Summary of John C. Maxwell's Sometimes You Win--Sometimes You Learn Everest Media,2022-05-04T22:59:00Z
Please note: This is a companion version & not the original book. Sample Book Insights: #1 The question What would you attempt to do if you knew you wouldn't fail. is a great one. It inspires people to reach for their goals and to risk more. The question What do you learn when you fail. is not as common, and people are not well prepared to answer it. #2 I made the mother of all stupid mistakes on March 12, 2009, when I tried to go through security at a major airport with a forgotten handgun in my briefcase. It was by far the dumbest thing I've ever done. #3 I was stopped at the airport security checkpoint, and the man who operated the screening device knew me. He said he would have to report the incident, and I was taken away. The head of the sheriff's division who filled out the police report knew me too. #4 I have made many mistakes in my life, and I know that if I can be careful enough, I won't fall from heaven. But a mistake is a declaration of the way I am, a jolt to the way I intend, and a reminder that I am not dealing with facts.

Practical and Inspirational Guidelines for Winning J. David Irwin,2021-05-27 This book contains a compilation of lessons learned over a lifetime of study in the school of hard knocks through a wide spectrum of activities that range from family interactions on the one hand to complex business/professional involvements on the other. As a result, numerous personal examples, coupled with biblically and spiritually based inspirational material, are provided that serve to illustrate the ideas and concepts that have been applied to achieve a winning outcome in these environments. Within the context of this book, winning refers to the attainment of a successful outcome, regardless of the context, and although many of the concepts and ideas discussed will be confined primarily to the interpersonal relationships among individuals and presented in the framework of a business or family environment, they are also applicable when dealing with members of a civic organization, a church group, a professional organization, or any other group where people interact or work together for some common goal. Although the achievement of successful personal interactions in any endeavor can be difficult and the optimum path unknown, when the effort is systematically performed in concert with Almighty God, winning can become a way of life.

Imperceptible Reality Connie Bertelsen Young, 2021-12-02 The book, IMPERCEPTIBLE REALITY - A Longing for Spiritual Vision, is an adult Bible study that is meant to draw attention to the incredibly broad subject of who God is, our relationship to Him, and what He has created, particularly that which we can't see with our physical eyes. "So we fix our eyes not on what is seen, but on what is unseen, since what is seen is temporary, but what is unseen is eternal." (2 Corinthians 4:18 NIV). Since Adam and Eve, we have been ever learning and discovering more about life, and though our knowledge may seem extensive, it remains slight as we try to understand this universe, the scope of all living things, and the boundlessness of eternity. "Even Solomon, one of the wisest men who ever lived, indicated that "No one can fathom what God has done from beginning to end." (Ecclesiastes 3:11 NIV) Although we can't see everything, The truth which we are given in the Bible will help free us from blindness, deception and ignorance. In IMPERCEPTIBLE REALITY, A Longing for Spiritual Vision, there is emphasis on our great need for faith, growth, and awareness of the mysterious and magnificent immensity of God and our response to Him.

Extreme Winning Pat Williams, 2015-11-03 Extreme winners are not content with being second. That's equivalent to being the first loser. 'Anybody can live life when things are going well; the real test comes when adversity strikes and setbacks nail you. When that happens, how are you going to respond?' It's been five years since Pat Williams learned firsthand what an oncologist was. Five years since he had to actually prove that he bought into his own message in order to beat the cancer attacking the plasma cells in his bone marrow. Five years since he responded to the diagnosis with a new mission for remission and determined to face his mission with one goal - winning! Now, Williams and Kerasotis share that same focus and passion with readers by identifying 12 qualities of extreme winners and by providing all of the tools they need to implement each one. When put into practice - which readers can do right away - there is no telling what can happen. And there is no telling what they can accomplish.
