Creole Subjects in the Colonial Americas Ralph Bauer, José Antonio Mazzotti, 2012-12-01 Creolization describes the cultural adaptations that occur when a community moves to a new geographic setting. Exploring the consciousness of peoples defined as creoles who moved from the Old World to the New World, this collection of eighteen original essays investigates the creolization of literary forms and genres in the Americas between the sixteenth and nineteenth centuries. *Creole Subjects in the Colonial Americas* facilitates a cross-disciplinary, intrahemispheric, and Atlantic comparison of early settlers' colonialism and creole elites' relation to both indigenous peoples and imperial regimes. Contributors explore literatures written in Spanish, Portuguese, and English to identify creole responses to such concepts as communal identity, local patriotism, nationalism, and literary expression. The essays take the reader from the first debates about cultural differences that underpinned European ideologies of conquest to the transposition of European literary tastes into New World cultural contexts, and from the natural science discourse concerning creolization to the literary manifestations of

creole patriotism. The volume includes an addendum of etymological terms and critical bibliographic commentary. Contributors: Ralph Bauer, University of Maryland Raquel Chang-Rodriguez, City University of New York Lucia Helena Costigan, Ohio State University Jim Egan, Brown University Sandra M. Gustafson, University of Notre Dame Carlos Jauregui, Vanderbilt University Yolanda Martinez-San Miguel, University of Pennsylvania Jose Antonio Mazzotti, Tufts University Stephanie Merrim, Brown University Susan Scott Parrish, University of Michigan Luis Fernando Restrepo, University of Arkansas, Fayetteville Jeffrey H. ECONOMIA Y SOCIEDAD EN EL AMBITO DEL MONASTERIO DE PALAZUELOS Fernando Herrero Salas, 2015-05-26 A partir del estudio general de la época y más específicamente del que nos proporcionan los numerosos libros de cuentas del monasterio y otras fuentes paralelas tanto monásticas como laicas hemos trazado un cuadro histórico de carácter económico y social de una zona específicamente cerealística, básica para la economía campesina y general, puesto que era la agricultura el sostén básico de todo aquel tejido humano. Y hemos procurado enmarcarla en un contexto más amplio al que hacemos referencia continuamente. Así puede comprenderse mejor el impacto que la gran crisis del siglo XVII tuvo en la forma de vida de aquella sociedad sujeta a un devenir histórico tan negativo, al que la respuesta política fue tan inadecuada que nunca más se haría realidad el sueño vivido en gran parte del siglo XVI. Es de esa tierra castellana, tan castigada por la climatología, los impuestos y la escasa inversión, de donde se sacaron los recursos para los grandes logros aunque ese castigo al campo causó el retraso de una gran revolución industrial en el Reino de la Corona de Castilla en aras de una aspiración quijotesca de dominar el mundo sin racionalizar el gasto ni hacer un balance acertado de los riesgos, medios y las metas a conseguir. Las guerras agotaron los escasos recursos de una economía agraria de subsistencia y la constante intervención sobre la moneda hizo que se creara una economía paralela en que la macroeconomía absorbía recursos pero se alejaba de una economía creativa y de inversión, política propiciada por la Corona y por todos aquellos grandes cargados de títulos, tierras y orgullo, pero faltos de ingenio, solidaridad, sentido común y dirección.
