Great American Sitcoms of the 1950s Jackson Upperco, 2025-01-27 With a unique definition of the classic situation comedy television genre as developed out of its history on radio, this critical study highlights the best American sitcoms from the 1950s, TV's first decade as a household medium. Everything from *I Love Lucy* to *Dobie Gillis* is covered with a rigorous evaluation that seeks to find this formative era's finest episodic samples that most prove the sitcom's inherent artistry.

Watching M*A*S*H, Watching America James H. Wittebols, 2003-06-19 It has been said that M*A*S*H was a show set in the 1950s which reflected the shifting values of the 1970s and early 1980s. Hawkeye Pierce, Radar O'Reilly, Trapper John McIntyre, Sherman Potter, Margaret (Hot Lips) Houlihan, B.J. Hunnicutt, Frank Burns, Charles Emerson Winchester, Max Klinger--these and the many other characters who populated the MASH 4077 used the Korean War as a backdrop to comment on many of the social issues of their day. Using a unique blend of comedy and drama, the show's first three seasons (1972-1975) focused on the anti-Vietnam War sentiment that consumed much of America. As Vietnam ended, M*A*S*H moved on to concentrate on other contemporary issues--the women's movement, the rise of the religious right in American politics, the new narcissism that marked the early 1980s, the heightened awareness of underage or excessive alcohol use, and the increased emphasis on family in American life. How the series presented these issues and its success in doing so are the subjects of this critical study. An episode listing--brief plot outline, casts and credits, air dates, and titles--is also provided.

History Notes Richard Wilcox, David Goldfield, Robert Lee Bailey Professor of History David Goldfield, School of Urban Studies and Planning Carl Abbott, Virginia DeJohn Anderson, Jo Ann E. Argersinger, Peter H. Argersinger, 2004-03

Pop Goes the Decade Ralph G. Giordano, 2017-06-05 Covering significant historical and cultural moments, public figures and celebrities, art and entertainment, and technology that influenced life during the decade, this book documents the 1950s

through the lens of popular culture. On the surface, the 1950s was a time of post-war prosperity and abundance. However, in spite of a relaxation of immigration policies, the good life in the 50s was mainly confined to white non-ethnic Americans. A new Cold War with the Soviet Union intended to contain the threat of Communism, and the resulting red scare tinged the experience of all U.S. citizens during the decade. This book examines the key trends, people, and movements of the 1950s and inspects them within a larger cultural and social context. By highlighting controversies in the decade, readers will gain a better understanding of the social values and thinking of the time. The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change—either intentionally, or by accident.

Encyclopedia of Contemporary American Culture Robert Gregg, Gary W. McDonogh, Cindy H. Wong, 2005-11-10 As a meeting point for world cultures, the USA is characterized by its breadth and diversity. Acknowledging that diversity is the fundamental feature of American culture, this volume is organized around a keen awareness of race, gender, class and space and with over 1,200 alphabetically-arranged entries - spanning 'the American century' from the end of World War II to the present day - the Encyclopedia provides a one-stop source for insightful and stimulating coverage of all aspects of that culture. Entries range from short definitions to longer overview essays and with full cross-referencing, extensive indexing, and a thematic contents list, this volume provides an essential cultural context for both teachers and students of American studies, as well as providing fascinating insights into American culture for the general reader. The suggestions for further reading, which follows most entries, are also invaluable guides to more specialized sources.

Sitcoms and Culture James Shanahan, 2025-06-03 Does it matter what television we watch? Despite their stodgy reputation among many consumers of television, sitcoms, or situation comedies, have stuck around as a cornerstone of the television landscape. *Sitcoms and Culture* examines sitcoms as cultural artifacts ripe for exploration as they reflect the shifting landscapes of our society. From questions of social change to the portrayal of women and other racial, ethnic, and sexual minorities, sitcoms have evolved alongside the major social changes of the last half century. Using an interdisciplinary approach, author James Shanahan combines research on cultural indicators with an empirical methodology and cultural analysis to examine over 50 years of sitcoms to discern the reality of how these comedies have portrayed life to us across generations of television. *Sitcoms and Culture* helps us gain a deeper understanding of how sitcoms mirror and shape societal norms and of the pivotal role they have played in reflecting and influencing cultural trends.

Diversity in U.S. Mass Media Catherine A. Luther, Carolyn Ringer Lepre, Naeemah Clark, 2011-09-07 *Diversity in U.S. Mass Media* provides comprehensive coverage of the evolution and issues surrounding portrayals of social groups within the mass media of the United States. Focuses on past and current mass media representations of social groups Provides an overview of key theories that have guided research in mass media representations and stereotyping Discusses the impact

new media has on representation and how technology is giving a new voice to various social groups Includes a chapter on how mass media industries are addressing diversity, complete with specially-commissioned interviews with media professionals Offers helpful supplementary features such as a glossary, questions for reflection, suggestions for projects related to diversity in mass media, and online resources for both instructors and students Accompanying website provides a glossary, links to related sites, recommendations of films to watch in the classroom, ideas for research projects, and an instructor's manual with sample syllabi

Projecting the End of the American Dream Gordon B. Arnold, 2013-04-09 This provocative book reveals how Hollywood films reflect our deepest fears and anxieties as a country, often recording our political beliefs and cultural conditions while underscoring the darker side of the American way of life. Long before the war in Iraq and the economic crises of the early 21st century, Hollywood has depicted a grim view of life in the United States, one that belies the prosperity and abundance of the so-called American Dream. While the country emerged from World War II as a world power, collectively our sense of security had been threatened. The result is a cinematic body of work that has America's decline and ruin as a central theme. The author draws from popular films across all genres and six decades to illustrate how the political climate of the times influenced their creation. *Projecting the End of the American Dream: Hollywood's Visions of U.S. Decline* combines film history, social history, and political history to reveal important themes in the unfolding American narrative. Discussions focus on a wide variety of films, including *Rambo*, *Planet of the Apes*, and *Easy Rider*.

Of War and Men Ralph LaRossa, 2011-07-15 Fathers in the 1950s tend to be portrayed as wise and genial pipe-smokers or distant, emotionless patriarchs. To uncover the real story of fatherhood during the 1950s, LaRossa takes the long view, revealing the myriad ways that World War II and its aftermath shaped men.

The Concise Encyclopedia of American Radio Christopher H. Sterling, Cary O'Dell, 2010-04-12 The Concise Encyclopedia of American Radio is an essential single-volume reference guide to this vital and evolving medium. Comprised of more than 300 entries spanning the invention of radio to the Internet, this reference work addresses personalities, music genres, regulations, technology, programming and stations, the golden age of radio and other topics relating to radio broadcasting throughout its history. The entries are updated throughout and the volume includes nine new entries on topics ranging from podcasting to the decline of radio.

Television Program Master Index Charles V. Dintrone, 2014-02-11 This work indexes books, dissertations and journal articles that mention television shows. Memoirs, autobiographies, biographies, and some popular works meant for fans are also indexed. The major focus is on service to researchers in the history of television. Listings are keyed to an annotated bibliography. Appendices include a list of websites; an index of groups or classes of people on television; and a list of programs by genre. Changes from the second edition include more than 300 new shows, airing on a wider variety of

networks; 2000-plus references (more than double the second edition); and a large increase in scholarly articles. The book provides access to materials on almost 2300 shows, including groundbreaking ones like *All in the Family* (almost 200 entries); cult favorites like *Buffy: The Vampire Slayer* (200-plus entries); and a classic franchise, *Star Trek* (more than 400 entries for all the shows). The shows covered range from the late 1940s to 2010 (*The Walking Dead*). References range from 1956 to 2013.

Daily Life of Women in Postwar America Nancy Hendricks, 2021-02-15 From Beatniks to Sputnik and from Princess Grace to Peyton Place, this book illuminates the female half of the U.S. population as they entered a brave new world that revolutionized women's lives. After World War II, the United States was the strongest, most powerful nation in the world. Life was safe and secure—but many women were unhappy with their lives. What was going on behind the closed doors of America's picture-perfect houses? This volume includes chapters on the domestic, economic, intellectual, material, political, recreational, and religious lives of the average American woman after World War II. Chapters examine topics such as the entertainment industry's evolving concept of womanhood; Supreme Court decisions; the shifting idea of women and careers; advertising; rural, urban, and suburban life; issues women of color faced; and child rearing and other domestic responsibilities. A timeline of important events and glossary help to round out the text, along with further readings and a bibliography to point readers to additional resources for their research. Ideal for students in high school and college, this volume provides an important look at the revolutionary transformation of women's lives in the decades following World War II.

Gender, Power, and Communication in Human Relationships Pamela J. Kalbfleisch, Michael J. Cody, 2012-12-06 This edited volume establishes a state-of-the-art perspective on theory and research on gender, power, and communication in human relationships. Both theoretical essays and review chapters address issues relevant to female and male differences in power, dominance, communication, equality, and expectations/beliefs. All chapter contributors share two commonalities. First, each provides a 1990s assessment of power and equality in female and male relationships. Second, each reviews respective programs of research and focuses attention on the relevance of this research to understanding the relationships of women and men. Unique because it incorporates a multidisciplinary approach to the study of gender and the communication of power in human relationships, this book includes the original work of intellectuals with national and international reputations in the social sciences. The volume provides both scholastic breadth and centralized treatment of issues that form the very foundation of social and personal relationships. It will appeal to scholars working in the disciplines of communication and psychology as well as other areas of social science research.

Essential Mass Communication John DiMarco, 2025-03-25 Helps students develop the ability to analyze culture and utilize media literacy techniques, provides the core skills necessary to succeed in a communications career

Communication helps students build a strong understanding of communication theory, mass communication technology, information studies, and mass communication practices. Offering an expanded view of the field, this comprehensive textbook combines easily accessible coverage of core skills and concepts with historically critical content on mass communication revolutions, cultural impacts, and converging media as they changed society. Throughout the text, author John DiMarco integrates professional practice components into each chapter, including professional pathways to applying mass communication to students' careers. Essential Mass Communication addresses a variety of creative fields, such as storytelling, rhetoric, journalism, marketing and advertising, design, fine art, photography, and filmmaking. Student-friendly chapters explore a uniquely wide range of topics, from introductory content on communication process and product to more in-depth discussion of game history and theory, critical theory, strategic communication, and more. Designed to help aspiring creative professionals learn and use the technology tools and channels available to deliver cultural and personal experiences in the form of media products, Essential Mass Communication: Introduces the concepts of mass communication and establishes foundations for understanding convergence and culture Provides the skills and knowledge required to apply critical media literacy analysis techniques in different fields Discusses the driving technologies, key people, convergence, and cultural instances of each mass communication media Covers the business and information disciplines of mass communication, including ethics and communication law Highlights the connection between communication technologies, culture, and careers in mass media Includes a wealth of real-world case studies, applied examples and assignments, key term definitions, end-of-chapter questions, in-text QR codes linking to internet sources, and valuable appendices for career development With a strong focus on creative, active learning, Essential Mass Communication: Convergence, Culture, and Media Literacy is the perfect textbook for undergraduate and graduate courses in Mass Communication, Information Studies, and Communication technologies, as well as relevant courses in Media Studies, International Communications, and Marketing, Advertising, and Public Relations programs.

Thinking Outside the Box Gary R. Edgerton, Brian Geoffrey Rose, 2005-01-01 Thinking Outside the Box brings together some of the best and most challenging scholarship about TV genres, exploring their genesis, their functions and development, and the interaction of disparate genres. The authors argue that genre is a process rather than a static category and that it signifies much about the people who produce and watch the shows. In addition to considering traditional genres such as sitcoms, soap operas, and talk shows, the contributors explore new hybrids, including reality programs, teen-oriented science fiction, and quality dramas, and examine how many of these shows have taken on a global reach. Identifying historical continuities and envisioning possible trends, this is the richest and most current study of how television genres form, operate, and change.

Urban Culture Alan C Turley, 2015-09-07 This innovative text uses the lens of culture to examine the various theoretical

perspectives and paradigms of urban analysis. It explores the city's impact on how we make and consume all types of culture—art, music, literature, architecture, film, and more—not only illustrating the effects the urban environment has on the production of culture, but, at times, how culture has influenced the city. Theoretically diverse, *Urban Culture* employs the major theoretical perspectives in sociology and the major paradigms in Urban Sociology and Urban Studies: Urban Ecology, Marxism, New Urbanism, Socio-Psychological Perspective, Structuralists/Econometrics, and Urban Elites/ Entrepreneurs. Urban Terrorism is also addressed to provide a timely examination of the cultural impact and sociological effects of terrorism in an urban setting.

Nervous Laughter Darrell Y. Hamamoto, 1991-05-30 Critically analyzing four decades of television situation comedies from *The Honeymooners* to *The Bill Cosby Show*, Hamamoto shows how the sitcom reflects, explains, legitimates, and challenges the society in which it is grounded, illumining the power of laughter both to reaffirm and to question existing social structures. . . . Hamamoto offers a well-researched and refreshingly lucid study, immensely readable for its astute scholarship. Indispensable for students and scholars of television, popular culture, and comedy. *Choice* *Nervous Laughter* examines forty years of situation comedy, decade by decade, providing the first truly panoramic view of TV's most popular dramatic form. Within this context, Hamamoto traces what he describes as the dominant liberal democratic ideology implicit within situation comedy and explains its enduring popularity. Examining liberal democratic culture, politics, and society he demonstrates how the sitcom resolves social contradictions. Borrowing freely from the social sciences, history, and literary criticism he explains the curious grip the TV sitcom has had on its audience for over forty years. This book critically assesses the relationship between the media and society bringing questions of power, equality, and democracy to the foreground. *Nervous Laughter* is important reading for both the specialist and the general reader in its analysis of postwar American society. *Nervous Laughter* is a study of liberal democratic culture, politics, and society. It describes the ways affirmative aspects and contradictions of liberal democratic ideology are given form in television situation comedy. It provides a close reading of forty years of television texts. Arguing against mainstream theories of mass communications, the author presents an analytic framework that looks instead at conflict and contradiction within class society. Challenging the legitimacy of airwave control by non-democratic social institutions, *Nervous Laughter* concludes with a modest agenda that might lead to democratization of television.

Men in the Middle James Gilbert, 2005-07 While the 1950s have been popularly portrayed on television and in the movies and literature as a conformist and conservative age, the decade is better understood as a revolutionary time for politics, economy, mass media, and family life. Magazines, films, newspapers, and television of the day scrutinized every aspect of this changing society, paying special attention to the lifestyles of the middle-class men and their families who were moving to the suburbs newly springing up outside American cities. Much of this attention focused on issues of masculinity, both to enforce

accepted ideas and to understand serious departures from the norm. Neither a period of male crisis nor yet a time of free experimentation, the decade was marked by contradiction and a wide spectrum of role models. This was, in short, the age of Tennessee Williams as well as John Wayne. In *Men in the Middle*, James Gilbert uncovers a fascinating and extensive body of literature that confronts the problems and possibilities of expressing masculinity in the 1950s. Drawing on the biographies of men who explored manhood either in their writings or in their public personas, Gilbert examines the stories of several of the most important figures of the day—revivalist Billy Graham, playwright Tennessee Williams, sociologist David Riesman, sex researcher Alfred Kinsey, *Playboy* literary editor Auguste Comte Spector, and TV-sitcom dad Ozzie Nelson—and allows us to see beyond the inherited stereotypes of the time. Each of these stories, in Gilbert's hands, adds crucial dimensions to our understanding of masculinity in the 1950s. No longer will this era be seen solely in terms of the conformist man in the gray flannel suit or the Marlboro Man.

Media and Middle Class Moms Lara J. Descartes, Conrad Kottak, 2010-04-02 This book engagingly presents firsthand, ethnographic research from a study that examined, in the context of actual work/family choices, how middle class American parents received, processed, and sometimes resisted media messages about work and family.

Eventually, you will agreed discover a additional experience and attainment by spending more cash. yet when? pull off you receive that you require to acquire those all needs in the manner of having significantly cash? Situation Comedy Television Shows Of The 1950s Portrayed American Families As Introduction

In the digital age, access to information has become easier than ever before. The ability to download Situation Comedy Television Shows Of The 1950s Portrayed American Families As has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Situation Comedy Television Shows Of The 1950s Portrayed American Families As has opened up a world of possibilities. Downloading Situation Comedy Television Shows Of The 1950s Portrayed American Families As provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the

go. Moreover, the cost-effective nature of downloading Situation Comedy Television Shows Of The 1950s Portrayed American Families As has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Situation Comedy Television Shows Of The 1950s Portrayed American Families As. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Situation Comedy Television Shows Of The 1950s Portrayed American Families As. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Situation Comedy Television Shows Of The 1950s Portrayed American Families As, users should

also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Situation Comedy Television Shows Of The 1950s Portrayed American Families As has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Situation Comedy Television Shows Of The 1950s Portrayed American Families As Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks,

including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Situation Comedy Television Shows Of The 1950s Portrayed American Families As is one of the best book in our library for free trial. We provide copy of Situation Comedy Television Shows Of The 1950s Portrayed American Families As in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Situation Comedy Television Shows Of The 1950s Portrayed American Families As. Where to download Situation Comedy Television Shows Of The 1950s Portrayed American Families As online for free? Are you looking for Situation Comedy Television Shows Of The 1950s Portrayed American Families As PDF? This is definitely going to save you time and cash in something you should think about.
