*The New Heroines* Katheryn Wright,2016-03-21 This book explores how the next generation of teen and young adult heroines in popular culture are creating a new feminist ideal for the 21st century. Representations of a teenage girl who is unique or special occur again and again in coming-of-age stories. It's an irresistible concept: the heroine who seems just like every other, but under the surface, she has the potential to change the world. This book examines the cultural significance of teen and young adult female characters—the New Heroines—in popular culture. The book addresses a wide range of examples primarily from the past two decades, with several chapters focusing on a specific heroic figure in popular culture. In addition, the author offers a comparative analysis between the New Woman figure from the late 19th and early 20th century and the New Heroine in the 21st century. Readers will understand how representations of teenage girls in fiction and nonfiction are positioned as heroic because of their ability to find out about themselves by connecting with other people, their environment, and technology.

**The Book of Jeff** Jeffrey L. Novak,2024-09-18 The world of business development can be overwhelming and often confusing. Words like capture, proposals, and proposal managers can be daunting. Whether you are a business development professional or a novice, a major international corporation, or a small mom-and-pop shop, you will benefit from *The Book of Jeff*. Using industry best practices, realistic and helpful tools, and just some good old-fashioned common sense from years in the trenches as a practitioner, *The Book of Jeff* will help you refresh your years of experience or enable you to understand what you need to do to position your company to win more business. Real-world situations and counsel are easy to understand and apply right now on that must-win acquisition. *The Book of Jeff* is a quick and easy way to understand what you need to do right now, regardless of where you are in the business development life cycle.

**Neural Web (Human++ Book 3)** Dima Zales,Anna Zaires,2017-02-28

**Beyond Bombshells** Jeffrey A. Brown,2015-09-09 *Beyond Bombshells* analyzes the cultural importance of strong women in a variety of current media forms. Action heroines are now more popular in movies, comic books, television, and literature than they have ever been. Their spectacular presence represents shifting ideas about female agency, power, and sexuality. *Beyond Bombshells* explores how action heroines reveal and reconfigure perceptions about how and why women are capable of physically dominating roles in modern fiction, indicating the various strategies used to contain and/or exploit female

violence. Focusing on a range of successful and controversial recent heroines in the mass media, including Katniss Everdeen from The Hunger Games books and movies, Lisbeth Salander from The Girl with the Dragon Tattoo novels and films, and Hit-Girl from the Kick-Ass movies and comic books, Jeffrey A. Brown argues that the role of action heroine reveals evolving beliefs about femininity. While women in action roles are still heavily sexualized and objectified, they also challenge preconceived myths about normal or culturally appropriate gender behavior. The ascribed sexuality of modern heroines remains Brown's consistent theme, particularly how objectification intersects with issues of racial stereotyping, romantic fantasies, images of violent adolescent and preadolescent girls, and neoliberal feminist revolutionary parables. Individual chapters study the gendered dynamics of torture in action films, the role of women in partnerships with male colleagues, young women as well as revolutionary leaders in dystopic societies, adolescent sexuality and romance in action narratives, the historical import of nonwhite heroines, and how modern African American, Asian, and Latina heroines both challenge and are restricted by longstanding racial stereotypes.

The Book of Genesis Herbert Edward Ryle, 1921

**Annual School Reports ...** Greenwich (Conn.). Board of School Visitors, 1885

*Report of the Board of Education* Connecticut. State Board of Education, 1889

**The Radio Jockey Hand Book** Simran Kohli, 2005-06 Gone are the days when cabinet expansion used to get total media attention. Now cricket is hogging the limelight and team selection is the most debatable issue inside television studios before every series. Gone are the days when political king makers, who played a major role in selecting the ministers, used to grab unprecedented attention; now it's the turn of national selectors. Gone are the days when, after every general election, media-persons used to spend sleepless nights talking about the likely allocation of the portfolios. 'Which batsman is going to play at what position' seems to be their major concern now. Gone are the days when psephologists used to be media's prize catch. Now former cricketers who can become good in-house guests are in demand. Gone are the days when people used to wait for general elections with bated breath. The World Cup is the most awaited event now. Prime Minister of the country is still a powerful man, but the captain of Indian cricket team can give him a run for his money as far as popularity and media attention is concerned. Nothing reflects this better than our television screen. From dawn to dusk, from womb to tomb cricket follows us. Some of my friends say that it's a metro trend, but I can say that it's catching up in far and remote areas of the country as well. Often people complain about why we have extreme reaction on Team India's performance. Swami Vivekananda, who taught his disciples to worship God like heroes, used to say: 'There must be no fear, no begging, but demanding-demanding the highest. The true devotees are as hard, as adamant and as fearless as lion'. In our generation, politicians failed us as they became synonymous with corruption. Bureaucrats failed us as they stood for delaying rather than getting the work done. Film stars gave us momentary feel of bravado, but then they were reel and not real-life heroes. In our

search for heroes, we zeroed in on the cricketers. And this is the reason as to why we react extremely to team India's performance. Cricket is more than just a game, it's a matter of emotion for us. Cricketers are more than just players; they are heroes for us. We react extremely as we love them and are emotionally attached to them. If there is one place on earth where all dreams of living men have found a home from the very earliest, when men began the dream of existence, it's India. In its infancy, cricket was very much an English sport but today it is the voice of India. The game has become so ingrained in our society that it's often said - 'If you want to know India, understand cricket'. To bring about social equality in our representative institutions and policy-making bodies, our political masters followed the policy of positive discrimination. On the contrary, the game of cricket has broken regional and other traditional barriers in the talent-based environment. From the game which was confined to Rajas and Maharajas, today it has percolated deep down to the grass-root level. Team India's dressing room is truly reflective of this transformation; it is equally, if not more, representative than the Indian parliament. Most of the members of the Indian dressing room come from non-cricketing backgrounds. The most charismatic batsman of present generation is the son of a teacher; his opening partner's father used to sell farm seeds (wheat and rice). The next all-rounder hope of the country is the son of a muezzim and the Adam Gilchrist prototype of team India is the son of a government employee who retired as a pump operator. Most of the members of the present-day Indian dressing room come from non-cricketing environs. If Munaf Patel is from a village called Ikhar in Gujarat, Kerala-born pacer Sreesanth is from Kochi. Most of the members of the present Indian dressing room had nothing in the name of sports facilities. And, yet, they managed to find a way

*Powerful Magic* Nina Mikkelsen, 2005 Provides insight into children's responses to fantasy literature and ways adults can cultivate a children's positive experience with literature.

Connecticut. State Board of Education, 1889

Reading in the Wild Donalyn Miller, 2013-11-04 In *Reading in the Wild*, reading expert Donalyn Miller continues the conversation that began in her bestselling book, *The Book Whisperer*. While *The Book Whisperer* revealed the secrets of getting students to love reading, *Reading in the Wild*, written with reading teacher Susan Kelley, describes how to truly instill lifelong wild reading habits in our students. Based, in part, on survey responses from adult readers as well as students, *Reading in the Wild* offers solid advice and strategies on how to develop, encourage, and assess five key reading habits that cultivate a lifelong love of reading. Also included are strategies, lesson plans, management tools, and comprehensive lists of recommended books. Copublished with Editorial Projects in Education, publisher of *Education Week* and *Teacher* magazine, *Reading in the Wild* is packed with ideas for helping students build capacity for a lifetime of wild reading. When the thrill of choice reading starts to fade, it's time to grab *Reading in the Wild*. This treasure trove of resources and management

techniques will enhance and improve existing classroom systems and structures. —Cris Tovani, secondary teacher, Cherry Creek School District, Colorado, consultant, and author of *Do I Really Have to Teach Reading? With Reading in the Wild*, Donalyn Miller gives educators another important book. She reminds us that creating lifelong readers goes far beyond the first step of putting good books into kids' hands. —Franki Sibberson, third-grade teacher, Dublin City Schools, Dublin, Ohio, and author of *Beyond Leveled Books Reading in the Wild*, along with the now legendary *The Book Whisperer*, constitutes the complete guide to creating a stimulating literature program that also gets students excited about pleasure reading, the kind of reading that best prepares students for understanding demanding academic texts. In other words, Donalyn Miller has solved one of the central problems in language education. —Stephen Krashen, professor emeritus, University of Southern California

*The Dial* Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, Marianne Moore, 1901

*The Encyclopedia of Contemporary American Fiction*, 2 Volumes Patrick O'Donnell, Stephen J. Burn, Lesley

Larkin, 2022-03-01 Neue Perspektiven und aufschlussreiche Erörterungen der zeitgenössischen amerikanischen Belletristik Mit der *Encyclopedia of Contemporary American Fiction: 1980-2020* präsentiert ein Team renommierter Geisteswissenschaftler eine umfassende zielgerichtete Sammlung von Beiträgen zu einigen der bedeutendsten und einflussreichsten Autoren und literarischen Themen der letzten vier Jahrzehnte. In aktuellen Beiträgen bekannter und neuer Autoren werden so unterschiedliche Themen wie Multikulturalismus, zeitgenössische Regionalismen, Realismus nach dem Poststrukturalismus, indigene Erzählungen, Globalismus und Big Data im Kontext der amerikanischen Belletristik der letzten 40 Jahre betrachtet. Die Enzyklopädie bietet einen Überblick über die amerikanische Belletristik zur Jahrtausendwende sowie einen Ausblick auf die Zukunft. In diesem Werk findet sich eine ausgewogene Mischung aus Analyse, Zusammenfassung und Kritik für eine erhellende Betrachtung der enthaltenen Themen. Außerdem enthält das Werk: \* Eine spannende Mischung von Beiträgen bekannter und aufstrebender Autoren aus aller Welt, in denen zentrale aktuelle Themen der amerikanischen Belletristik diskutiert werden \* Eine gezielte kritische Betrachtung von Autoren und Themen, die für die amerikanische Belletristik von wesentlicher Bedeutung sind \* Themen, in denen sich die Energie und die Tendenzen in der zeitgenössischen amerikanischen Belletristik in den vierzig Jahren zwischen 1980 und 2020 widerspiegeln Die *Encyclopedia of Contemporary American Fiction: 1980-2020* ist ein unverzichtbares Nachschlagewerk für Studierende und Doktoranden in den Bereichen amerikanische Literatur, Englisch, kreatives Schreiben und Belletristik. Darüber hinaus darf das Werk in den Bibliotheken von Geisteswissenschaftlern nicht fehlen, die nach einer maßgeblichen Sammlung von Beiträgen bekannter und neuerer Autoren der zeitgenössischen Belletristik suchen.

**Roommating** Meredith Schorr, 2025-06-10 Sizzling chemistry and tender friendship develops between two accidental roommates in this hilarious rom-com from the author of *As Seen on TV*. Sabrina is too busy with grad school and her job as a

library page to think about dating. Until her elderly roommate Marcia invites her estranged grandson Adam to move into their two-bedroom apartment in Manhattan temporarily to “find himself.” Sabrina doesn’t mind sharing the small space with Adam if it helps Marcia repair her relationship with her grandson. But she’s not expecting to fall for him herself. Adam is not only gorgeous, he’s kind, funny, shares her love of reading, and clearly adores Marcia. After one too many accidental midnight rendezvous in the bathroom (him shirtless), the tension between them is hotter than ever. But they’re not the only ones feeling the heat. After Marcia has a health scare, her doctors advise that one of her younger roommates must go. In a comical and sexy battle to prove who deserves to stay, the two pull out all the stops. All’s fair in love and real estate, but in the end victory is not so sweet when winning the apartment could mean losing each other.

**A Book About Books, Volume II of III** E. H. Bernstein, 2020-05-04 This book is Volume II of a three volume book plus accompanying website, [www.bookaboutbooks.com](http://www.bookaboutbooks.com) which adds to subjects already in the book or presents some books and subjects not contained in the books. The other volumes are available from the same booksellers as this volume. Note this 2024 publication date is a corrected version of the original version of this volume published in 2020. A Book about Books discusses what nonfiction books and subjects the author believes are important to know about. This book tries to point to problems in how we live and to see if books have any answers. Even though the books are complete, the author will update the website periodically in the future. E.H. Bernstein is a former librarian turned author. The subtitle of the book describes the author's objective: A handbook in three volumes to a choice of essential books, writers and subjects in order to understand the world we live in, about 'big questions' and possible answers, about books and writers that may improve people's lives, about neglected writers, and other books and subjects. A Book about Books attempts to share what the author has learned from nearly 50 years of nonfiction reading and to provide the reader with samples of the most important authors and subjects from that reading. While the book is based on research, it is intended to be a handbook or guide by trying to make that research understandable to the general reader and to students, and for teachers--by pointing to what the author believes is missing from today's education. A curriculum proposal for college teachers is on the author's website. Note about how the volumes are related: each chapter is on a separate subject. So the chapters can be read individually, but the full message requires reading all the volumes. Volume I is important, but preliminary to the more important Volumes II and III. Note also that the book is not just about books, since other sources are also mentioned. Note that the author believes we should listen to many voices, so the book draws on many types of writers from different times and countries. The author says: A contemporary writer once said that one of the purposes of writing is that books should be useful. I hope that my book will be of use.

The Oxford Guide to The Book of Common Prayer Cynthia L. Shattuck, 2006-07 This is a survey of the history of the 'Book of Common Prayer', and its descendants throughout the world. The guide shows how a classic text for worship and devotion

has become the progenitor of an entire family of religious resources that have had an influence far beyond their use in Anglican churches.

Illustrated Book of Trees William Carey Grimm,2002-03-01 Completely revised and updated. More than 30 new species described and illustrated.

Christianity: A Brief History Michael D. Robinson,2019-06-14 Christianity is one of the world's great religions, with more than two thousand years of history and over two billion adherents worldwide. But what is Christianity? Where did it come from? How did it develop to its current forms? What doctrines do Christians affirm? What ethical norms do they endorse? What relationships between church and state do they champion, and why? What changes have transpired for the faith over the centuries? And what new challenges does Christianity face in the contemporary world? These and other questions are addressed in Michael Robinson's Christianity: A Brief History. After a concise description of the social, political, and religious world of first-century Palestine, the text quickly examines the Jesus of history and tradition, including Jesus' impact upon his first-century followers; the narrative then moves to describe the expansions and developments of Christianity through the ancient, medieval, modern, and contemporary eras. Along the way, readers learn of the varied beliefs, mores, rituals, struggles, and triumphs of the faith, as well as of the spiritual heights and moral blunders of its people. Robinson's intention is to introduce Christianity through its story and through those who lived it.

The Altars Where We Worship Juan M. Floyd-Thomas,Stacey M. Floyd-Thomas,Mark G. Toulouse,2016-12-02 While a large percentage of Americans claim religious identity, the number of Americans attending traditional worship services has significantly declined in recent decades. Where, then, are Americans finding meaning in their lives, if not in the context of traditional religion? In this provocative study, the authors argue that the objects of our attention have become our god and fulfilling our desires has become our religion. They examine the religious dimensions of six specific aspects of American culturebody and sex, big business, entertainment, politics, sports, and science and technologythat function as “altars” where Americans gather to worship and produce meaning for their lives. The Altars Where We Worship shows how these secular altars provide resources for understanding the self, others, and the world itself. “For better or worse,” the authors write, “we are faced with the reality that human experiences before these altars contain religious characteristics in common with experiences before more traditional altars.” Readers will come away with a clearer understanding of what religion is after exploring the thoroughly religious aspects of popular culture in the United States.
