Enfermedades argentinas. 16 historias Diego Armus, 2024-10-01 ¿Para cuántas enfermedades un cambio de gobierno trajo alteraciones realmente significativas en su historia? ¿Acaso el golpe militar de 1930 modificó las tendencias de la mortalidad producida por la tuberculosis en las grandes ciudades del Litoral? ¿El primer peronismo perturbó la endémica presencia del mal de Chagas en gran parte del interior de Argentina? A través de una cuidadosa selección de casos, Diego Armus reúne en este volumen 16 historias socioculturales de enfermedades que, desde mediados del siglo XIX hasta el pasado reciente, se convirtieron en asuntos públicos en Argentina. Desde las campañas sanitarias contra el paludismo pasando por el estigma asociado al VIH/sida hasta la epidemia de dengue, los autores investigan de qué manera patologías como el cólera, la fiebre amarilla o la tuberculosis, entre otras, no solo fueron moldeadas por virus y bacilos —factores extrahumanos—, sino que también moldearon políticas públicas, intervenciones medioambientales, preocupaciones sociales y tensiones culturales. Esta recopilación ofrece una reflexión crítica sobre la relación entre enfermedad, medioambiente y sociedad en la Argentina moderna e invita a reconsiderar la historia de la salud desde un ángulo que trasciende la mera biología y se adentra en los avatares de las experiencias individuales y colectivas, del pasado lejano y reciente, frente a muy diversas epidemias, endemias, patologías crónicas y dolencias.

El lenguaje de la convivencia Gustavo Fulco, 2025-01-20 El concepto de inclusión sugiere que algo está afuera, excluido y necesita estar integrado. Propongo que hablemos de convivencia, reconociendo que todas las personas, con o sin

discapacidad, forman parte intrínseca de la sociedad, sin necesidad de incorporarse a un espacio al que ya pertenecen. La comunicación en las organizaciones es fundamental para fomentar un entorno de convivencia, debiendo transformarse en espacios accesibles y respetuosos con la diversidad. En el contexto de la discapacidad, la implementación de estrategias de comunicación efectivas no solo garantiza la accesibilidad de la información, sino que también promueve la participación activa y el reconocimiento pleno de las personas con discapacidad. Este enfoque ayuda a eliminar barreras, tanto físicas como sociales, facilitando un ambiente de trabajo colaborativo donde todas las voces pueden ser escuchadas y valoradas, contribuyendo así a la equidad y al bienestar organizacional. Las bibliotecas (caso de estudio referencial) han sido históricamente guardianas del conocimiento y la cultura, enfrentando actualmente el desafío de adaptarse a una sociedad diversa y en constante transformación.

Discapacidad en primera persona Luciana Mantero, 2025-01-09 Visibilizar a las personas con discapacidad era solo una expresión de deseo en la década de 1950. Jacqueline de las Carreras fue una pionera en esta labor desde Fundación Par, tanto en la Argentina como en el mundo. A pesar de que una poliomielitis la obligó a depender de su silla de ruedas, se desafió a progresar en todas las áreas de su vida y sorteó los obstáculos de su enfermedad y su época con audacia, coraje y resiliencia. Luciana Mantero, periodista y autora, narra la historia de esta mujer que no solo resultó un ejemplo de superación, sino que también transformó otros destinos incentivando a cada persona con discapacidad a ser una más en la sociedad.

Representaciones cómicas de la discapacidad Susanne Hartwig, Soledad Pereyra, 2024-11-04 This volume analyzes the ambivalence of comic representations of disability in fictional texts, films and stage performances, as well as the ambivalence of reception. It seeks to describe precisely what kind of comicality is used and what communities of laughter are created as a result: under what conditions does comedy turn into violence and cruelty, and liberating distancing into stigmatization and exclusion?

Global Anti-Vice Activism, 1890-1950 Jessica R. Pliley, Robert Kramm, Harald Fischer-Tiné, 2016-07-04 Vice was one of the primary shared interests of the global community at the turn of the twentieth century. Anti-vice activists worked to combat noxious substances such as alcohol, drugs and cigarettes, and 'immoral' sexual activities such as prostitution. Nearly all of these activists approached the issue of vice by expressing worries about the body, its physical health, and functionality. By situating anti-vice politics in their broader historical contexts, *Global Anti-Vice Activism, 1890-1950* sheds fresh light on the initiatives of various actors, organizations and institutions which have previously been treated primarily within national and regional boundaries. Looking at anti-vice policy from both social and cultural historical perspectives, it illuminates the centrality of regulating vice in imperial and national modernization projects. The contributors argue that vice and vice

regulation constitute an ideal topic for global history, because they bridge the gap between discourse and practice, and state and civil society.

Subvertir capacitismos. Iniciativas discas, diversas y disidentes Dora Inés Munévar Munévar, 2023-04-12 ¿Por qué subvertir los capacitismos? Porque así lo desean quienes viven sus efectos en la vida cotidiana. Con iniciativas discas,

diversas y disidentes, cada vez con mayor frecuencia, se escuchan voces de resistencias y se incrementan las presencias de quienes denuncian la manera como se ha construido la normalidad, la capacidad, la perfectibilidad, la sanidad y la heterosexualidad obligatorias. Sus denuncias no solo dan cuenta del carácter social y cambiante de los cuerpos que siguen siendo considerados naturales, estables y deseables, sino que también han configurado los contenidos reflexivos expuestos en las páginas de este libro, que comienza con una presentación multivocal para revelar el sentido subversor de sus alcances. El libro está estructurado en tres partes organizadas en relación con las múltiples diversidades, las prioridades discas y las disidencias encuerpadas; a la vez, dispone de 12 capítulos que puentean unas experiencias colectivas mediadas por la conversación, la acción multivocal, la apuesta escritiviente y el envite didacto-biográfico en torno a las afectaciones y las huellas que las políticas públicas, las actuaciones programáticas y la cotidianidad, con sus vivencias comunes, han tenido sobre personas, grupos y comunidades discas, diversas y disidentes. Con alta convicción colectiva, tal como ha sido planteada por las autoras y los y les autores de la presentación y los capítulos, los debates constituyen cimientos inaplazables para repensar las políticas públicas desde la fragilidad de la vida y con la irrupción de las vidas en resistencia para interpelar a los capacitismos imperantes en la sociedad.

Derechos de los Pueblos Jessica Visotsky, Mariana Katz, Ana Luisa Guerrero Guerrero, 2019-12-27 Este libro es una especie de un gran tejido colectivo de experiencias y miradas que al momento de publicarlo sigue tejiéndose. Nació de encuentros, charlas y reflexiones gestadas en el marco de procesos de luchas. Pretende invitar a pensar a partir de procesos de resistencia y organización en torno a prácticas de avasallamiento de la dignidad humana de lxs sujetxs y colectivos, hacia hombres y mujeres, LGBTIQ+, niñxs y adolescentes; hacia pueblos que, al ver vulnerada su dignidad e integridad, se están dando procesos de organización para transformar la realidad y haciéndose de herramientas conceptuales para entenderla y explicarla. A partir de una mirada relacional de los procesos y dinámicas económicas, sociales, políticas, culturales en la que no es posible pensar, por ejemplo, lo educacional alejado de las relaciones de poder y el capital económico en la que se gestan estos procesos. Estas relaciones también se vinculan con los procesos lingüísticos que, por ejemplo, tampoco se dan escindidos de lógicas de desposesión de territorios, en la que los abusos y explotación laboral, las estafas laborales, la trata laboral o con fines de explotación sexual, las desapariciones forzadas, no se dan sin un Estado que haga o deje de hacer, a través de sus fuerzas de seguridad, sus leyes, su aparato de justicia.

Sociology of Sport Kevin Young, 2016-11-21 The Sociology of Sport has grown since its inception in the late 1950s and has become robust, and diverse. Many countries now boast strong scholars in the field and this volume reflects the fascinating research being done. This innovative volume is dedicated to a review of the state of the area by region.

People, Care and Work in the Home Mohamed Gamal Abdelmonem, Antonio Argandoña, 2020-05-18 Introducing novel theoretical, empirical and practical investigations with case studies from UK, Europe, South America and South East Asia,

the book offers a novel global outlook on how contemporary homes are facing genuine challenges from operational, economic, spatial, social and wellbeing perspectives. The changing demographics of our modern society have inevitably impacted the dynamics and relationships within the home from being personal and private to that of multiple work relationships; domestic work, care for older people, or supporting people with special needs. Whilst the home is a concept universally experienced, permeating every aspect of our lives, it remains an entity whose influence on health and wellbeing is poorly understood. This book brings together 17 different contributions from scholars, researchers and practitioners from different disciplinary and professional backgrounds including three feature articles by leading figures, such as Lord Best and Baroness Hollins. The chapters are organised within three parts that look at the triangle of people + work + care in the home. At a time when homes are increasingly becoming local hubs for care and wellbeing, this volume is a critical and useful addition to current literature in the social sciences, humanities, economics, culture, care and wellbeing in the domestic sphere.
