Love in the Time of Cholera (Illustrated Edition) Gabriel García Márquez,2020-10-27 A beautifully packaged edition of one of García Márquez's most beloved novels, with never-before-seen color illustrations by the Chilean artist Luisa Rivera and an interior design created by the author's son, Gonzalo García Barcha. In their youth, Florentino Ariza and Fermina Daza fall passionately in love. When Fermina eventually chooses to marry a wealthy, well-born doctor, Florentino is devastated, but he is a romantic. As he rises in his business career he whiles away the years in 622 affairs—yet he reserves his heart for Fermina. Her husband dies at last, and Florentino purposefully attends the funeral. Fifty years, nine months, and four days after he first declared his love for Fermina, he will do so again.

Love in the Time of Ethnography Lucinda Carspecken,2017-11-15 Love in the Time of Ethnography explores love - variously defined - as an important facet of human life and a worthy focus of study. The authors look at love in association with an Alevi and Sunni couple in Turkey, organizers of Mexican American and immigrant youth movements, Christian missionaries in China, an elderly man with dementia, two women “coming home” to queer identity, a White researcher working with Black women in the US, the common ground between Dogen’s Zen teachings and Habermas's critical theory, an Albanian Sufi community in Michigan and interactions between humans and the natural world. It also includes theoretical writing on the place of love in social analysis, whether this involves relationships between researchers and participants or the nature of human connection itself. The authors argue that social research is an affective process as well as a cognitive one, and that fellow feeling is an essential component of making sense of the world. Along with more traditional scholarly forms, the contributors to this book use auto-ethnography, life stories, archival research and poetry, noting that style itself conveys information and emotion. Writing is always to some extent partisan. While anthropologists and other social researchers have explored this idea over the last few decades, they have more often explored it with an eye to critique than to the ideals underlying that critique. This is a collection of essays about what ethnographers are aiming for as well as the problems they address, and the authors discuss ethical principles like agape, hizmet and cariño as rationales for ethnography and rationales

for social change.

Romantic Love in Cultural Contexts Victor Karandashev, 2016-12-24 This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people, in various historical eras, and in all the world's cultures. Yet, love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel, think, and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting-edge research that has advanced the field. Divided into three parts, the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world, focusing particularly on the development of romantic love as a cultural ideal of the modern cultures. Finally, the book concludes by summarizing the major achievements in this field of study and predicts future development. A timely and thoughtful addition to the literature, *Romantic Love in Cultural Contexts* delivers thought-provoking insights to researchers in relationship scholarship, sociology, anthropology, and cultural studies, and all those interested in the universal human concept of love. Overall I find Dr. Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross-cultural research and of anthropology. In our increasingly connected world *Romantic Love in Cultural Contexts* updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures. Romantic love encompasses the life span, rather than being a phenomenon largely confined to youthful years. The topic of this project concerns the deepest of our sentiments and pervades life from birth to death. This book contributes to better knowledge of this phenomenon across generations. The Milkweed Man Brady Rhoades, 2019-05-30 In *The Milkweed Man*, Rhoades shambles through Hollywood, La Paz, Lake Quihana, the outer purloigns of London, through shelters, ERs, bars, parks, and brings the characters there to bear, in 40-plus poems and two short stories. Here, you'll meet Big Jim, Alessandro, Medicated Kym, the guarra, and others, "some portions in ruins, some crumbling, some standing somehow."

Stranger Than a Green Dog Paul Sedory, 2011-03 For 12 years Paul Sedory trekked across Europe, the Middle East and Africa in search of nothing much in particular. Despite his greatest attempts to avoid purpose, he did have a few (mis)adventures along the way and learned a thing or two. Within these pages you will find observations on philosophy, politics, and religion; on love, romance, and sex; on people, places and the nitty-gritty of backpacker travel.

The Simplicity of Dementia Huub Buijssen, 2005-02-15 This book offers an accessible and sympathetic introduction for relatives, carers and professionals looking after or training to work with people with dementia. Drawing on the two 'laws of dementia', the author explains the causes of communication problems, mood disturbances and 'deviant' behaviours.

Border Culture Ilan Stavans, 2010-02-09 The border between the United States and Mexico, despite attempts at containment, remains a vast and uniquely malleable yet indefinable region. With *Border Culture*, Ilan Stavans has collected essays representative of the tangled experiences and issues central to life between cultures. Divided into two sections, *Border Culture* covers topics essential to better understanding this often misunderstood region and state-of-mind. The first section, *Considerations*, culls essays covering socio-economic and political topics illustrating the hyper reality of life and living on *La Frontera*. Section two, *Testimonios*, takes careful consideration of lives affected by the border, either as a finite place, alternate universe, or the framework of the border as a state-of-mind, through various historic and literary accounts of *La Frontera*. This enlightening and comprehensive collection will no doubt help readers better understand border culture.

Love In The Time Of Global Warming, With Betty And Veronica, And Zombies Martin Avery, 2013-09-04 Love In The Time Of Global Warming, With Betty And Veronica, and Zombies, lives up to all the promise in its title. Fidel & Gabo Angel Esteban, 2011-10-12 An exposé of the controversial friendship between Nobel-prize winning author Gabriel Garcia Marquez and Fidel Castro. Few contemporary writers are more revered by Americans than Gabriel Garcia Marquez, the Nobel prize-winning author of *Love in the Time of Cholera* and *One Hundred Years of Solitude*. And few political leaders are more reviled than Fidel Castro. Yet these two seemingly disparate men are close friends. What could possibly unite these two men in friendship? In *Fidel and Gabo*, Márquez scholars Ángel Esteban and Stéphanie Panichelli examine this strange, intimate, and incredibly controversial friendship between the beloved author and Cuban dictator, exposing facets of their personalities never before revealed to the greater public. For years, Márquez, long fascinated with power, solicited and flattered Castro in hopes of a personal audience, for he viewed Castro's Cuba as the model on which Latin American would one day build its own brand of socialism. Upon their first meeting, Castro quickly came to regard Márquez as a genius and still calls him his closest friend and confidant. To this day, Márquez still gives Castro “first look” at all his manuscripts and craves his approval. *Fidel and Gabo* is a vivid and in-depth look at two of the most influential men of the modern era, their worlds, and the effect this friendship has had on their life and works.

Summer Reading Hilma Wolitzer, 2008 The lives of three very different women--Lissy Snyder, a beautiful, insecure newlywed and unwilling stepmother; her resentful, nosey housecleaner, Michelle; and Angela Graves, the bookish, solitary head of a local book group--intersect over the course of a summer in the Hamptons as they find their reading choices changing their lives forever. Reprint. 15,000 first printing.

Carson McCullers in the Twenty-First Century Alison Graham-Bertolini, Casey Kayser, 2016-10-26 The contributors to this volume use diverse critical techniques to identify how Carson McCullers' writing engages with and critiques modern social structures and how her work resonates with a twenty-first century audience. The collection includes chapters about McCullers' fiction, autobiographical writing, and dramatic works, and is groundbreaking because it includes the first detailed scholarly examination of new archival material donated to Columbus State University after the 2013 death of Dr. Mary Mercer, McCullers' psychiatrist and friend, including transcripts of the psychiatric sessions that took place between McCullers and Mercer in 1958. Further, the collection covers the scope of McCullers' canon of work, such as *The Heart Is a Lonely Hunter* (1940), *The Member of the Wedding* (1946), and *Ballad of the Sad Café* (1943), through lenses that are of growing interest in contemporary literary studies, including comparative transatlantic readings, queer theory, disability studies, and critical animal theory, among others.
