of Ormoc that is a "must read" to every fellow Ormocanon. Mario Yrastorza Hermosilla, MBA-TM Author

Introduction to Mary Dr. Mark Miravalle, What do all the doctrines that God has revealed about the Blessed Virgin Mary have to do with me personally? How do these revealed truths about the Mother of Jesus affect my own spiritual life? How do I explain to my friends the truth about Mary and Marian devotions? Introduction to Mary helps us to answer these questions and more by presenting the fundamental elements of authentic Catholic doctrine and devotion regarding the Blessed Virgin and offers answers to ten of the more common objections to Marian doctrine and devotion. Easy to read and understand Introduction to Mary is designed to serve as a basic tool for both the parish study group and the college classroom, for both

the inquiring non-Catholic and the long-standing Catholic. Dr. Mark Miravalle, husband and father of eight children, is Professor of Theology and Mariology at Franciscan University of Steubenville, an internationally known conference speaker and author of several Marian publications. In our present “Age of Mary” Dr. Miravalle offers us the opportunity, by learning the heart of Marian doctrine and devotion, to experience the truth about the person of Mary, our Spiritual Mother. For authentic love of Mary must be based on the truth about Mary.

*Sacred Cyberspaces* Oren Golan, Michele Martini, 2022-11-15 In recent years every major institution has had to adapt to the fast-evolving technologies of the digital age or risk being left behind. Amid a global crisis of faith and declining levels of religious participation in places around the world, the Catholic Church has likewise come face to face with the challenges and possibilities of new media. *Sacred Cyberspaces* reveals how long-standing conflicts over power, influence, and legitimacy within religious organizations are being waged in the digital realm. Oren Golan and Michele Martini describe the tensions that arise as religious groups seek to reach the faithful in online spaces where traditional clerical authorities have less expertise and control. Focusing on the Catholic world, they examine the rise of devotional digital entrepreneurship and the roles of lay religious webmasters: the video makers, app developers, and web designers who devote their lives to evangelization and who literally run the show. The book also explores the nature of religious experience as it pivots to online platforms: cyberculture, prayer, ceremonies, pilgrimage, proselytization, and the relation to the transcendental. From live-streaming at world-famous sites in the Holy Land to the Instagram feed of Pope Francis, *Sacred Cyberspaces* evaluates the contemporary media strategies of the Catholic Church and sheds light on the future of religion online.

*But I Want To Be A Nurse* Pilar De La Cruz Samoulian MSN RN, 2022-05-06 For a young minority girl, daydreaming is a tool used to escape the present and look forward to the future. The words, Someday, I will have a good job, a nice fancy house, a reliable car are what keep you going. Learning to overcome obstacles and not listen to people who tell you that you cannot reach your goal takes determination, persistence, and even stubbornness. This book shares the story of a young Mexican girl who refused to let anyone talk her out of her dream of becoming a registered nurse. Her ability to overcome many barriers along her journey is an inspiration to anyone who wants to achieve a goal despite the doubters. A true story of grit, passion, hard work, and fearlessness leading to true success.

**Google It** Newton Lee, 2016-10-23 From Google search to self-driving cars to human longevity, is Alphabet creating a neoteric Garden of Eden or Bentham’s Panopticon? Will King Solomon’s challenge supersede the Turing test for artificial intelligence? Can transhumanism mitigate existential threats to humankind? These are some of the overarching questions in this book, which explores the impact of information awareness on humanity starting from the Book of Genesis to the Royal Library of Alexandria in the 3rd century BC to the modern day of Google Search, IBM Watson, and Wolfram|Alpha. The book also covers Search Engine Optimization, Google AdWords, Google Maps, Google Local Search, and what every business

leader must know about digital transformation. "Search is curiosity, and that will never be done," said Google's first female engineer and Yahoo's sixth CEO Marissa Mayer. The truth is out there; we just need to know how to Google it!

**Gypsy Horsemen, Tramps, and Thieves** David J. "Josey" Huffman, 2021-06-21 In this book Gypsy, Horsemen, Tramps and Thieves, I have taken three real-life stories and woven them into one book. The book starts out on a poor man's farm just outside Winchester, Kentucky, in September 1953. A fifteen-year-old boy Dewey Pappy Beauchamp puts all his faith in a ten-month-old black thoroughbred colt named Mountain Cat. The colt is all Dewey Beauchamp has to work with and hold onto. The majority of the book takes place from May 1999 through November 1999. Instead of separating the book by chapters, I used the days of the calendar to track the story. In the horse racing world, things can change in a heartbeat. You learn to keep your eyes and ears open and your mouth shut. It is not the life for the faint of heart. A wise man told me when I first started racing horses, Son, there is a hell of a lot more bad luck, then there is good luck in the race horse business. He was right, but when good luck shows up, it's contagious. Enjoy the story, my friends. It has been written and lived with a Texas heartbeat. I would personally like to thank Jesus for all my blessings and his saving grace. I would have been lost without it. God bless, America!

Here I Am, Lord Aaron Ametorwo, 2020-12-18

*Death and Dying* Timothy D Knepper, Lucy Bregman, Mary Gottschalk, 2019-09-02 The medicalization of death is a challenge for all the world's religious and cultural traditions. Death's meaning has been reduced to a diagnosis, a problem, rather than a mystery for humans to ponder. How have religious traditions responded? What resources do they bring to a discussion of death's contemporary dilemmas? This book offers a range of creative and contextual responses from a variety of religious and cultural traditions. It features 14 essays from scholars of different religious and philosophical traditions, who spoke as part of a recent lecture and dialogue series of Drake University's The Comparison Project. The scholars represent ethnologists, medical ethicists, historians, philosophers, and theologians--all facing up to questions of truth and value in the light of the urgent need to move past a strictly medicalized vision. This volume serves as the second publication of The Comparison Project, an innovative new approach to the philosophy of religion housed at Drake University. The Comparison Project organizes a biennial series of scholar lectures, practitioner dialogues, and comparative panels about core, cross-cultural topics in the philosophy of religion. The Comparison Project stands apart from traditional, theistic approaches to the philosophy of religion in its commitment to religious inclusivity. It is the future of the philosophy of religion in a diverse, global world.

**Birthing the Holy** Christine Valters Paintner, 2022-04-08 Named one of the best spiritual books of 2022 by Spirituality & Practice. Awarded third place in contemporary spirituality by the Catholic Media Association and third place in inspirational books by the Association of Catholic Publishers. Do you long to feel more alive, to see the vibrancy in your daily life? Do you

feel the seeds of a new calling tugging at you? Look to the Blessed Mother for help. In *Birthing the Holy*, Christine Valters Paintner—abbess of the online Abbey of the Arts—invites you to better know Mary and her heart through thirty-one of her titles, and, along the way, you'll nurture the new growth in your life. The Blessed Mother is known by many beautiful titles, some of which are familiar—Virgin, Queen of Peace, and Star of the Sea—and some we may not be aware of—Vessel of Grace, Greenest Branch, and Our Lady of Silence. Paintner offers a flexible format to reflect on Mary's titles through a thirty-one-day personal retreat, a series of novenas, or with visio divina exercises using striking images by printmaker Kreg Yingst. As you reflect on Mary in her role as Mother of Good Counsel, Woman Clothed with the Sun, Mystical Rose, Mother of Sorrows, Queen of the Angels, and other titles, Paintner invites you to hear what God calls you to develop in your life, help that dream or vision grow, and then nourish it in the world. Whether you're meeting Mary for the first time in these magnificent titles or revisiting her as a beloved companion, *Birthing the Holy* invites you to see the exploration of Mary and your life as a spiritual and creative act, one that can help deepen your faith even as it sparks new growth within you.

*Tales of Texas Cooking* Frances Brannen Vick, 2015-12-15 According to Renaissance woman and Pepper Lady Jean Andrews, although food is eaten as a response to hunger, it is much more than filling one's stomach. It also provides emotional fulfillment. This is borne out by the joy many of us feel as a family when we get in the kitchen and cook together and then share in our labors at the dinner table. Food is comfort, yet it is also political and contested because we often are what we eat—meaning what is available and familiar and allowed. Texas is fortunate in having a bountiful supply of ethnic groups influencing its foodways, and Texas food is the perfect metaphor for the blending of diverse cultures and native resources. Food is a symbol of our success and our communion, and whenever possible, Texans tend to do food in a big way. This latest publication from the Texas Folklore Society contains stories and more than 120 recipes, from long ago and just yesterday, organized by the 10 vegetation regions of the state. Herein you'll find Senator Kay Bailey Hutchinson's Family Cake, memories of beef jerky and sassafras tea from John Erickson of Hank the Cowdog fame, Sam Houston's barbecue sauce, and stories and recipes from Roy Bedichek, Bob Compton, J. Frank Dobie, Bob Flynn, Jean Flynn, Leon Hale, Elmer Kelton, Gary Lavergne, James Ward Lee, Jane Monday, Joyce Roach, Ellen Temple, Walter Prescott Webb, and Jane Roberts Wood. There is something for the cook as well as for the Texan with a raft of takeaway menus on their refrigerator.

**Poverty and Faithjustice**, 1998 Use these lesson plans to give adult participants an opportunity to get in touch with their attitudes and ways of thinking about poverty and to become aware of and to understand faithjustice.

Missing Mary C. Spretnak, 2016-06-07 What ever happened to the Virgin Mary in the modern Catholic Church? For the past forty years her presence has been radically minimized. In a groundbreaking work, Charlene Spretnak cuts across the battle lines delineated by the left and the right within the Church to champion the recovery of the full spiritual presence of Mary. Spretnak, a liberal Catholic, asserts that a deep loss ensues for women in particular when Mary's female embodiment

of grace and mystical presence is denied and replaced with a strictly text-bound version of her as a Nazarene housewife. Complete with a striking insert of contemporary Marian art, *Missing Mary* is a deeply insightful reflection on Mary in the modern age.

**Moving from the Margins** Adela de la Torre, 2022-05-17 Immigration reform. Bilingual education. Affirmative action. Such issues trigger knee-jerk reactions from many people, and in California those reactions are likely to fall along strict ethnic lines. A white majority has long called the shots in voter initiatives, but with Mexican Americans becoming the majority population in southern California, their views on these matters can no longer be ignored. In *Moving from the Margins*, an outspoken member of the Mexican American community explores issues that have molded politics over the past decade in a state where division seems more common than unity. Addressing immigration, education, health care, and economic and political concerns, Adela de la Torre provides a distinctly Chicana perspective that often differs from that of mainstream readers and voters. Drawn from the author's syndicated column in the *Los Angeles Times* along with writings from other publications, *Moving from the Margins* includes incisive and often provocative commentaries that provide insights into the roots of ethnic tensions in the Golden State. The book also includes readers' reactions to the articles, creating a dialogue of ideas while confronting fears of what many Americans view as an alien culture. Whether addressing entitlements granted to noncitizens, the future of public schools, or access to health care, de la Torre challenges readers to move beyond their own frame of reference and consider new points of view. The issues she faces have shaped today's California—and they also lie at the heart of urban public policy in America for the twenty-first century.
