Wonder Woman Vera J. Camden,Valentino L. Zullo,2021-12-05 Through a celebration and critique of the comics character of Wonder Woman, this collection takes up the historical trends that have changed the world of comics, American popular culture, and feminism. In honor of the 75th anniversary of the comic book super heroine Wonder Woman in 2016, Kent State University and the Cleveland Public Library partnered to celebrate the intersections of public literacy, comics, and feminism in a jointly sponsored symposium. Centering on the figure of Wonder Woman, the special issue of the Journal of Graphic Novels and Comics that this volume is based on collected the presentations and interviews from the event. This book will fortuitously appear in honor of Wonder Woman's 80th anniversary and pays respect to herstory while recognizing her perpetual relevance to our present day, and beyond. Like its progenitor, it reflects the historical trends that have changed the world of comics, American popular culture, and feminism so relevant to our current moment. It also highlights an interview with Mariko Tamaki, the current writer of Wonder Woman comics, as well as new editorial reflections in a Foreword and an Afterword.

Resist and Persist Amanda Firestone,Leisa A. Clark,2020-05-25 To many, the world appears to be in a state of dangerous change. News and fictional media alike report that these are dark times, and narratives of social resistance imbue many

facets of Western culture. The new essays making up this collection examine different events and themes of the 2010s that readily acknowledge the struggling state of things. Crucially, these essays look to the resistance and political activism of communities that seek to make long-reaching and institutional changes in the world through a diverse group of media texts. They scrutinize how a society relates to injustices and how individuals enact a desire for change. The authors analyze a broad range of works such as texts as *Awake: A Dream from Standing Rock*, *Black Panther*, *The Death of Stalin*, *Get Out*, *Jessica Jones*, *Hamilton*, *The Shape of Water*, and *Star Wars: The Last Jedi*. By digging into these and other works, as well as historic events, the contributors explicate the soul-deep necessity of pushing back against injustice, whether personal or cultural.

Politics Go to the Movies Joel R. Campbell, 2022-03-14 Movies and television series are excellent tools for teaching political science and international relations. Understanding how stories in various film and television genres illustrate political ideas can better assist students and fans understand and appreciate the political subtext of these media products. This book examines politics through five film genres and their variants. Gangster movies focus on American and other organized crime. They reached their zenith in the films of Francis Ford Coppola and Martin Scorsese. Political thrillers express paranoia about secrecy and political conspiracies, while action movies channel anger at foreign and domestic threats to order. Superhero films and TV present modern characters who seek to serve society as they face personal struggles about their individual identities. War movies promote positive images of wars when conflicts are perceived as successful, but often include antiwar messages when wars turn out badly. Western movies fell out of favor in the 1970s and 1980s but have undergone a renaissance since the 1990s. Westerns can be taken as either political parables, or as meditations on policing, anarchy, community organization. The author argues that while these genres all offer escape, they also offer important political lessons.

Heroines of Film and Television Norma Jones,Maja Bajac-Carter,Bob Batchelor,2014-04-04 As portrayals of heroic women gain ground in film, television, and other media, their depictions are breaking free of females as versions of male heroes or simple stereotypes of acutely weak or overly strong women. Although heroines continue to represent the traditional roles of mothers, goddesses, warriors, whores, witches, and priestesses, these women are no longer just damsels in distress or violent warriors. In *Heroines of Film and Television: Portrayals in Popular Culture*,award-winning authors from a variety of disciplines examine the changing roles of heroic women across time. In this volume, editors Norma Jones, Maja Bajac-Carter, and Bob Batchelor have assembled a collection of essays that broaden our understanding of how heroines are portrayed across media, offering readers new ways to understand, perceive, and think about women. Contributors bring fresh readings to popular films and television shows such as *The Girl with the Dragon Tattoo*, *Kill Bill*, *Buffy the Vampire Slayer*, *Weeds*, *Mad Men*, and *Star Trek*. The representations and interpretations of these heroines are important reflections of popular culture that simultaneously empower and constrain real life women. These essays help readers gain a more complete understanding of female heroes, especially as related to race, gender, power, and culture. A companion volume to *Heroines of Comic Books and Literature*, this collection will appeal to academics and broader audiences that are interested in women in popular culture.

Directing Virginia Wright Wexman,2018-01-10 When a film is acclaimed, the director usually gets the lion's share of the credit. Yet the movie director's job—especially the collaborations and compromises it involves—remains little understood. The latest volume in the *Behind the Silver Screen* series, this collection provides the first comprehensive overview of how directing, as both an art and profession, has evolved in tandem with changing film industry practices. Each chapter is written by an expert on a different period of Hollywood, from the silent film era to today's digital filmmaking, providing in-depth examinations of key trends like the emergence of independent production after World War II and the rise of auteurism in the 1970s. Challenging the myth of the lone director, these studies demonstrate how directors work with a multitude of other talented creative professionals, including actors, writers, producers, editors, and cinematographers. *Directing* examines a diverse range of classic and contemporary directors, including Orson Welles, Tim Burton, Cecil B. DeMille, Steven Soderbergh, Spike Lee, and Ida Lupino, offering a rich composite picture of how they have negotiated industry constraints, utilized new technologies, and harnessed the creative contributions of their many collaborators throughout a century of Hollywood filmmaking.

100 Spiritual Movies to See before You Die John A. Zukowski,2023-11-15 Spiritual themes are common in movies: The unconventional savior. The hero's journey. The redemption tale. The balance of creation. Journalist John A. Zukowski reflects

on twelve major spiritual themes in the world of cinema, discussing films from *Dead Man Walking* to *Bruce Almighty*, from *Groundhog Day* to *Chariots of Fire*, and many more. See them all—read them all—before you die!

The Werewolf Filmography Bryan Senn, 2017-02-06 From the horrific to the heroic, cinematic werewolves are metaphors for our savage nature, symbolizing the secret, bestial side of humanity that hides beneath our civilized veneer. Examining acknowledged classics like *The Wolf Man* (1941) and *The Howling* (1981), as well as overlooked gems like *Dog Soldiers* (2011), this comprehensive filmography covers the highs and lows of the genre. Information is provided on production, cast and filmmakers, along with critical discussion of the tropes and underlying themes that make the werewolf a terrifying but fascinating figure.

Gothicka Victoria Nelson, 2012-05-08 To explain the millennial shift away from the traditionally dark Protestant post-Enlightenment Gothic, Nelson studies the complex arena of contemporary Gothic subgenres that take the form of novels, films, and graphic novels. She considers the work of Dan Brown and Stephenie Meyer, graphic novelists Mike Mignola and Garth Ennis, Christian writer William P. Young (author of *The Shack*), and filmmaker Guillermo del Toro. She considers twentieth-century Gothic masters H.P. Lovecraft, Anne Rice, and Stephen King in light of both their immediate ancestors in the eighteenth century and the original Gothic--the late medieval period from which Horace Walpole and his successors drew their inspiration. Fictions such as the *Twilight* and *Left Behind* series do more than follow the conventions of the classic Gothic novel. They are radically reviving and reinventing the transcendental worldview that informed the West's premodern era. As Jesus becomes mortal in *The Da Vinci Code* and the child Ofelia becomes a goddess in *Pan's Labyrinth*, Nelson argues that this unprecedented mainstreaming of a spiritually driven supernaturalism is a harbinger of what a post-Christian religion in America might look like.

At the Movies Word Search Puzzles Ilene J. Rattiner, 2018-10-17 One hundred puzzles feature names of actors, directors, characters, key plot points, dialogue, and more from such big-screen blockbusters as *Annie Hall*, *Casablanca*, *Citizen Kane*, *ET the Extra-Terrestrial*, more.

Beyond the New Romanian Cinema Andrei Gorzo, Veronica Lazăr, 2023-06-01 “A stellar representative of the New Romanian Cinema, Radu Jude also belongs to a select group of politically-minded East European filmmakers who have taken as their subject the nature of the media and the circulation of images (Vertov and Eisenstein, Dušan Makavejev, the Ukrainian documentari- an Sergei Loznitsa). For that reason, Andrei Gorzo and Veronica Lazăr’s *Beyond the New Romanian Cinema: Romanian Culture, History, and the Films of Radu Jude* is both welcome and essential.” / J. Hoberman, author of *The Red Atlantis: Communist Culture in the Absence of Communism* “*Beyond the New Romanian Cinema: Romanian Culture, History, and the Films of Radu Jude* delivers what it promises in its title, and offers more. It locates Radu Jude’s films against the backdrop of the New Romanian Cinema, a phenomenon which put Romanian cinema on the map of European and world cinema, arguing that Jude overcame a certain sterility and timidity of this movement by creating a very rich and versatile body of work, comprising films of different genres and formats. At the same time as offering a meticulous and thought-provoking analysis of Jude’s films, the authors use them to explore the strengths and limitations of the auteurist paradigm, both in Romania and more widely.” / Ewa Mazierska, Professor of Film Studies, University of Central Lancashire “This impressive study of filmmaker Radu Jude is invaluable not only for its acute critical observations, but also for its intelligent, informed commentary on Romanian cinema, culture, and society in general. I learned something important on virtually every page. Highly recommended.” / James Naremore, author of *The Magic World of Orson Welles*, *Acting in the Cinema*, and *On Kubrick* “Andrei Gorzo and Veronica Lazăr offer a comprehensive and refined analysis of the films of Radu Jude, a filmmaker who has emerged with one of the most uncompromising voices ranging from the farcical macabre political satire to a philosophical interrogation of representation, and who has addressed the most daring topics after the first wave of the so-called New Romanian Cinema. The monograph manages to combine a wide-angle film-historical and cultural perspective with an in-depth investigation unravelling the ways in which Jude’s cinema is ‘updating’ the legacy of European modernism in order to engage with pressing issues of Romanian culture and history.” / Ágnes Pethő, Professor of Film Studies, Sapientia Hungarian University of Transylvania

Hero Debut Angela Ruth Strong, 2023-08-29 Another sparkling feel-good romance, brimming with perfect doses of heart and heat!-- Bethany Turner, award-winning author of *The Do-Over* Gemma Bennett is the leading lady of her own life, and her true love is writing screenplays. With her trusty pink notebook in hand, she signs up for the Citizen's Safety Academy to

research her newest blockbuster hope, a rom-com with a police officer as the hero. And the fact that the handsome and heroic Lieutenant Karson Zellner is the one leading the training? Well, who can blame her for wanting to spend evenings with the man she swooned over months ago when he responded to a call at her apartment? Karson already has his fair share of problems before Gemma shows up, and he's not exactly a fan of the ditzy blonde who can't seem to stay out of trouble. The last thing he needs is a damsel in distress to rescue; there are plenty of people in real need of his help. The fact that she seems to think his job makes him a superhero is just one more strike against her. This isn't a movie, and he feels like the furthest thing from a leading man. Gemma can't seem to stop doing the worst, most embarrassing things at just the wrong time. And as time goes on, Gemma begins to realize that the scripts for a perfect screenplay and a real-life happily-ever-after are two very different things. Can she step out of her own way to find the hero her story needs?
