Two manuscripts in one book: *Dark Psychology: What Machiavellian People of Power Know about Persuasion, Mind Control, Manipulation, Negotiation, Deception, Human Behavior, and Psychological Warfare that You Don't* *Persuasion: Highly Effective Manipulation Techniques to Influence People to Willingly Do What You Want Them to Do Using NLP, Mind Control and a Deep Understanding of Human Behavior and Dark Psychology* Have you ever been subjected to the painful and damaging behaviors of people who seem to lack morals? Would you like to know how to protect yourself against these dark strategies so you can avoid being manipulated or get sucked into their false reality at the expense of your own sanity? You see, the art of dark psychology has long been researched by scientists to attempt to understand what it is that allows people to ruthlessly chase their dreams at the expense of everyone around them. You are going to discover exactly how these manipulative people suck others into their deceptive ways and win at everything they do - no matter what the cost may be. This book will also show you how to protect yourself against these dark strategies so you can avoid being manipulated or sucked into their false reality at the expense of your own sanity. In part 1 of this book, you will learn about: The eight laws of human behavior and how manipulative people use these behaviors to their advantage The six scientific principles of persuasion and how a manipulator will use these to persuade anyone to agree with them, seemingly on their own terms Mind control techniques that Machiavellian leaders and manipulators use to try and bend your reality and keep you at their mercy Manipulative negotiation tactics people use to get you to take their deal while making it seem like it was your idea 19 manipulation strategies predators use to lure people into their deceptive games The art of deceptive winning and how manipulators will use deception as a carefully selected tool so that they can easily win at anything they do And much, much more! Some of the topics covered in part 2 of this book include: Ego: friend or foe? A look at how ego management is an asset in negotiation Don't say that: what to avoid saying in conversation Nice and effective ways to exert

influence How Bruce Lee inspired persuasion concepts Scientifically proven principles of persuasion Seduction as manipulation: don't be a victim but use the techniques to influence others What you need to understand about human behavior and dark psychology Powerful NLP techniques that can be used for manipulation purposes Highly effective mind control techniques And much, much more So if you want to learn more about dark psychology and persuasion, scroll up and click add to cart!
