The Magician's Workbook Steve Savedow, 1996-01-15 The go-to beginner's guide to ritual magic and astral projection—an efficient working manual that provides a complete program leading to self-initiation. In *The Magician's Workbook*, Steve Savedow brings together the essential themes of classic occult literature to provide new students with step-by-step, practical guidance for developing a magical life. Savedow explains the principles of magic and covers important topics such as meditation, astral projection, Qabalah, tarot, words of power, the assumption of God-forms, yoga, and more. Details are included for performing four banishing rituals, four planetary invocations, a daily Eucharist ritual, and rituals for constructing and charging talismans. Readers will be introduced to rituals composed by Aleister Crowley, as well as new rituals created by the author. *The Magician's Workbook* is a clear and comprehensive instruction manual that offers a complete program of study leading to self-initiation. Here is the essential workbook for beginners and a useful reference for advanced practitioners who are instructing others in the practice of ritual magic.

The Probationer's Handbook George T. Mortimer, 2008-12-07 Mortimer's book is grounded in that of Crowley yet he

goes beyond it and I think the Master Therion would applaud. He tackles issues obviously based on experience, which have never been satisfactorily tackled before. If you have the slightest sincere interest in Magick and human evolution, you really must get hold of this book. The author's acid wit regarding New Age garbage adds spice to this excellent work. Do you really want to make Magick? If so, you must beg, borrow or steal a copy of this wonderful book. - Gerald Suster (Talking Stick - Winter 1997/98).

Keys to Perception Ivo Dominguez, 2017-09-01 Many different systems and traditions of magic, divination, spirituality, and esoteric religion exist, but at their core, they share the need for practitioners to safely and successfully experience the reality that lies beyond the physical senses. *Keys to Perception: A Practical Guide to Psychic Development* is a collection of proven and tested methods, rituals, and systems that will help you deepen and clarify your capacity to sense and understand the rich worlds beyond the veils of the ordinary. The material in this book derives from decades of work by the author and his students. Dominguez offers the reader practical techniques for increasing psychic aptitude and ability. Methods featured include chanting and working with crystals, chakras, oils, herbs, and potions, as well as a variation on the Middle-Pillar Ritual.
