Gavigan, Mindy Tomasevich, 2011-09-29 Here is the essential guide for librarians and teachers who want to develop a quality, curriculum-based graphic novel collection—and use its power to engage and inform middle and high school students. *Connecting Comics to Curriculum: Strategies for Grades 6–12* provides an introduction to graphic novels and the research that supports their use in schools. It illuminates the criteria for selecting titles, explores collection development strategies, and suggests graphic novel tie-ins for subjects taught in secondary schools.
