The Friar and the Maya Matthew Restall, Amara Solari, John F. Chuchiak, Traci Ardren, 2023-12-22 *The Friar and the Maya* offers a full study and new translation of the *Relación de las Cosas de Yucatán* (Account of the Things of Yucatan) by a unique set of eminent scholars, created by them over more than a decade from the original manuscript held by the Real Academia de la Historia in Madrid. This critical and careful reading of the Account is long overdue in Maya studies and will forever change how this seminal text is understood and used. For generations, scholars used (and misused) the Account as the sole eyewitness insight into an ancient civilization. It is credited to the sixteenth-century Spanish Franciscan, monastic inquisitor, and bishop Diego de Landa, whose legacy is complex and contested. His extensive writings on Maya culture and history were lost in the seventeenth century, save for the fragment that is the Account, discovered in the nineteenth century, and accorded near-biblical status in the twentieth as the first “ethnography” of the Maya. However, the Account is not authored by Landa alone; it is a compilation of excerpts, many from writings by other Spaniards—a significant revelation made here for the first time. This new translation accurately reflects the style and vocabulary of the original manuscript. It is augmented by a monograph—comprising an introductory chapter, seven essays, and hundreds of notes—that describes, explains, and analyzes the life and times of Diego de Landa, the Account, and the role it has played in the development of modern Maya studies. *The Friar and the Maya* is an innovative presentation on an important and previously misunderstood primary source.

The Routledge Handbook of Mesoamerican Bioarchaeology Vera Tiesler, 2022-05-23 This volume brings together a range of contributors with different and hybrid academic backgrounds to explore, through bioarchaeology, the past human experience in the territories that span Mesoamerica. This handbook provides systematic bioarchaeological coverage of skeletal research in the ancient Mesoamericas. It offers an integrated collection of engrained, bioculturally embedded explorations of relevant and timely topics, such as population shifts, lifestyles, body concepts, beauty, gender, health, foodways, social inequality, and violence. The additional treatment of new methodologies, local cultural settings, and theoretic frames rounds out the scope of this handbook. The selection of 36 chapter contributions invites readers to engage with the human condition in ancient and not-so-ancient Mesoamerica and beyond. *The Routledge Handbook of Mesoamerican Bioarchaeology* is addressed to an audience of Mesoamericanists, students, and researchers in bioarchaeology and related fields. It serves as a comprehensive reference for courses on Mesoamerica, bioarchaeology, and Native American studies.

Human Adaptation in Ancient Mesoamerica Nancy Gonlin, Kirk D. French, 2015-12-01 This volume explores the dynamics of human adaptation to social, political, ideological, economic, and environmental factors in Mesoamerica and includes a wide array of topics, such as the hydrological engineering behind Teotihuacan's layout, the complexities of agriculture and sustainability in the Maya lowlands, and the nuanced history of abandonment among different lineages and households in Maya centers. The authors aptly demonstrate how culture is the mechanism that allows people to adapt to a changing world, and they address how ecological factors, particularly land and water, intersect with nonmaterial and material manifestations of cultural complexity. Contributors further illustrate the continuing utility of the cultural ecological perspective in framing research on adaptations of ancient civilizations. This book celebrates the work of Dr. David Webster, an influential Penn State archaeologist and anthropologist of the Maya region, and highlights human adaptation in Mesoamerica through the scientific lenses of anthropological archaeology and cultural ecology. Contributors include Elliot M. Abrams, Christopher J. Duffy, Susan Toby Evans, Kirk D. French, AnnCorinne Freter, Nancy Gonlin, George R. Milner, Zachary Nelson, Deborah L. Nichols, David M. Reed, Don S. Rice, Prudence M. Rice, Rebecca Storey, Kirk Damon Straight, David Webster, Stephen L. Whittington, Randolph J. Widmer, John D. Wingard, and W. Scott Zeleznik.

Atlas of the Ancient Maya World Walter R.T. Witschey, Clifford T. Brown, 2025-04-19 This volume is the first comprehensive atlas of the Maya region published since 1940. Large-format pages provide 119 detailed full-color maps with striking terrain and over 10,000 known site locations, saches, fortifications, emblem glyphs, inscriptions, and LiDAR coverage. Area maps show elevations, rainfall, physiography, soils, and political subdivisions. With map keys, a site index gazetteer, references, and instructions, this atlas is an essential reference for libraries and Maya scholars; for students and travelers, it will be invaluable for field work and trip planning. Thirty years in preparation, this atlas will be treasured by anyone with an interest in the ancient Maya world.

The Gifted Passage Stephen D. Houston, 2018-01-01 In this thought-provoking book, preeminent scholar Stephen Houston turns his attention to the crucial role of young males in Classic Maya society, drawing on evidence from art, writing, and material culture. *The Gifted Passage* establishes that adolescent men in Maya art were the subjects and makers of hieroglyphics, painted ceramics, and murals, in works that helped to shape and reflect masculinity in Maya civilization. The political volatility of the Classic Maya period gave male adolescents valuable status as potential heirs, and many of the most precious surviving ceramics likely celebrated their coming-of-age rituals. The ardent hope was that youths would grow into effective kings and noblemen, capable of leadership in battle and service in royal courts. Aiming to shift mainstream conceptions of the Maya, Houston argues that adolescent men were not simply present in images and texts, but central to both.

Stone Trees Transplanted? Central Mexican Stelae of the Epiclassic and Early Postclassic and the Question of Maya 'Influence' Keith Jordan,2014-10-10 Stelae dating to the Epiclassic and Early Postclassic from Tula, Xochicalco, and other sites in Central Mexico have been cited as evidence of Classic Maya `influence' on Central Mexican art during these periods. This book re-evaluates these claims via detailed comparative analysis of the Central Mexican stelae and their claimed Maya counterparts.

Cultural Property Crime Joris Kila,Marc Balcells,2014-10-16 In Cultural Property Crime various experts in the fields of criminology, art law, heritage studies, law enforcement, forensic psychology, archaeology, art history and journalism provide multidisciplinary perspectives on today's concept of cultural property crime, including art crime. In addition, the volume deals with international, legal and practical developments regarding the increasing criminalization of acts against cultural property in times of conflict. Attention is paid to the changing status and fluctuating appraisal of cultural property as subject to classical art crimes generally in peacetime and as an identity-related symbolic target during conflict. The book covers a wide range of topics such as forgeries, white-collar crime, archaeological looting and the impact of war on cultural heritage.

Indian Art of the Americas at the Art Institute of Chicago Richard F. Townsend,2016-06-28 A stunning survey of the indigenous art, architecture, and spiritual beliefs of the Americas, from the Precolumbian era to the 20th century This landmark publication catalogues the Art Institute of Chicago's outstanding collection of Indian art of the Americas, one of the foremost of its kind in the United States. Showcasing a host of previously unpublished objects dating from the Precolumbian era to the 20th century, the book marks the first time these holdings have been comprehensively documented. Richard Townsend and Elizabeth Pope weave an overarching narrative that ranges from the Midwestern United States to the Yucatán Peninsula to the heart of South America. While exploring artists' myriad economic, historical, linguistic, and social backgrounds, the authors demonstrate that they shared both a deep, underlying cosmological view and the desire to secure their communities' prosperity by affirming connections to the sacred forces of the natural world. The critical essays focus on topics that bridge traditions across North, Central, and South America, including materials, methods of manufacture, the diversity of stylistic features, and the iconography and functions of various objects. Gorgeously illustrated in color with more than 500 vibrant images, this handsome catalogue serves as the definitive survey of an unparalleled collection.

Tatiana Proskouriakoff Char Solomon, 2022-02-18 Born in Siberia during a turbulent period in Russian history, Tatiana Proskouriakoff came to America with her family when her father was commissioned during World War I by Czar Nicholas II to oversee the production of munitions in the United States. With the Czar's abdication and the onset of the Russian Revolution, the Proskouriakoffs' brief visit became a relocation. Proskouriakoff excelled in art and completed a degree in architecture. She entered the field of Mesoamerican archaeology in the mid-1930s as a draftsman and artist for a University of Pennsylvania archaeological project in the Petén rainforest of Guatemala. During her career, which spanned fifty years, Proskouriakoff became known for her thorough scholarship. In her landmark work, *An Album of Maya Architecture*, Proskouriakoff combined her artistic talents and architectural background to produce a vision of ancient Maya sites, such as Copán and Chichen Itza, at the height of their grandeur. By the end of her life, she had become one of the premier scholars of Mayan civilization. In this first full-length biography of Proskouriakoff, Char Solomon chronicles the life of this remarkable woman. For more information about this title, please visit www.charsolomon.com.
