Government Corruption Opposition Movement (aka Sovereign Citizen Movement in government circles), Form #08.033
SEDM,2025-01-11 Rebuttal to Wikipedia article on Sovereign Citizen Movement. Use this form on your own sovereignty Youtube videos if they are marked by Youtube with an PROPAGANDA sovereign citizen' information box to rebut the box and alert the reader that YOUTUBE is engaged in DISINFORMATION.

Domestic Terrorism Elizabeth Schmermund,2016-12-15 What constitutes domestic terrorism? The answer is actually more complicated than most of us would think. Readers of this informative anthology will progress through a range of articles offering diverse viewpoints about the Patriot Act, the differences in perception of white Christian violent extremists and those of other races and religions, why some environmental and animal activists are considered terrorists, the growing problem of paper terrorism, and what can lead homegrown terrorists to lash out against a country that has given them so much opportunity.

Conspiracy Michael Shermer,2022-10-25 A well-written and essential tool for those navigating today's complicated geopolitical landscape.—Library Journal Best-selling author Michael Shermer presents an overarching theory of conspiracy theories—who believes them and why, which ones are real, and what we should do about them. Nothing happens by accident, everything is connected, and there are no coincidences: that is the essence of conspiratorial thinking. Long a fringe part of the American political landscape, conspiracy theories are now mainstream: 147 members of Congress voted in favor of objections to the 2020 presidential election based on an unproven theory about a rigged electoral process promoted by the mysterious group QAnon. But this is only the latest example in a long history of ideas that include the satanic panics of the 1980s, the New World Order and Vatican conspiracy theories, fears about fluoridated water, speculations about President John F. Kennedy's assassination, and the notions that the Sandy Hook massacre was a false-flag operation and 9/11 was an inside job. In *Conspiracy*, Michael Shermer presents an overarching review of conspiracy theories—who believes them and why, which ones are real, and what we should do about them. Trust in conspiracy theories, he writes, cuts across gender, age, race, income, education level, occupational status—and even political affiliation. One reason that people believe these conspiracies, Shermer argues, is that enough of them are real that we should be constructively conspiratorial: elections have been rigged (LBJ's 1948 Senate race); medical professionals have intentionally harmed patients in their care (Tuskegee);

your government does lie to you (Watergate, Iran-Contra, and Afghanistan); and, tragically, some adults do conspire to sexually abuse children. But Shermer reveals that other factors are also in play: anxiety and a sense of loss of control play a role in conspiratorial cognition patterns, as do certain personality traits. This engaging book will be an important read for anyone concerned about the future direction of American politics, as well as anyone who's watched friends or family fall into patterns of conspiratorial thinking.

To Hell, with the Irs! Steven Sego, 2021-01-29 This book is written for the purpose of educating the freedom loving people, who believe in God and are aware of the evil the IRS represents. It is my intentions to educate the people with the knowledge of understanding the IRS, enabling them to make educated and deliberate decisions in dealing with this dishonest agency. I, the author have already walked the walk, and talked the talk, but ultimately, everyone will have to walk this same walk, in order to acquire their freedom. Freedom is not Free. In all cases Freedom requires a price be paid, but the purpose of this book is to help make it so much understandable and simpler. The main point is to keep Christ as the center of your focus, because that is where we all hope to end up, is where he is at. It is my prayer, that all people will believe in Christ and not fear. He has told us 365 times in the Bible to not fear. We just need to have knowledge and understand. This is the main purpose of this book, to help others understand. I have taken the first chapter from my previous book, "Two Churches Only", as a fitting beginning to this book, as I explain and show proof of how simple understanding the IRS is. Hopefully, by the end of it, people will begin to realize how they have been robbed by the IRS for years. There are several reasons this could happen. They either trust their government and believe that they wouldn't lie to them, or some church leader, acting as blind guides, are telling them, that to be Christian, is to do everything their government tells them to do. They tell them it is for their own good. Possibly the people are too gullible, or lazy to search out the truth for themselves. By reading this book all of the way through, is the first step to freeing yourself from the chains of bondage, and getting closer to God.
