Historical Dictionary of African American Cinema S. Torriano Berry,Venise T. Berry,2015-05-07 As early as 1909, African Americans were utilizing the new medium of cinema to catalogue the world around them, using the film camera as a device to capture their lives and their history. The daunting subject of race and ethnicity permeated life in America at the turn of the twentieth century and due to the effect of certain early films, specific television images, and an often-biased news media, it still plagues us today. As new technologies bring the power of the moving image to the masses, African Americans will shoot and edit on laptop computers and share their stories with a global audience via the World Wide Web. These independently produced visions will add to the diverse cache of African American images being displayed on an ever-expanding silver screen. This wide range of stories, topics, views, and genres will finally give the world a glimpse of African American life that has long been ignored and has yet to be seen. This second edition of Historical Dictionary of African American Cinema covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 1400 cross-referenced entries on actors, actresses, movies, producers, organizations, awards, and terminology, this book provides a better understanding of the role African Americans played in film history. This book is an excellent access point for students, researchers, and anyone wanting to know more about African American cinema.

This Day In Comedy Frank Holder,Darryl Littleton,2019-11-04 On This Day in Comedy is not just an encyclopedia, but a celebration of comedy. In humorous prose the book takes readers through the often-neglected subcultures of comedy in America, acknowledging the inclusiveness of the performers as well as shows and films that made this art form so vital to comics of all backgrounds. It's artistically criminal that a search for Native American or Asian comedy information yields a virtually blank slate. Look for Middle Eastern comics and you'll be provided information on the region's comic book revolution, and search results for Latin comedy are confined to a series of outdated articles. This encyclopedia will offer rare and in some cases never-before-seen photos and obscure facts, making it an indispensable comedy essential.

The A to Z of African American Cinema S. Torriano Berry,Venise T. Berry,2009-09-02 On 4 July, 1910, in 100-degree heat at an outdoor boxing ring near Reno, Nevada, film cameras recorded-and thousands of fans witnessed-former heavyweight champion Jim Jeffries' reluctant return from retirement to fight Jack Johnson, a black man. After 14 grueling rounds, Johnson knocked out Jeffries and for the first time in history, there was a black heavyweight champion of the world. At least 10 people

lost their lives because of Johnson's victory and hundreds more were injured due to white retaliation and wild celebrations in the streets. Public screenings received instantaneous protests and hundreds of cities barred the film from being shown. Congress even passed a law making it a federal offense to transport moving pictures of prizefights across state lines, and thus the most powerful portrayal of a black man ever recorded on film was made virtually invisible. This is but one of the hundreds of films covered in *The A to Z of African American Cinema*, which includes everything from *The Birth of a Nation* to *Crash*. In addition to the films, brief biographies of African American actors and actresses such as Sidney Poitier, James Earl Jones, Halle Berry, Eddie Murphy, Whoopi Goldberg, Denzel Washington, and Jamie Foxx can be found in this reference. Through a chronology, a list of acronyms and abbreviations, an introductory essay, a bibliography, appendixes, black-&-white photos, and hundreds of cross-referenced dictionary entries on actors, actresses, movies, producers, organizations, awards, film credits, and terminology, this book provides a better understanding of the role African Americans played in film history.
