It's One O'Clock and Here Is Mary Margaret McBride Susan Ware, 2005-02-07 One of the most beloved radio show hosts of the 1940s and 1950s, Mary Margaret McBride (1899—1976) regularly attracted between six and eight million listeners to her daily one o'clock broadcast. During her twenty years on the air she interviewed tens of thousands of people, from President Harry Truman and Frank Lloyd Wright to Rachel Carson and Zora Neale Hurston. This is her story. Five decades after their broadcast, her shows remain remarkably fresh and interesting. And yet McBride—the Oprah Winfrey of her day—has been practically forgotten, both in radio history and in the history of twentieth-century popular culture, primarily because she was a woman and because she was on daytime radio. Susan Ware explains how Mary Margaret McBride was one of the first to exploit the cultural and political importance of talk radio, pioneering the magazine-style format that many talk shows still use. This radio biography recreates the world of daytime radio from the 1930s through the 1950s, confirming the enormous significance of radio to everyday life, especially for women. In the first in-depth treatment of McBride, Ware starts with a description of how widely McBride was revered in the mid-1940s—the fifteenth anniversary party for her show in 1949 filled Yankee Stadium. Once the readers have gotten to know Mary Margaret (as everyone called her), Ware backtracks to tell the story of McBride's upbringing, her early career, and how she got her start in radio. The latter part of the book picks up McBride's story after World War II and through her death in 1976. An epilogue discusses the contemporary talk show phenomenon with a look back to Mary Margaret McBride's early influence on the format.

Encyclopedia of Gender in Media Mary Kosut,2012-05-01 The media strongly influences our everyday notions of gender roles and our concepts of gender identity. The Encyclopedia of Gender in Media critically examines the role of the media in enabling, facilitating, or challenging the social construction of gender in our society. The work addresses a variety of entertainment and news content in print and electronic media and explores the social construction of masculinity as well as femininity. In addition to representations of gender within the media, we also analyze gender issues related to media ownership and the media workforce. Despite an abundance of textbooks, anthologies, and university press monographs on the topic of gender in media, until now no comprehensive reference work has tackled this topic of perennial interest in student research and papers. Features and benefits: 150 signed entries (each with Cross References and Further Readings) are organized in A-to-Z fashion to give students easy access to the full range of topics within gender in media. A thematic Reader's Guide in the front matter groups related entries by broad topical or thematic areas to make it easy for users to find related entries at a glance, with themes including Discrimination & Media Effects, Media Modes, New Media, Media Portrayals & Representations, Biographies, and more. In the electronic version, the Reader's Guide combines with a detailed Index and the Cross References to provide users with robust search-and browse capacities. A Chronology in the back matter helps students put individual events into broader historical context. A Glossary provides students with concise definitions to key terms in the field. A Resource Guide to classic books, journals, and web sites (along with the Further Readings accompanying each entry) helps guide students to further resources for their research journeys. An Appendix provides users with a number of reports related to gender in media.
