Feeling Good by Doing Good Christopher J. Mruk, 2018-07-19 Coming to the defense of self-esteem as a valuable and measurable component of good mental health, *Feeling Good by Doing Good* offers a new evidence-based approach to defining, understanding, and increasing what is known as authentic self-esteem. Translating decades of research in the fields of self-esteem, humanistic psychology, positive psychology, and psychotherapy into everyday terms, Christopher Mruk traces the definition of self-esteem back to when it was first used to describe the value of doing that which is both just and right. Seen this way, self-esteem is not just feeling good about oneself - rather, it comes from facing life's challenges in ways that demonstrate one's competence and worth as a person.
