The Joys of Being Italian Joseph Ippolito, 2013-07-16 From the very beginning, Italians have traveled. Caesar went to Britain, Marco Polo went to China, and the grandparents and great-grandparents of countless Americans came here to the United States. They weren't alone. Millions came with them, before them, and after them, and together they took all that America had to offer. Of course, they gave something back, too. They gave back food like spaghetti, singers like Sinatra, and stories by Scorsese—and the actors who bring them to life better than anyone else. They gave back art, attitude, and customs that have spawned a way of life that is distinctly American. This book pays homage to the contributions of Italians and to that often celebrated, sometimes maligned heritage shared by millions of Americans.

Tartufo Kira Jane Buxton, 2025-01-28 From the author of *Hollow Kingdom*, a fantastically funny story featuring a cast of colorful characters in a dying Italian village and a giant truffle that changes their fate forever in this “deliciously absurd tale....I savored every page of this book.” (Shelby Van Pelt, author of *Remarkably Bright Creatures*) After nearly losing the election to a geriatric donkey, newly installed Mayor Delizia Miccucci can't help but feel like the sun has finally set on the rural Italian village of Lazzarini Boscarino. Tourists only stop by to ask for directions, Nonna Amara's cherished ristorante is long shuttered, and the town hall is disgustingly overrun with glis glis poo—even Postman Duccio has been disgraced. All that's left is Bar Celebrità, a rustic establishment where weary locals gather to quibble over decades-long disputes, submit their poor stomachs to bartender Giuseppina's volcanic espresso, and wonder what will become of the place where together they've spent their entire lives. Little do the villagers know that local truffle hunter Giovanni Scarpazza has just happened upon something that could change everything. A truffle—un tartufo, that is—sits beneath the soil with the power to either be the greatest gift or the foulest curse the village has ever seen. Written in the same enchanting style and raucous humor that defines *Hollow Kingdom* and *Feral Creatures*, *Tartufo* is a reflection on the interconnectedness of life in all its manifestations—and how holding on to harmony in the face of hardship can grow something beautiful and rare beneath the surface.

Bella Figura Kamin Mohammadi, 2018-05-08 “My ideal type of armchair travel: immersive, insightful, seductive. In *Bella Figura*, Kamin Mohammadi takes us to the year in Florence that changed her life, and gives us the tools to bring the grace of the Italian lifestyle to our own lives.” —National Bestselling Author Stephanie Danler “She walks down the street with a

swing in her step and a lift to her head. She radiates allure as if followed by a personal spotlight. She may be tall or short, slim or pneumatically curvaceous, dressed discreetly or ostentatiously—it matters not. Her gait, her composure, the very tilt of her head is an ode to grace and self-possession that makes her beautiful whatever her actual features reveal.” This is the *bella figura*, the Italian concept of making every aspect of life as beautiful as it can be, that Kamin Mohammadi discovered when she escaped the London corporate media world for a year in Italy. Following the lead of her new neighbors, she soon found a happier, healthier, and more beautiful way of living. The *bella figura* knows: • That the food that you eat should give you pleasure while eating it. Pause for meals, and set a place, even if you are eating alone. • To seize any opportunity to get moving—be it taking the stairs, doing a coffee run at work, or dancing with abandon. • To drink a spoonful of excellent-quality extra-virgin olive oil four times a day. • To seek out nature, be it a city park, a tree on your street, or some wild place. • And to love yourself. The *bella figura*—occupies her space, emotionally and physically, with style and entitlement.

When a Black Man Loves Wine Zachary Marcus Cesare Harris, 2025-04-01 This all basically started as a response to someone who was frustrated at certain repeating scenarios combined with the frustrations I see not only in the world of wine, but the U.S. wine market specifically. So, what happens when you take an unapologetic Black guy from West Philly - West Philadelphia born and raised - with a diverse background whose been in many places and spaces that most folks would never imagine who falls in love with wine and learns it from a different perspective from how many are traditionally taught? Throw him in a scenario where he then puts a wine deal together and sees both the lies and the truths and realizes he could do it better, he just needs the money. Then set him on a course that would introduce him to thousands of wines and winemakers, taking him to portfolio tastings, trade shows and lunches, hosted tours, and B2B experiences from NY to DC in the United States, as well as Italy, Portugal and Spain, making tons of friends and associates along the way. And also uncovering more lies that most people never see. That’s one way of looking at what has transpired since I first had some wonderful wines that fateful Friday night in 2006 when I went into Panorama Restaurant for a glass of wine, not knowing where that would lead me. And before I had gotten the idea and inspiration to jump into the industry, I could see so many issues within it, and so many missed opportunities. So these are my thoughts, musings, analysis, critiques, experiences, and revelations. If you want to know about my journey so far, this is for you. If you look like me, and are considering jumping into the wine industry, you want to read this one. If you are trying to sell wines in the US market [or are doing it and could be selling more], give this a read. You might agree, you might disagree, you might laugh and you might get pissed off at various parts of this book. Honestly, you should. But let me tell you one very important thing, I don’t hold back, and so you might come away with some different ways of looking at things that you might not have ever considered before.

Sophia Loren: Glamour y pasión que encantan al mundo Fabricio Sales Silva, 2025-04-25 La vida, como el cine, no nos ofrece guiones. Necesitamos crear nuestros propios caminos, con nuestros propios errores y aciertos. Nunca fui de los

que se apegaban a lo que se esperaba de mí. Durante años fui criticada, cuestionada, sobre todo por mi relación con Carlo, mi gran amor y compañero de vida. Recuerdo lo difícil que fue, cómo nos enfrentamos a los prejuicios y a los juicios. Pero el amor es lo más precioso que podemos encontrar, y nunca me he arrepentido de luchar por él. Si pudiera decirte una cosa, sería esta: amar con toda la intensidad, sin miedo a lo que piensen los demás. El amor verdadero es una base que nadie puede sacudir. Como mujer, aprendí que tenemos que luchar por nuestros sueños, aunque el mundo insista en que no somos capaces. Cometer errores es un privilegio. Siempre he aprendido más de mis errores que de mis aciertos. Esta fue una de las lecciones más importantes que aprendí. ¿Cuántas veces he cometido errores y me he caído? Numeroso. Y cada vez, me levantaba con más fuerza y determinación. La vida me ha enseñado a ver la belleza en la imperfección, a aceptar cada cicatriz como parte de mi historia y a caminar con la cabeza en alto. La vida siempre encuentra la manera de enseñarnos lo que necesitamos saber. Y la mía, con todos sus dolores y glorias, me enseñó que la verdadera felicidad está en ser auténtico, en amar sin reservas y en tener el coraje de seguir nuestros propios sueños.

Truffles and Trash Kelly Alexander,2024-10-29 On a fragile planet with spreading food insecurity, food waste is a political and ethical problem. Examining the collaborative, sometimes scrappy institutional and community efforts to recuperate and redistribute food waste in Brussels, Belgium, Kelly Alexander reveals it is also an opportunity for new forms of sociality. Her study plays out across a diverse set of locations—including a food bank with ties to the EU, a social restaurant serving low-cost meals made from supermarket surplus by an emergent immigrant labor force, and a social inclusion program in an urban market with a zero food waste pop-up cafe. Alexander argues that these efforts, in concert with innovative policy, effectively recirculate wasted food to new publics and produce what she terms a spectrum of edibility. According to Alexander, these models face challenges—including reproducing the very power dynamics across race, class, and citizenship status they seek to circumvent. They also mirror the challenges of the everyday operations of the European social welfare state, which is increasingly reliant on NGOs to meet provisioning promises. Yet she finds that they also move the needle forward to reduce food waste across one city, providing an example for major urban centers around the world.
