119R-21: Cost Estimate Accuracy Range and ... - AACE ... The approach used in Table 1 of the AACE estimate classification RPs and in this RP is to report the range at an 80% confidence interval (i.e., the p10 and p90 range) around the total cost including contingency set at the p50 confidence level. *18R-97: Cost Estimate Classification System As ... - AACE ...* This recommended practice provides guidelines for applying the principles of estimate classification specifically to project estimates for engineering, procurement, and construction (EPC) work for the process industries. **87R-14: Cost Estimate Classification System As ... - AACE ...** As a recommended practice (RP) of AACE International, the Cost Estimate Classification System provides guidelines for applying the general principles of estimate classification to project cost estimates (i.e., cost estimates that are used to evaluate, approve, and/or fund projects). *34R-05: Basis of Estimate - AACE International* As a recommended practice (RP) of AACE International, the template outlined in the following sections provides guidelines for the structure and content of a cost basis of estimate. *115R-21: Cost Estimate Classification System - AACE ...* Table 1 provides a summary of the characteristics of five estimate classes. For all applications of this RP to the nuclear capital and plant modification projects, the maturity level of preparation and planning definition is the primary characteristic of the estimate class, not the timeline or gate. *41R-08: Understanding Estimate Ranging - AACE International* The RP now describes and provides considerations for a general class of estimate ranging quantitative risk analysis (QNRA) methods. It also directs readers to other estimating ranging related references and QNRA methods. **AACE | Cost Engineering & Project Controls Professionals** AACE International advances cost engineering and project controls worldwide. Join AACE for certification, resources, and a global community of professionals. *107R-19: Cost Estimate Classification System As ... - AACE ...* This recommended practice provides guidelines for applying the principles of estimate classification specifically to project estimates for engineering, procurement, and construction (EPC) work for environmental remediation industries. **105R-19: Estimate Requirements Document As Applied in ...** These sections provide basic guidelines for the development of a basis of estimate for some of the more common methodologies used in the development of these classes of estimate. *27R-03: Schedule Classification System - AACE International* This classification guideline is intended to help those involved with project schedules to avoid misinterpretation of the various classes of schedules and to avoid their misapplication and misrepresentation.
