A Streetcar Named Desire Tennessee Williams, 1953 THE STORY: The play reveals to the very depths the character of Blanche du Bois, a woman whose life has been undermined by her romantic illusions, which lead her to reject--so far as possible--the realities of life with which she is faced and which s

Williams: A Streetcar Named Desire Philip C. Kolin, 2000-04-27 One of the most important plays of the twentieth century, *A Streetcar Named Desire* revolutionised the modern stage. This book offers the first continuous history of the play in production from 1947 to 1998 with an emphasis on the collaborative achievement of Tennessee Williams, Elia Kazan, and Jo Mielziner in the Broadway premiere. From there chapters survey major national premieres by the world's leading directors including those by Seki Sano (Mexico), Luchino Visconti (Italy), Ingmar Bergman (Sweden), Jean Cocteau (France) and Laurence Olivier (England). Philip Kolin also evaluates key English-language revivals and assesses how the script evolved and adapted to cultural changes. Interpretations by Black and gay theatre companies also receive analyses and transformations into other media, such as ballet, film, television, and opera (premiered in 1998) form an important part of the overall study.

Alex North's A Streetcar Named Desire Annette Davison, 2009-02-17 This film score handbook provides a detailed analysis of Alex North's astounding score for Elia Kazan's 1951 adaptation of *A Streetcar Named Desire*. Beginning with a review of North's musical training and film scoring techniques, the book then uses approaches from both musicology and film studies to present a comprehensive exploration of the film's (self-)censorship and its impact on North's music, most notably in the film's infamous staircase scene.

A Streetcar Named Desire Elizabeth H. Williams, 2003

Elia Kazan Brian Neve, 2008-10-30 In 1999, Elia Kazan (1909-2003) received an honorary Oscar for lifetime achievement; it was a controversial award, for in 1952 he had given testimony to the HUAC Committee, for which he was ostracized by many. That Oscar also acknowledged Kazan's remarkable contribution to American and world cinema, making such films as *'On the Waterfront'* and *'A Streetcar Named Desire'*. Kazan's life in the cinema is due a reassessment, one that is presented expertly and gracefully by Brian Neve in this book, drawing on previously neglected and some hitherto untapped sources. Focussing in particular on the producer-director's post-*'On the Waterfront'*, New York based independent work, and on his key artistic collaborations, including those with Tennessee Williams, John Steinbeck and Budd Schulberg, Neve gives a fascinating reassessment of Kazan's famed technique with such actors as Marlon Brando and James Dean, and his lifetime concern to provoke and photograph 'authentic' behaviour. He reveals a pattern, through the films, of personally resonant themes, relating for example to ethnicity and the American immigrant myth. He reviews Kazan's style, from the colour and wide screen of *'East of Eden'* to the creative use of location in his American South films, including *'Baby Doll'*. He debates the reception of Kazan's work and the controversy - which dogged his career - of his 1952 Congressional testimony. These elements and more make this a very readable and memorable, fresh portrayal of the film career of this ever fascinating director. 'Working with an impressively wide variety of archival material, including Kazan's personal papers and notebooks, Brian Neve here offers a solidly researched, insightful, and historically grounded portrait of Elia Kazan, his working methods, his 19 feature films from *'A Tree Grows in Brooklyn'* (1945) to *'The Last Tycoon'* (1976), and his place in the cinematic and social world of his age.' - Chuck Maland, Professor of Cinema Studies & American Studies, University of Tennessee

Tennessee Williams, T-shirt Modernism and the Refashionings of Theater S. E. Gontarski, 2021-07-06 Tennessee Williams, *T-shirt Modernism and the Refashionings of Theater* reappraises the received wisdom that Williams's work fell into decline in the late 1960 as the Naturalism he was associated with, not always through his own choice, was replaced by European theatrical experimentalism and as culture saw a lifting of sexual restrictions. It suggests, instead, that Williams was always

experimental, always more Chekhov than Ibsen, a lyrical playwright inflected with the poetry of Harte Crane, and that his late plays are as central to Williams's reshaping of American theater as those works of the immediate post-World War II era that brought him fame and fortune. Its general aim, then, is to engage the perception that "Tennessee Williams is the greatest unknown playwright America has produced" (David Savran, City University of New York). In many respects the work of Tennessee Williams, after a protracted period of neglect, is primed for reappraisal, reinterpretations and, subsequently, re-stagings. This work is part of that process, academically at very least, but performatively as well as academic reinterest often regenerates theatrical reinterest.

Women, Method Acting, and the Hollywood Film Keri Walsh, 2021-04-26 Women, Method Acting, and the Hollywood Film is the first study dedicated to understanding the work of female Method actors on film. While Method acting on film has typically been associated with the explosive machismo of actors like Marlon Brando and Robert De Niro, this book explores an alternate tradition within the Method—the work that women from the Actors Studio did in Hollywood. Covering the period from the end of the Second World War until the 1970s, this study shows how the women associated with the Actors Studio increasingly used Method acting in ways that were compatible with their burgeoning feminist political commitments and developed a style of feminist Method acting. The book examines the complex intersection of Method acting, sexuality, and gender by analyzing performances such as Kim Hunter's in *A Streetcar Named Desire*, Julie Harris's in *The Member of the Wedding*, Shelley Winters's in *The Big Knife*, Geraldine Page's in *Sweet Bird of Youth*, and Jane Fonda's in *Coming Home*. Challenging the longstanding assumption that Method acting's approaches were harmful to women and incompatible with feminism, this book argues that some of Hollywood's most interesting female actors, and leading feminists, emerged from the Actors Studio in the period between the 1950s and the 1970s. Written for students and scholars of Film Studies, Cultural Studies, Theatre and Performance Studies, and Gender Studies, *Women, Method Acting, and the Hollywood Film* reshapes the way we think of a central strain in American screen acting, and in doing so, allows women a new stake in that tradition.
