

Michael Apple Aportes A La Educacin

David Pérez Arenas

Filosofía, teoría e investigación en la maestrías en Educación/ Philosophy, Theory and Research In Education Masters Degrees David Pérez Arenas, 2007

Educación y poder Michael W. Apple, 1987 El sistema educativo en la actualidad se está tratando con tanta atención en los medios de comunicación de masas, en organismos nacionales, en la política y en la vida de cada día que sería un lástima que nos viéramos tan envueltos en la corriente que alaba las de una realidad con tantos y tan variados significados y connotaciones sociales y económicas, que desistiéramos de seguir haciéndonos algunas preguntas críticas sobre lo que hacen las escuelas. ¿Cuál es la relación entre la educación y la sociedad de la abundancia? ¿Quién planifica, en último término, cómo se organizan la mayoría de las líneas en nuestros colegios, los planes de estudios y las enseñanzas prácticas? Estas son preguntas fáciles de plantear, pero difíciles de responder. Educación y poder es un paso más en el intento de tomar en consideración las preguntas y las respuestas como serias y posibles.

Cuando Los Grados Hablan de Desigualdad Ana Padawer, 2008-11-21 Se discute la organización por grados en la escuela primaria en relación a la graduación y las experiencias docentes en las aulas.

Lo cotidiano en la escuela Jenny Assaél B., 2022-07-20 Es innegable que la escuela está permeada por los fenómenos culturales e históricos que dan vida a las sociedades. En Chile, muchas de las tensiones sociales actuales relacionadas con las políticas neoliberales, la desigualdad, el género, las migraciones, entre otras, se ven reflejadas y producidas en el espacio escolar. La escuela encierra en sí misma una complejidad y un entramado de significados y valores que parecen invisibles y difíciles de aprehender. Es aquí donde la etnografía escolar adquiere una relevancia vital: nos permite documentar la cotidianeidad, aquello que es tan evidente que se nos escapa del campo reconocible, e interpretar los mundos de vida y culturas de la escuela, con una densidad y profundidad que los hace inteligibles. Este libro ofrece un recorrido por la producción etnográfica de la escuela chilena desde finales de la década del setenta del siglo XX, dando cuenta de las continuidades y cambios que han vivido tanto el espacio escolar como nuestro país. A partir de este recorrido también se aprecian las condiciones en que se investiga la escuela y la educación en Chile. Esperamos que esta obra sea un referente para todos aquellos actores de la educación, profesores, investigadores, estudiantes, entre otros, quienes deseen conocer y comprender los discursos, prácticas y (dis)continuidades de la escuela chilena. “Dar cuenta de una historia interdisciplinaria

e intergeneracional de un campo de conocimiento no es tarea sencilla. Los autores de este volumen lo han realizado con excepcional compromiso, evidente en la consistencia con la que trazan tanto líneas de continuidad como debates dentro del campo de la etnografía educativa en Chile”. Elsie Rockwell.

The Peculiar Revolution Carlos Aguirre, Paulo Drinot, 2017-05-30 On October 3, 1968, a military junta led by General Juan Velasco Alvarado took over the government of Peru. In striking contrast to the right-wing, pro-United States/anti-Communist military dictatorships of that era, however, Velasco’s “Revolutionary Government of the Armed Forces” set in motion a left-leaning nationalist project aimed at radically transforming Peruvian society by eliminating social injustice, breaking the cycle of foreign domination, redistributing land and wealth, and placing the destiny of Peruvians into their own hands. Although short-lived, the Velasco regime did indeed have a transformative effect on Peru, the meaning and legacy of which are still subjects of intense debate. The Peculiar Revolution revisits this fascinating and idiosyncratic period of Latin American history. The book is organized into three sections that examine the era’s cultural politics, including not just developments directed by the Velasco regime but also those that it engendered but did not necessarily control; its specific policies and key institutions; and the local and regional dimensions of the social reforms it promoted. In a series of innovative chapters written by both prominent and rising historians, this volume illuminates the cultural dimensions of the revolutionary project and its legacies, the impact of structural reforms at the local level (including previously understudied areas of the country such as Piura, Chimbote, and the Amazonia), and the effects of state policies on ordinary citizens and labor and peasant organizations.

La planificación en la educación infantil Diana Urcola, Laura Amine Habichayn, Mónica Kac, Griselda Callegari, Susana Gaitán, 2020-09-01 En este libro se sistematizan propuestas didácticas que responden a las inquietudes de las maestras de sala y los alumnos de formación docente frente a la difícil tarea de planificar. Para los directivos brinda una mirada integral del proceso de planificación en general, desde el currículo prescripto hasta llegar a la sala. Ofrece sugerencias para realizar la tarea diagnóstica, en tanto instancia clave para contextualizar el diseño curricular oficial a la realidad socio-institucional y construir un proyecto curricular con identidad propia. Aquellos que tienen un recorrido de muchos años en las salas de jardín encontrarán interrogantes y sugerencias que les ayudarán a re-pensar su tarea de planificar. Y los docentes noveles y los alumnos en formación hallarán sostenes o andamios para transitar los primeros procesos de construcción de las planificaciones. Para ello se ofrecen desarrollos teóricos para comprender los procesos de contextualización curricular, con orientaciones, sugerencias y ejemplificaciones de propuestas didácticas en sus variados formatos.

Una mirada crítica a la formación de los juristas en América Latina Héctor Guillermo Sierra Cuervo, 2019-07-01 Estudio de la política de educación superior respecto a la formación de abogados en Colombia y América Latina así como de los contenidos teóricos y prácticos a nivel de los currículos de formación. Serra Cuervo es abogado de la Universidad La Gran Colombia, docente e investigador, asesor y consultor jurídico.

El conocimiento oficial Michael W. Apple, 1996 En estos tiempos que corren, cuando los principios fundamentales de la enseñanza pública parecen verse tergiversados por intereses varios, el presente libro de Michael W. Apple alza su voz para denunciar la comercialización y la privatización a las que estas siendo sometidas nuestras escuelas. A través de un atento examen de los más controvertidos temas, desde la adopción de ciertas políticas respecto a los libros de texto hasta la manipulación de que es objeto la educación por parte de algunos grupos sociales, Apple nos ofrece un poderoso análisis de los motivos y las causas que nos están conduciendo a esta situación. Y, de este modo, sus lucidas conclusiones intentan contrapesar el impacto que están ejerciendo las políticas más reaccionarias en el ámbito de la práctica educativa, destacando los esfuerzos cotidianos de algunos profesores incluso el mismo en su lucha por conseguir una educación más justa e igualitaria. Lleno a la vez de preocupación y de esperanza.

El uso ingenioso de la ideología en Costa Rica Astrid Fischel Volio, 1992

Educación y modernidad, hoy Michael W. Apple, 2007

Educación en derechos humanos Abraham Magendzo, 2006

Escuela, historia y poder Alberto Martínez Boom, Mariano Narodowski, 1996

Comunicación, cultura y educación Mónica Cohendoz, 2015 The text proposes an open modality of work for the classroom to discuss communication research and to motivate students to participate in the production of knowledge in the discipline.

Universidad y conflictividad social Pitlevnick, Leonardo, 2012-01-01 Plantea Michael Burawoy: “Tenemos que repensar el significado de la universidad pública. El asunto no es solo quién tiene acceso a la universidad, ni cuánto cuesta, sino más bien qué responsabilidad asume ante la sociedad, qué diálogo puede construir con los distintos actores públicos”. Entre las crisis señaladas por Boaventura de Sousa Santos, entiendo que estamos hoy ante la crisis del modelo de educación universitaria de y para las élites. También debe de ser un reto el pensar en estas conflictivas universidades masificadas. Los trabajos que reúne esta obra permiten pensar en la constitución de una universidad en la cual exista una comunidad de facultades, profesores, estudiantes e investigadores en donde se discuta colectivamente qué es la universidad y cuál es su lugar en la sociedad. Los temas abordados, la cuestión carcelaria, el derecho en las villas de la ciudad de Buenos Aires, la formación en derecho penal de los miembros de la administración de justicia, el machismo en la educación jurídica, las propuestas pedagógicas críticas, el modelo de enseñanza de la Facultad de derecho, dan cuenta de la potencial expansión que tuvieron esos esfuerzos puestos en conjunto. Estos textos nos interpelan, nos exigen mucho, nos ponen en problemas. Y también nos

comprometen para transformar(nos) en la realidad social, y de esa forma también liberar(nos), inevitablemente en forma conjunta, con los derechos y los conflictos.
