Abraham's Silence J. Richard Middleton, 2021-11-16 It is traditional to think we should praise Abraham for his willingness to sacrifice his son as proof of his love for God. But have we misread the point of the story? Is it possible that a careful reading of Genesis 22 could reveal that God was not pleased with Abraham's silent obedience? Widely respected biblical theologian, creative thinker, and public speaker J. Richard Middleton suggests we have misread and misapplied the story of the binding of Isaac and shows that God desires something other than silent obedience in difficult times. Middleton focuses on the ethical and theological problem of Abraham's silence and explores the rich biblical tradition of vigorous prayer, including the lament psalms, as a resource for faith. Middleton also examines the book of Job in terms of God validating Job's lament as right speech, showing how the vocal Job provides an alternative to the silent Abraham. This book provides a fresh interpretation of Genesis 22 and reinforces the church's resurgent interest in lament as an appropriate response to God.

Wiesel was 15 years old when he was sent to Auschwitz with his mother, father, and three sisters. Wiesel recalls his horrifying ordeal, including the sadistic Nazi overseers, the death of his mother and younger sister, watching fellow prisoners disappear into the crematorium, the bloody death march to Gleiwitz, and the heartbreaking fatal beating of his father only months before the camp's liberation. Suffering Mark Giszczak, 2024-02-26 Suffering is a mystery. It is an unavoidable reality of human life on earth, which disorients us and tests our souls. It leads us to ask questions about God and his goodness. Though we seek relief from our pain and comfort in our sorrow, suffering cannot be solved by mere human effort. Instead, Jesus invites us to journey with him, If anyone would come after me, let him deny himself and take up his cross daily and follow me (Luke 9:23 ESV-CE). As we joyfully accept his call to self-denial and reliance on God, suffering can become redemptive, conforming us to Christ in his salvific suffering. This book explores the personal and spiritual dimensions of suffering, explains Catholic teaching on its redemptive value and reveals how suffering can go from feeling useless to transforming us to be like God. It shows how we can cope with our sufferings by integrating them into our life story and even choose small sufferings for the purpose of spiritual growth. Wrestling with sorrow on earth prepares us for death, which is the doorway to eternal life--

God Is Impassible and Impassioned Rob Lister, 2012-11-30 Modern theologians are focused on the doctrine of divine impassibility, exploring the significance of God's emotional experience and most especially the question of divine suffering. Professor Rob Lister speaks into the issue, outlining the history of the doctrine in the views of influential figures such as Augustine, Aquinas, and Luther, while carefully examining modernity's growing rejection of impassibility and the subsequent evangelical response. With an eye toward holistic synthesis, this book proposes a theological model based upon fresh insights

into the historical, biblical, and theological dimensions of this important doctrine.

Fantasies of Witnessing Gary Weissman, 2018-07-05 *Fantasies of Witnessing* explores how and why those deeply interested in the Holocaust, yet with no direct, familial connection to it, endeavor to experience it vicariously through sites or texts designed to make it real for nonwitnesses. Gary Weissman argues that far from overwhelming nonwitnesses with its magnitude of horror, the Holocaust threatens to feel distant and unreal. A prevailing rhetoric of secondary memory and trauma, he contends, and efforts to portray the Holocaust as an immediate and personal experience, are responses to an encroaching sense of unreality: In America, we are haunted not by the traumatic impact of the Holocaust, but by its absence. When we take an interest in the Holocaust, we are not overcoming a fearful aversion to its horror, but endeavoring to actually feel the horror of what otherwise eludes us. Weissman focuses on specific attempts to locate the Holocaust: in the person of Elie Wiesel, the most renowned survivor, and his classic memoir *Night*; in videotaped survivor stories and Lawrence L. Langer's celebrated book *Holocaust Testimonies*; and in the films *Shoah* and *Schindler's List*. These representations, he explains, constitute a movement away from the view popularized by Wiesel, that those who did not live through the Holocaust will never be able to grasp its horror, and toward re-creating the Holocaust as an experience nonwitnesses may put themselves through. It is only by acknowledging the desire that gives shape to such representations, and by exploring their place in the ongoing contest over who really 'knows' the Holocaust and feels its horror, that we can arrive at a more candid assessment of our current and future relationships to the Holocaust, he says.

Elie Wiesel Steven T. Katz, Alan Rosen, 2013-05-17 "Illuminating . . . 24 academic essays covering Wiesel's interpretations of the Bible, retellings of Talmudic stories . . . his post-Holocaust theology, and more." —Publishers Weekly Nobel Peace Prize recipient Elie Wiesel, best known for his writings on the Holocaust, is also the accomplished author of novels, essays, tales, and plays as well as portraits of seminal figures in Jewish life and experience. In this volume, leading scholars in the fields of Biblical, Rabbinic, Hasidic, Holocaust, and literary studies offer fascinating and innovative analyses of Wiesel's texts as well as enlightening commentaries on his considerable influence as a teacher and as a moral voice for human rights. "This book reveals Elie Wiesel's towering intellectual capacity, his deeply held spiritual belief system, and the depth of his emotional makeup." —New York Journal of Books "Close, scholarly readings of a master storyteller's fiction, memoirs and essays suggest his uncommon breadth and depth . . . Criticism that enhances the appreciation of readers well-versed in the author's work." —Kirkus Reviews "Navigating deftly among Wiesel's varied scholarly and literary works, the authors view his writings from religious, social, political, and literary perspectives in highly accessible prose that will well serve a broad and diverse

readership.” —S. Lillian Kremer author of *Women’s Holocaust Writing: Memory and Imagination*

The Liberative Cross Hye Kyung Heo, 2015-03-24 The Liberative Cross offers a theological grounding of the orthopraxy that calls North American Korean women to live as *imago Dei*, mirroring the perichoretic fellowship of the triune God in contemporary social relations through living in *imitatio crucis* and *imitatio relationis*. In so doing, this book emphasizes three elements. First, an appropriate theology of the cross meets the challenges or concerns of developing reality. Second, it is a feminist theology in the sense that it seeks to retrieve a theology of the cross that is life-giving and liberating for women. Third, it is a social trinitarian approach to the theology of the cross that can reveal the essence of God to be in relation, mutuality, and community in diversity. The constructive work achieved in this book makes a great contribution to pastoral and ecclesial praxis and imagination.

Connect yourself! Denise Loga, 2023-02-21 *Connect yourself!* And create a meaningful and happy life is a self-help book for personal development and leadership training. Denise Loga addresses people who want to change their lives for the better, who are restless or unsatisfied in their current situation or lack something. She charmingly invites us to leave our comfort zones by asking the right questions for establishing a happier, more purposeful life despite all existing limitations. With a compassionate yet pragmatic approach, the author reflects on the big questions of life, such as What do I really want? How do I want to live? What impact do I want to create? In addition to sharing some aspects of her own rollercoaster ride in life, she - as a consultant and mentor - did an over 10-years long deep dive into the hearts and minds of people and organisations. During this time, Denise Loga discovered many common denominators for the emotional and rational wellbeing of humans. She elaborated on and turned them into easily applicable tools. Those tools are provided in this book for direct self-coaching experiences and valuable guidance to better connect to oneself and to the surrounding world - one decisive key for understanding life.

Salvation As a Mechanical Process Richard E. Davies, 2020-02-14 Christians have been taught that Jesus died on the cross to pay a fine or ransom to expiate or atone for our sins. Furthermore, they have been taught that the death of Jesus is the only way individuals can receive eternal salvation. In general, this notion is called the “doctrine of blood atonement” or “penal substitution,” or some similar name. One reason for this teaching is that the development of Newtonian mechanics has led us to believe that God’s “laws of salvation” must be as easy to understand as the seventeenth- and eighteenth-century “laws” of our physical world. This book demonstrates that there are alternatives for understanding Jesus’ execution that are consistent with the twentieth- and twenty-first-century understanding of our physical world. In fact, the early Christian writers (including the Bible itself) described these alternatives. “Sacrifice” was only one form of the early Christian narrative explaining the death of Jesus. Although blood atonement was understandable in ancient Roman culture, it is not understandable in our culture. The inevitable conclusion is that we should abandon blood atonement and develop one of the

alternative ways of understanding the cosmic significance of Jesus' execution.
