**Elaine Richardson**

Black Women, Black Love Dianne M Stewart, 2020-10-06 A “powerful, persuasive, and devastatingly haunting” examination of America’s racist, centuries-long oppression of Black love (Carol Anderson, bestselling author of *White Rage*) According to the 2010 US census, more than seventy percent of Black women in America are unmarried. *Black Women, Black Love* reveals how four centuries of laws, policies, and customs have created that crisis. Dianne M. Stewart begins in the colonial era, when slave owners denied Blacks the right to marry, divided families, and, in many cases, raped enslaved women and girls. Later, during Reconstruction and the ensuing decades, violence split up couples again as millions embarked on the Great Migration north, where the welfare system mandated that women remain single in order to receive government support. And no institution has forbidden Black love as effectively as the prison-industrial complex, which removes Black men en masse from the pool of marriageable partners. Prodigious research and deeply felt, *Black Women, Black Love* reveals how white supremacy has systematically broken the heart of Black America, and it proposes strategies for dismantling the structural forces that have plagued Black love and marriage for centuries.

**Love, Intimacy, and the African American Couple** Katherine M. Helm, Jon Carlson, 2013-03-12 This exciting new text on counseling African American couples outlines critical components to providing culturally-sensitive treatment. Built around a framework that examines African American couples’ issues as well as the specific contextual factors that can negatively impact their relationships, it: • Addresses threats to love and intimacy for Black couples • Provides culturally relevant, strengths-based approaches and assessment practices • Includes interesting case studies at the conclusion of each chapter that illustrate important concepts. The chapters span the current state of couple relationships; readers will find information for working with lesbians and gays in relationships, pastoral counseling, and intercultural Black couples. There is also a chapter for non-Black therapists who work with Black clients. Dispersed throughout the book are interviews with prominent African American couples’ experts: Dr. Chalandra Bryant, relationship expert Audrey B. Chapman, Dr. Daryl Rowe and Dr. Sandra Lyons-Rowe, and Dr. Thomas Parham. They provide personal insight on issues such as the strengths African Americans bring to relationships, their skills and struggles, and gender and class considerations. This must-read book will significantly help you and your clients.

**African American Literacies** Elaine Richardson, 2003-09-02 *African-American Literacies* is a personal, public and

political exploration of the problems faced by student writers from the African-American Vernacular English (AAVE) culture. Drawing on personal experience, Elaine Richardson provides a compelling account of the language and literacy practices of African-American students. The book analyses the problems encountered by the teachers of AAVE speakers, and offers African American centred theories and pedagogical methods of addressing these problems. Richardson builds on recent research to argue that teachers need not only to recognise the value and importance of African-American culture, but also to use African-American English when teaching AAVE speakers standard English. *African-American Literacies* offers a holistic and culturally relevant approach to literacy education, and is essential reading for anyone with an interest in the literacy practices of African-American students.

Philosophy and Love Linnell Secomb, 2007-05-11 *Philosophy and Love* introduces historical and contemporary philosophical reflections on love. It brings together philosophy with cultural analysis to provide an accessible and engaging account of conventional theories of love as well as the controversial reformulations evident in same-sex desire, cross-cultural love and internet romance. Starting with Plato, but focusing especially on contemporary European philosophy, this book introduces figures such as Nietzsche, Beauvoir, Irigaray, Derrida and Fanon. Explaining these philosophical approaches in clear and accessible terms, *Philosophy and Love* also engages with cultural productions - ranging from Sappho to *Frankenstein*, and from *Hiroshima Mon Amour* to *Desperate Housewives* - enabling an exchange between philosophical and cultural theories. Love stories are also central to this interdisciplinary book, revealing the ethical and the political as well as the personal implications of lover's discourses. Embracing both the sentimental and the political this deconstructive reading discloses the paradoxes, conflicts and intensities of the love relation.

**Notable Black American Women** Jessie Carney Smith, Shirelle Phelps, 1992 Arranged alphabetically from Alice of Dunk's Ferry to Jean Childs Young, this volume profiles 312 Black American women who have achieved national or international prominence.

*Alice Walker's Metaphysics* Nagueyalti Warren, 2019-01-16 Catapulted to fame in 1982 with the publication of her third novel—the Pulitzer Prize-winning *The Color Purple*—Alice Walker has become one of America's most celebrated and divisive authors. With books such as *Meridian* and *The Third Life of Grange Copeland*, Walker's writing has frequently been cited for messages in support of civil rights and feminism. Above all, however, Walker is a spiritual seeker. Her works are dominated by the search for truth, wholeness, and the spirit that connects everyone and everything. In *Alice Walker's Metaphysics: Literature of Spirit*, Nagueyalti Warren examines the philosophy and worldview present in all of Walker's writing. Warren contends that Walker is a literary theologian, citing the transformative changes that take place in the author's fictional characters. Warren also points to Walker's bravery in approaching taboo subjects, her generosity of spirit, and her love for humanity, which are represented throughout her poems, novels, short stories, children's books, and essays. This analysis is

further supplemented by primary sources from Walker's unpublished material, including notes and scrapbooks. By exploring the spirituality evident throughout the author's work, this volume shows how Walker challenges readers to recognize and understand their responsibility to the earth—and to one another. Providing a fresh, accessible look at one of the twentieth century's most prolific women writers, Alice Walker's *Metaphysics: Literature of Spirit* will appeal to both academics and fans of the author's varied literature.

**Love and the Fighting Female** Allison P. Palumbo, 2020-08-06 The fighting female archetype--a self-reliant woman of great physical prowess--has become increasingly common in action films and on television. However, the progressive female identities of these narratives cannot always resist the persistent and problematic framing of male-female relationships as a battle of the sexes or other source of antagonism. Combining cultural analysis with close readings of key popular American film and television texts since the 1980s, this study argues that certain fighting female themes question regressive conventions in male-female relationships. Those themes reveal potentially progressive ideologies regarding female agency in mass culture that reassure audiences of the desirability of empowered women while also imagining egalitarian intimacies that further empower women. Overall, the fighting female narratives addressed here afford contradictory viewing pleasures that reveal both new expectations for and remaining anxieties about the strong, independent woman ideal that emerged in American popular culture post-feminism.

**Boundaries of Love** Chinyere K. Osuji, 2019-05-21 How interracial couples in Brazil and the US navigate racial boundaries How do people understand and navigate being married to a person of a different race? Based on individual interviews with forty-seven black-white couples in two large, multicultural cities—Los Angeles and Rio de Janeiro—*Boundaries of Love* explores how partners in these relationships ultimately reproduce, negotiate, and challenge the “us” versus “them” mentality of ethno-racial boundaries. By centering marriage, Chinyere Osuji reveals the family as a primary site for understanding the social construction of race. She challenges the naive but widespread belief that interracial couples and their children provide an antidote to racism in the twenty-first century, instead highlighting the complexities and contradictions of these relationships. Featuring black husbands with white wives as well as black wives with white husbands, *Boundaries of Love* sheds light on the role of gender in navigating life married to a person of a different color. Osuji compares black-white couples in Brazil and the United States, the two most populous post-slavery societies in the Western hemisphere. These settings, she argues, reveal the impact of contemporary race mixture on racial hierarchies and racial ideologies, both old and new.

The above line perfectly manifests the story of Shiv and Gauri in the novel '*7 Calibres of Love*.' The seven chapters of the novel portrays the ebb and flow in Gauri's life with her partner as a perfect epitome of love. Each chapter is fascinating and filled with emotions of love along with an ardour of poem. '*7 Calibres of Love*' renders the seeds of emotions watered by the characters with their abundant love and care.

Love's Labour's Lost William Shakespeare, 2014-09-25 'With the publication of Woudhuysen's Arden 3 edition, the magisterial study of the play that will energise a new generation of readers and directors has now arrived.' Eric Rasmussen, University of Nevada at Reno, Shakespeare Survey

**The Rise and Demise of Black Theology** Alistair Kee, 2008-04-30 Black Theology emerged in the 1960s as a response to black consciousness. In South Africa, it is a critique of power; in the UK it is a political theology of black culture. The dominant form of Black Theology has been in the USA, originally influenced by Black Power and the critique of white racism. Since then, it claims to have broadened its perspective to include oppression on the grounds of race, gender and class. In this book, Alistair Kee contests this claim, arguing that Black and Womanist Theologies present inadequate analysis of race and gender and no account at all of class or economic oppression. With a few notable exceptions, Black Theology in the USA repeats the mantras of the 1970s, the discourse of modernity. Content with American capitalism, it fails to address the source of the impoverishment of black Americans at home. Content with a romantic image of Africa, this 'African-American' movement fails to defend contemporary Africa against predatory American global ambitions. Blacks in the West, Kee claims here, are no longer the victims; they are the voters and consumers who should be able to influence western governments - the American government in particular - into changing policies towards Africa in particular and the third world in general. This book does not argue that Black theologians should give up, but that they should move on, for the sake of the black poor in America, the black poor in Africa and the third world. The failure of Black theologians to do so is a cause for concern beyond the circle of practitioners of Black theology.

Tough Love Cynthia Burack, 2014-02-01 *Exposes how ex-gay and postabortion ministries operate on a shared system of thought and analyzes their social implications.*

A staple of the culture wars, the struggle between Christian conservatives and progressives over sexuality and reproductive rights continues. Focusing on ex-gay ministries geared to helping same-sex attracted people resist their sexuality and postabortion ministries dedicated to leading women who have had an abortion to repent that decision, Cynthia Burack argues that both are motivated and characterized by a strain of compassion that is particular to Christian conservatism rather than a bias and hatred toward sexual minorities and sexually active women. This compassion reproduces the sexual ideology of the Christian right and absolves Christian conservatives from responsibility for stigma and other forms of harm to postabortive and same-sex attracted people. Using the democratic theory of Hannah Arendt, the popular fiction of Ayn Rand, and the psychoanalytic thought of Melanie Klein, Burack studies the social and political effects of Christian conservative compassion.

Love Under the Skin Cécile Coquet-Mokoko, 2020-04-15 The rising visibility of interracial couples calls for increased attention to the overlapping of culture and race, in safe spaces centered on small-group dynamics, or in public spaces where peoples of African descent are under the public gaze. This comparative study seeks to de-center the U.S.-centered viewpoint common to much of the literature on black/white relations. Based on nine years of fieldwork in the American South and in France, Coquet shows many unexpected parallels between the two societies. Gendered perceptions of cultural authenticity

and sexual ethics are a guiding thread, being inseparable from the historical and political contingencies (re-)defining acceptable forms of dating, marrying, and parenting among cis-heterosexual couples in both societies. Her account emphasizes resilience and agency as couples seek to protect themselves and their children, while their extended or symbolic kinship networks help white partners acknowledge the existence of racial privilege.

**With Love, A By-Stander** Allison Periso, 2015-09-20 This book contains real life everyday stories that I experience with all my friends

*The Violence of Love* Kit W. Myers, 2025-01-28 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more. *The Violence of Love* challenges the narrative that adoption is a solely loving act that benefits birth parents, adopted individuals, and adoptive parents--a narrative that is especially pervasive with transracial and transnational adoptions. Using interdisciplinary methods of archival, legal, and discursive analysis, Kit W. Myers comparatively examines the adoption of Asian, Black, and Native American children by White families in the United States. He shows how race has been constructed relationally to mark certain homes, families, and nations as spaces of love, freedom, and better futures--in contrast to others that are not--and argues that violence is attached to adoption in complex ways. Propelled by different types of love, such adoptions attempt to transgress biological, racial, cultural, and national borders established by traditional family ideals. Yet they are also linked to structural, symbolic, and traumatic forms of violence. *The Violence of Love* confronts this discomforting reality and rethinks theories of family to offer more capacious understandings of love, kinship, and care.

**The Making of American Liberal Theology** Gary J. Dorrien, 2006-01-01 In this first of three volumes, Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider, longer-running tradition than has been thought. The tradition took shape in the nineteenth century, motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism/atheism. It is defined by its openness to modern intellectual inquiry; its commitment to the authority of individual reason and experience; its conception of Christianity as an ethical way of life; and its commitment to make Christianity credible and socially relevant to modern people. Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time, including William E. Channing, Ralph Waldo Emerson, Horace Bushnell, Henry Ward Beecher, Elizabeth Cady Stanton, and Charles Briggs. Dorrien notes that, although liberal theology moved into elite academic institutions, its conceptual foundations were laid in the pulpit rather than the classroom.
