Because They Hate Brigitte Gabriel, 2008-01-08 A political memoir and passionate call to arms from a Christian Arab who witnessed the deadly beginnings of fundamentalist Islam

Because They Hate Brigitte Gabriel, 2024-07-02 Brigitte Gabriel lost her childhood to militant Islam. In 1975 she was ten years old and living in Southern Lebanon when militant Muslims from throughout the Middle East poured into her country and declared jihad against the Lebanese Christians. Lebanon was the only Christian influenced country in the Middle East, and the Lebanese Civil War was the first front in what has become the worldwide jihad of fundamentalist Islam against non-Muslim peoples. For seven years, Brigitte and her parents lived in an underground bomb shelter. They had no running water or electricity and very little food; at times they were reduced to boiling grass to survive. *Because They Hate* is a political wake-up call told through a very personal memoir frame. Brigitte warns that the US is threatened by fundamentalist Islamic theology in the same way Lebanon was— radical Islam will stop at nothing short of domination of all non-Muslim countries. Gabriel saw this mission start in Lebanon, and she refuses to stand silently by while it happens here. Gabriel sees in the West a lack of understanding and a blatant ignorance of the ways and thinking of the Middle East. She also points out mistakes the West has made in consistently underestimating the single-mindedness with which fundamentalist Islam has pursued its goals over the past thirty years. Fiercely articulate and passionately committed, Gabriel tells her own story as well as outlines the history, social movements, and religious divisions that have led to this critical historical conflict.

America & Islam Lawrence Pintak, 2019-06-27 Donald Trump's first term as the 45th President of the United States of America has shocked the world. His attitudes towards Islam became a key point of contention on the campaign trail, and in power Trump has continued his war of divisive words and deeds. Here, acclaimed journalist Lawrence Pintak scrutinizes America's relationship with Islam since its foundation. Casting Donald Trump as a symptom of decades of misunderstanding and demonization of the Islamic world, as well as a cause of future tensions, Pintak shows how and why America's relationship with the world's largest religion has been so fractious, damaging and self-defeating. Featuring unique interviews with victims and perpetrators of Trump's policies, as well as analysis of the media's role in inflaming debate, *America & Islam*

seeks to provide a complete guide to the twin challenges of terrorism and the polarizing rhetoric that fuels it, and sketches out a future based on co-operation and the reassertion of democratic values.

Trump Aftershock Stephen E. Strang, 2018-11-06 Foreword by Jerry Falwell Jr This book will cut through the media noise and reveal what the media won't cover while objectively helping you understand what our nation's most unlikely and unconventional president has accomplished. If Donald Trump's election was an earthquake, his accomplishments since then are the aftershocks the world never saw coming. The Trump agenda, promoted daily to millions of voters is helping to make America great again. At the same time, the opposition's agenda is to obstruct and ultimately impeach Donald Trump. Trump Aftershock by Stephen E. Strang explores how Trump's agenda aims to: Free the economy and stock market to boom as never before Restore the federal courts with judges who rule by the Constitution, not legislate from the bench Address the surge of illegal immigration Rebuild the US military to ensure peace through strength Combat the media's fake news war on the president Deal with Kim Jong-Un, Vladimir Putin, and others through an unconventional approach to foreign policy Expose the deep state and the agenda of former President Obama Strengthen ties with Israel and find a lasting peace in the Middle East Protect religious liberty and traditional values Uplift America's standing in the world while putting America's interests first And more! In Trump Aftershock, Strang explores Trump's effect on American culture from a Christian perspective. Additional Features: Full-color photo section capturing significant moments in the Trump presidency Graphs and charts to illustrate the latest research and data Includes Trump's 500 Days of American Greatness

Scapegoating Islam Jeffrey L. Thomas, 2015-09-15 Exploring the experience of Muslims in America following 9/11, this book assesses how anti-Muslim bias within the U.S. government and the larger society undermines American security and democracy. In the aftermath of the events of September 11, 2001, Muslims in America have experienced discrimination and intolerance from the U.S. government and American citizens alike. From religious and ethnic profiling to hate crimes, intolerance against Muslims is being reinforced on multiple levels, undercutting the Muslim community's engagement in American society. This text is essential for understanding how the unjust treatment of American Muslims following September 11 has only served to alienate the Muslim community and further divide the United States. Authored by an expert analyst of policy for 20 years, this book explores the prejudice against Muslims and how the actions of the U.S. government continue to perpetuate fear and stereotypes within U.S. citizens. The author posits that by respecting the civil rights of Muslims, the government will lead by example in the acceptance of American Muslims, improving homeland security along with the lives of Muslims living in the United States.

Christianity, Islam and Atheism William Kilpatrick, 2012-09-26 For many Americans the attack on the World Trade Center on September 11, 2001, was the first time they had considered Islam. Were the terrorists motivated by the true dictates of their religion, or had they hijacked Islam as well as the planes in a political cause unrelated to the teachings of Muhammad?

Christianity, Islam, and Atheism argues that Islam is a religion of conquest and subjugation and that in spite of 9 /11 and thousands of other terrorist attacks throughout the world, many in the West still do not know or admit this because it conflicts with their multiculturalism and their belief in the equivalence of all cultures and religions. To meet the challenge from Islam, Christians need to know more about the important differences between Islam and Christianity, yet many have been lulled into complacency by the misleading and largely unexamined assumption that the two religions are similar. The time that Christians spend in pursuing common ground is time that Islamic activists will use to press their radical agenda. In addition to challenging both the multicultural and common-ground approaches, William Kilpatrick also exposes the role played by atheists and secularists in advancing Islam. Despite paying lip service to freedom, radical secularists serve as enablers of radical Islam. The civil liberties that the West enjoys are the fruit of Christian civilization, Kilpatrick argues, and only a reawakened Christianity can defend them against Islam's advance.

In the Name of Education Jonas E. Alexis,2007 Alexis convincingly examines the crisis in education from a Christian perspective. (Social Issues)

Thirty-Three Secrets Arab Men Never Tell American Women Cassandra,2008-02-26 There exists in this world people who have no soul. Anyone who could inflict such endless cruelty on women and children is less than human. It's hard for me to find the precise words I can use to describe my feelings about this reading experience: deep sadness, blistering rage, and a

need to take revenge. Intellectually, I know all this is counterproductive, and a punishment inflicted upon myself. However, *Thirty-Three Secrets Arab Men Never Tell American Women: A Dissection of How Muslims Treat Women and Infidels* is a wake-up call for any women who would let her heart rule her head in personal relationships, no matter what the cultural background or religion.

The Restless Wind and Shifting Sands Harry J. Sweeney, 2010-01-12 With 1.4 billion practicing Muslims in the world it is necessary for all to better understand the culture and belief system. In *The Restless Wind and Shifting Sands*, author and Islamic scholar Harry J. Sweeney explains the intricacies and tenets of Islam. The educational discourse provides insight into the religion practiced by one out of five people worldwide. *The Restless Wind and Shifting Sands* explores the Islamic culture through a series of fictionalized private conversations between three friends Modi, Mani, and Radi who each represents the moderate, mainstream, and radical factions. Through their daily talks, the friends tackle all phases of Muslim life including arranged marriages, Islamic law, female genital mutilation, predestination, honor killing, Palestine, shariah, and the Quran. The men discuss how each belief drives Islamic culture and relations with non-believers. Filled with a wealth of information, the exchanges between friends seek to impart a better understanding of Islam and the challenges it poses for Western civilization. *The Restless Wind and Shifting Sands* communicates that the Islamic religion can contain its fundamentalist elements and work toward a peaceful future.

Crossovers Shlomo Sharan, 2018-02-06 *Crossovers* compares Jewish anti-Zionism and Palestinian anti-Semitism from political and philosophical points of view. The authors' goal is to expose what is unique about these phenomena, and what they share, so that both ideologies and their practical impact can be better understood. The authors identify a symbiotic

relationship between anti-Semitic Palestinian doctrines and those Jews who are anti-Zionists. There has been a great deal of research on these as separate phenomena, but there has thus far been no research that has noted their similarities. Palestinian anti-Semitism and Jewish anti-Zionism may stem from different sources, but they have similar consequences. Palestinian views derive from religious Islamic as well as nationalist-Arab roots, while the views of anti-Zionist Jews grew out of an ideological-Marxist-Trotskyite background. But both share a common goal: the destruction of the Jewish-Zionist nation, and a common strategy, to achieve a bi-national state as a first stage in the march to this goal. Jewish history is replete with examples of how Jews have ignored repeated threats and acts of violence against them. That characteristic of Jews reflects their Messianic belief, but it lacks a basis in history. That belief has resisted change even in the face of threats that were obvious and that have endangered Jewish lives in the past. Contemporary anti-Zionists share this optimistic outlook. Paradoxically, while the Jewish-Zionist State of Israel contends in public that another Holocaust will not happen and is patently impossible, the lesson of recent Jewish history is that a Holocaust can happen again. This work is unrelenting in its criticisms and tough minded in its assessments of the future. It merits careful, serious reading.

Islamophobia and the Politics of Empire Deepa Kumar, 2012-08-14 In response to the events of 9/11, the Bush administration launched a war on terror ushering in an era of anti-Muslim racism, or Islamophobia. However, 9/11 alone did not create Islamophobia. This book examines the current backlash within the context of Islamophobia's origins, in the historic relationship between East and West. Deepa Kumar is an associate professor of media studies and Middle East studies at Rutgers University and the author of *Outside the Box: Corporate Media, Globalization and the UPS Strike*. Kumar has contributed to numerous outlets including the BBC, USA Today, and the Philadelphia Inquirer.

The Question of Gender Judith Butler, Elizabeth Weed, 2011-07-20 A generation after the first publication of Joan W. Scott's influential essay, *Gender: A Useful Category of Historical Analysis*, this volume explores the current uses and valences of the term--and the ongoing influence of Scott's work in history and other disciplines. Leading scholars from history, philosophy, literature, art history, and other fields examine how gender has translated into their own disciplinary perspectives. How has the study of gender, independently or in conjunction with other axes of difference such as race, class, and sexuality, inflected existing fields of study and created new ones? To what extent has this concept modified or been modified by related paradigms such as women's and queer studies? With what discursive politics does the term engage, and with what effects? In what settings, and through what kinds of operations and transformations, can gender remain a useful category in the twenty-first century?

Understanding the Volatile and Dangerous Middle East Steven Carol, 2019-09-26 The Middle East can be bewildering, which is why we need to connect the dots that pull together the political, economic, diplomatic, military, cultural, and religious pieces of the puzzle. Professor Steven Carol slashes through the confusion with a topical approach, focusing on key issues such as the geographic features of the Middle East, demographics of the region, the influence of Islam, political processes, shifting alliances, war in the region, and the need for security. He also takes a careful look at perpetual negotiations, attempts to secure peace, and the role that the media play in how we view the region. His goal: to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs, misrepresentations, and outright fabrications about the region. In a bid to reclaim the truth, he shares basic principles, relying on factual supporting evidence to prove their validity. Seventy-eight maps and numerous tables make understanding complex topics easier. Whether you're a student, educator, bureaucrat or politician, you'll find insights based on facts in *Understanding the Volatile and Dangerous Middle East*.

On Human Conflict Lou Marinoff, 2019-02-13 *On Human Conflict* excavates the cavernous philosophical foundations of war and peace. The magnum opus is bracketed by the author's experience of the Cuban missile crisis as a schoolboy, and his witnessing of 9/11 as an adult. It studies the human species with an admixture of evolutionary insight, free-ranging horror, and heavily-guarded optimism. It is also the uncensored voice of a conservative philosopher who dares to speak his mind on contemporary conflicts—including the culture and gender wars, and Islamic jihad—in an age when political correctness has lowered an Ivy Curtain prohibiting freedom of expression on campus, and across Western civilization entire.
