The Norton Anthology of American Literature Robert S Levine, Michael A Elliott, Sandra M Gustafson, Amy Hungerford, Mary Loeffelholz, 2017-01-04 The most-trusted anthology for complete works, balanced selections, and helpful editorial apparatus, The Norton Anthology of American Literature features a cover-to-cover revision. The Ninth Edition introduces new General Editor Robert Levine and three new-generation editors who have reenergized the volume across the centuries. Fresh scholarship, new authors—with an emphasis on contemporary writers—new topical clusters, and a new ebook make the Norton Anthology an even better teaching tool and an unmatched value for students.

The Norton Anthology of American Literature Levine, Robert S., Gustafson, Sandra M., 2022-11-30 The Tenth Edition introduces diverse, compelling, relevant texts—from Civil War songs and stories to *The Turn of the Screw* to *The Great Gatsby* to poems by Juan Felipe Herrera and Claudia Rankine to a science fiction cluster featuring Octavia Butler and N. K. Jemisin. And continuing its course of innovative and market-responsive changes, the anthology now offers resources to help instructors meet today's teaching challenges. Chief among these resources is InQuizitive, Norton's award-winning learning tool, which includes interactive questions on the period introductions and often-taught works in the anthology. In addition, the Tenth Edition maintains the anthology's exceptional editorial apparatus and generous and diverse slate of texts overall. Available in print and as an annotatable ebook, the anthology is ideal for online, hybrid, or in-person teaching.

Struggles Over the Word Timothy Paul Caron,2000 This literary critical study counters the usual tendency to segregate Southern literature from African American literary studies. Noting that William Faulkner and Flannery O'Connor are classified as Southern writers, whereas Zora Neale Hurston and Richard Wright are considered black authors, Timothy P. Caron argues for an integrated study of the South's literary culture. He shows that the interaction of Southern religion and race binds these four writers together. Caron broadens our understanding of Southern literature to include both white and African American voices. Analyzing O'Connor's *Wise Blood*, Faulkner's *Light in August*, Hurston's *Moses, Man of the Mountain*, and Wright's *Uncle Tom's Children*, Caron shows that these writers share an intertwined concern for issues of

race and religion. These two significant components of Southern culture form the intertextual network that binds together such seemingly disparate texts. These authors not only interact among themselves in acknowledged and unacknowledged ways, but also with the South's discursive practices. Most particularly, Caron sees common struggles over the Word, as he investigates how these writers use the Bible in their understandings of race and religion in the American South. While all four authors argue for the centrality of the Bible in both the black and white Southern experience, each offers a different view of how this iconic text has shaped Southern culture and its literature.

Wasteland Modernism Rebeca Gualberto Valverde,2021-09-06 This book proposes a renewed myth-critical approach to the so-called 'wasteland modernism' of the 1920s to reassess certain key texts of the American modernist canon from a critical prism that offers new perspectives of analysis and interpretation. Myth-criticism and, more specifically, the critical survey of myth as an aesthetic and ideological strategy fundamental for the comprehension of modernist literature, leads to an engaging discussion about the disenchantment of myth in modernist literary texts. This process of mythical disenchantment, inextricable from the cultural and historical circumstances that define the modernist zeitgeist, offers a possibility for revising from a contemporary standpoint a set of classic texts that are crucial to our understanding of the modern literary tradition in the United States. This study carries out an exhaustive and updated myth-critical examination of works by T.S. Eliot, John Dos Passos, F. Scott Fitzgerald, Ernest Hemingway, John Steinbeck and Djuna Barnes to broaden the scope of familiar themes and archetypes, enclosing the textual analysis of these works in a wider exploration about the purpose and functioning of myth in literature, particularly in times of crisis and transformation.

The Geographies of African American Short Fiction Kenton Rambsy,2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars, who have historically concentrated on longer prose narratives. The Geographies of African American Short Fiction seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations—small towns, a famous metropolis, city sidewalks, a rural wooded area, apartment buildings, a pond, a general store, a prison, and more. In the process, these writers highlighted the extents to which places and spaces shaped or situated racial representations. Presenting African American short story writers as cultural cartographers, author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories. The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century. Anthology editors solidified the significance of a core group of short story authors including James Baldwin, Toni Cade Bambara, Charles Chesnutt, Ralph Ellison, Zora Neale Hurston, and Richard Wright. Using quantitative information and an extensive literary dataset, The Geographies of African

American Short Fiction explores how editorial practices shaped the canon of African American short fiction.
