A Million Miles from Broadway Revised and Expanded Edition Mel Atkey, 2019 Musical theatre is --and always has been-- an international form, not just an American one. It can take root anywhere. Few people would realise that such hit standards as *The Glow Worm*, *Brazil*, *Mack the Knife*, *I Will Wait for You* and *El Condor Pasa* came from foreign language musicals. *A Million Miles from Broadway* --Musical Theatre Beyond New York and London looks at the history (and future) of work that exists outside of the two traditional centres. Mel Atkey has lectured internationally on musical theatre. He is also a composer and lyricist himself. When his musical *A Little Princess* (written with the late Robert Sickinger) opened, the *New York Times* praised its lovely music. His earlier book *Broadway North: the Dream of a Canadian Musical Theatre* has become the basis for courses taught in Canadian Universities, including Sheridan College, where the international hit musical *Come from Away* was born. Australian TV producer and musical writer Peter Pinne called it well documented, full of facts, and a compelling read for any musical theatre buff. --

Compiled from dozens of archival collections, this invaluable resource and authoritative reference includes both Lerner's classic works and numerous discoveries, including his unproduced MGM movie *Huckleberry Finn*, selections from his college musicals, and lyrics from three different versions of *Paint Your Wagon*. This collection also includes extensive material from Lerner's two most ambitious musicals: *Love Life*, to music by Kurt Weill, and *1600 Pennsylvania Avenue*, which Lerner wrote with Leonard Bernstein.

Manifestations of Masculine Magnificence Teresa N. Washington, 2014-02-25 *Manifestations of Masculine Magnificence: Divinity in Africana Life, Lyrics, and Literature* is a remarkable study and the first of its kind. Teresa N. Washington eschews popular culture's pimp myths and thug sagas and traces the Africana man's power, creativity, and consciousness to his inherent divinity. *Manifestations of Masculine Magnificence* takes the reader to the source of power with an analysis of African Divinities and divine technologies. Washington explores the permanence and proliferation of African Gods from oppressive plantations to the empowering proclamations of such leaders as W. D. Fard, Marcus Garvey, Father Divine, and Allah, the Father. Washington analyzes the summonses to and from the Gods that resonate in the music of such artists as Erykah Badu, The RZA, Sun Ra, X Clan, and Rakim. Using literary analysis as a prism to display the diversity of Africana divinity, Washington reveals the literature of such writers as August Wilson, Walter Mosley, Toni Morrison, Ngugi wa Thiong'o, and Ishmael Reed to be three-way mirrors that eternally reflect and project the Gods, their myriad powers, and their weighty responsibilities. *Manifestations of Masculine Magnificence* will prove indispensable to independent scholars as well as scholars of Comparative Literature, Hip Hop Studies, Gender Studies, Africana Studies, Literary Criticism, and Religious Studies.

The Words and Music of Paul McCartney Vincent P. Benitez Jr.,2010-03-23 This examination of the solo music of Paul McCartney, from 1970-2007, offers an analysis of his songs, recordings, and his impact on popular music. *The Words and Music of Paul McCartney: The Solo Years* examines the large and varied oeuvre of this deeply personal artist, showing how McCartney's stint as a Beatle continues to inform his solo music, as well as how he has transcended his days as a member of the Fab Four. After a biographical introduction, chronologically arranged chapters explore McCartney's music in the immediate aftermath of the breakup of the Beatles, his work with Wings during the 1970s, his collaborations with other artists during the 1980s, and his compositions of the 1990s, including his first forays into classical music. The examination also covers McCartney's critically acclaimed work in the first decade of the 21st century, including *Memory Almost Full* and *Ecce Cor Meum*, a composition written in the style of sacred English choral music. Throughout, the book supplies analytical insights and historical background to a repertoire that, surprisingly, has not previously been covered in detail.

In the Black Fantastic Ekow Eshun,2022-06-09 *In the Black Fantastic* assembles art and imagery from across the African diaspora that embraces ideas of the mythic and the speculative. Neither Afrofuturism nor Magic Realism, but inhabiting its own universe, *In the Black Fantastic* brings to life a cultural movement that conjures otherworldly visions out of the everyday Black experience and beyond looking at how speculative fictions in Black art and culture are boldly reimagining perspectives on race, gender, identity and the body in the 21st century. Transcending time, space and genre to span art, design, fashion architecture, film, literature and popular culture from African myth to future fantasies and beyond, this vital, timely and compelling publication is an expressive exploration of Black popular culture at its most wildly imaginative, artistically ambitious and politically urgent.

The Oxford Handbook of the Global Stage Musical Robert Gordon,Olaf Jubin,2023-11-14 The stage musical constitutes a major industry not only in the US and the UK, but in many regions of the world. Over the last four decades many countries have developed their own musical theatre industries, not only by importing hit shows from Broadway and London but also by establishing or reviving local traditions of musical theatre. In response to the rapid growth of musical theatre as a global phenomenon, *The Oxford Handbook of the Global Stage Musical* presents new scholarly approaches to issues arising from these new international markets. The volume examines the stage musical from theoretical and empirical perspectives including concepts of globalization and consumer culture, performance and musicological analysis, historical and cultural studies, media studies, notions of interculturalism and hybridity, gender studies, and international politics. The thirty-three essays investigate major aspects of the global musical, such as the dominance of Western colonialism in its early production and dissemination, racism and sexism--both in representation and in the industry itself--as well as current conflicts between global and local interests in postmodern cultures. Featuring contributors from seventeen countries, the essays offer informed insider perspectives that reflect the diversity of the subject and offer in-depth examinations of specific cultural and economic systems. Together, they conduct penetrating comparative analysis of musical theatre in different contexts as well as a survey of the transcultural spread of musicals.

The World of Bob Dylan Sean Latham,2021-05-06 This book features 27 integrated essays that offer access to the art, life, and legacy of one of the world's most influential artists.

Dreams and Dialogues in Dylans "Time Out of Mind" Graley Herren,2021-07-06 *Time Out of Mind* is one of the most ambitious, complex, and provocative albums of Bob Dylan's distinguished artistic career. The present book interprets the songs recorded for *Time Out of Mind* as a series of dreams by a single singer/dreamer. These dreams overlap and intermingle, but three primary levels of meaning emerge. On one level, the singer/dreamer envisions himself as a killer

awaiting execution for killing his lover. On another level, the song-cycle functions as religious allegory, dramatizing the protagonist's relentless struggles with his lover as a battle between spirit and flesh, earth and heaven, salvation and damnation. On still another level, *Time Out of Mind* is a meditation on American slavery and racism, Dylan's most personal encounter with the subject, but one tangled up in associations with the minstrelsy tradition and debates surrounding cultural appropriation. *Time Out of Mind* marks the culmination of several recurring themes that have preoccupied Dylan for decades, and it serves as a pivotal turning point toward his late renaissance in terms of both subject matter and intertextual approach.

Dana Andrews James McKay, 2014-01-10 Dana Andrews, arguably the finest minimalist actor of his generation, as one critic commented, could convey more with one look than many actors could with a soliloquy. In a film career spanning nearly five decades, Andrews appeared in some of Hollywood's most prestigious productions, including *The Ox-Bow Incident* (1943) and *The Best Years of Our Lives* (1946). His unique screen presence was shown at its best in such film noir classics as *Laura* (1944) and *Where the Sidewalk Ends* (1950). Beginning with an absorbing biographical chapter, this critical survey of Dana Andrews' screen career features a complete filmography with synopses, reviews, behind-the-scenes anecdotes and insightful comments from Andrews and his coworkers. A chronological list of television, radio and theater credits is included.

Listen to This Alex Ross, 2010-09-28 One of *The Telegraph's* Best Music Books 2011 Alex Ross's award-winning international bestseller, *The Rest Is Noise: Listening to the Twentieth Century*, has become a contemporary classic, establishing Ross as one of our most popular and acclaimed cultural historians. *Listen to This*, which takes its title from a beloved 2004 essay in which Ross describes his late-blooming discovery of pop music, showcases the best of his writing from more than a decade at *The New Yorker*. These pieces, dedicated to classical and popular artists alike, are at once erudite and lively. In a previously unpublished essay, Ross brilliantly retells hundreds of years of music history—from Renaissance dances to Led Zeppelin—through a few iconic bass lines of celebration and lament. He vibrantly sketches canonical composers such

as Schubert, Verdi, and Brahms; gives us in-depth interviews with modern pop masters such as Björk and Radiohead; and introduces us to music students at a Newark high school and indie-rock hipsters in Beijing. Whether his subject is Mozart or Bob Dylan, Ross shows how music expresses the full complexity of the human condition. Witty, passionate, and brimming with insight, *Listen to This* teaches us how to listen more closely.
