Spectacular Miracles Jane Garnett, Gervase Rosser, 2013-06-15 Winner of the ACE / Mercers' Book Award 2014
Spectacular Miracles confronts an enduring Western belief in the supernatural power of images: that a statue or painting of the Madonna can fly through the air, speak, weep, or produce miraculous cures. Although contrary to widely held assumptions, the cults of particular paintings and statues held to be miraculous have persisted beyond the middle ages into the present, even in a modern European city such as Genoa, the primary focus of this book. Drawing upon rich documentation from northwest Italy and elsewhere, Spectacular Miracles shows how these images “work” in a range of historical contexts. Jane Garnett and Gervase Rosser vividly evoke ritual animation of the image and the phenomenology of the beholder’s experience. These images, they demonstrate, have the subversive potential of the miraculous image to bypass clerical and secular authority, a power enhanced by reproducibility—devotion is hard to control when a copy of a venerated image is held to carry the same supernatural potential as the original, even when in a digital form mediated by the Internet. Engaging with the history, anthropology, and visual culture of images and religion, Spectacular Miracles is a convincing study of the continuing power of faith and art.

To the discovery of the Chianti Wine Road. From Florence to San Gimignano and Siena passing by way of Volterra Danilo Papi, 2019-07-03 Does another Chianti guide really make sense? It does, if written by an author hailing from Chianti. The author is indeed a real Chianti native who, with his camera, has traveled this territory far and wide to accompany us through its extraordinary particularities. Very often there is still a lack of adequate support to visit the so-

called minor areas, which indeed are not minor, as shown by the Chianti territory so rich in art, breathtaking landscapes, history and food. This guide wants to fill this void, accompanying us with simplicity and frankness through unusual itineraries, villages, churches and abbeys where, in addition to works of art, we will be able to learn about lesser-known glimpses, Tuscan expressions, owners of shops and clubs frequented by Chianti residents, the “chiantigiani”. Briefly, there is everything we need here: a local friend who, with suggestions, anecdotes and advices, accompanies us in discovering Chianti with some excursions to the nearby wonders of Florence, Siena, San Gimignano, Certaldo, Volterra.

Italy: Emilia-Romagna Dana Facaros and Michael Pauls, 2025-04-25 The new, extensively updated second edition of Bradt's Emilia-Romagna is the most thorough and in-depth guidebook available to this entire north Italian region (not just Bologna and the main cities). This region blends the best of Italy: a gastronomic hub, elegant cities with vibrant cultural offerings and a coastline favoured by the Italians themselves. Emilia-Romagna combines the rich farmlands of the Po plain with dazzling cities strung like pearls along the straight-as-a-die Via Emilia. The regional capital, Bologna, is home to the world's oldest university, while the smaller cities are strikingly different, year-round destinations. Parma (the town of Correggio) has opera at its heart and prosciutto to delight the palate; Modena, with its stupendous medieval cathedral and world-famous balsamic vinegar, once home to Pavarotti and still to Ferrari; Ferrara boasts the House of Este's spectacular Renaissance architecture; Ravenna glitters with Byzantine mosaics; and Rimini - immortalised by Fellini in *Amarcord* - offers the hedonistic attractions of the coast. Then there are the Apennines along the Tuscan border, where you can venture beyond the flatlands of the Po to go trekking, cycling and skiing. Here lie some of the region's prettiest villages and towns, including Vignola, famous for cherries, and lovely medieval Castell'Arquato and the beautifully preserved Brisighella (famed for its olive oil and Moretto artichokes). Meanwhile, to the east, Romagna holds long sandy Adriatic beaches, wildlife-filled lagoons around the Po Delta, and the world's smallest republic, San Marino. Written by expert authors Dana Facaros and Michael Pauls, possibly the world's most experienced travel writers on Italy, and updated by Italy aficionados Andrew and Suzanne Edwards, Bradt's Emilia-Romagna is the definitive guide to this diverse, authentic area. A strong focus on historical context, art and culture is complemented by extensive practical detail for travelling around - from restaurants and accommodation to shopping and the FICO Eataly food theme park. New coverage in this edition includes literary tourism near Rimini and Ferrara, the Fellini Museum, the Fondazione MAST technology museum, the Via Romagna cycle path, birdwatching in the Po Delta, and Po Grande Reserve. With Bradt's Emilia-Romagna you can discover all of this and more.
