The Australian People James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today. From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century, the island continent is home to people from all over the globe. Each new wave of settlers has had a profound impact on Australian society and culture. The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people. It is one of the largest reference works of its kind, with approximately 250 expert contributors and almost one million words. Illustrated in colour and black and white, the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation.

**Becoming an African Diaspora in Australia** F. Ndhlovu, 2014-07-08 Becoming an African Diaspora in Australia extends debates on identities, cultures and notions of race and racism into new directions as it analyses the forms of interactional identities of African migrants in Australia. It de-naturalises the commonplace assumptions and imaginations about the cultures and identities of African diaspora communities, and probes the relevance and usefulness of identity markers such as country of origin, nationality, ethnicity, ethnic/heritage language and mother tongue. Current cultural frames of identity representation have so far failed to capture the complexities of everyday lived experiences of transnational individuals and groups. Therefore by drawing on fresh concepts and recent empirical evidence, this book invites the reader to revisit and rethink the vocabularies that we use to look at identity categories such as race, culture, language, ethnicity, nationality, and citizenship, and introduces a new language nesting model of diaspora identity. This book will be of great interest to all students of migration, diaspora, African and Australian studies.

**Language and Decolonisation** Finex Ndhlovu, Sabelo J. Ndlovu-Gatsheni, 2024-07-23 Language and Decolonisation is the first collection to bring together views from across scholarly communities that are committed to the agenda of decolonising knowledge in language study. Edited by leading figures in the field, the chapters offer new insights on how 'decolonising' can be adopted as a methodology for charting the next steps in solving practical language-related problems in educational and related social policy areas. Divided into two sections, the book covers the coloniality of language, the materiality of culture and colonial scripts, the decolonisation imperative, multilingualism discourse and decolonisation, and

decolonising languages in public discourse. With 20 chapters authored by experts from across the globe, this pioneering collection is an essential reference and resource for advanced students, scholars, and researchers of language and culture, sociolinguistics, decolonial studies, racial studies, and related areas.

Evaluating Language Assessments Antony John Kunnan, 2017-07-06 Evaluating Language Assessments offers a comprehensive overview of the theoretical bases and research methodologies for the evaluation of language assessments and demonstrates the importance of a fuller understanding of this widely used evaluative tool. The volume explores language assessment evaluation in its wider political, economic, social, legal, and ethical contexts while also illustrating quantitative and qualitative methods through discussions of key research studies. Suitable for students in applied linguistics, second language acquisition and language assessment and education, this book makes the case for a clear and rigorous understanding of the theoretical and methodological underpinnings of language assessment evaluation in order to achieve fair assessments and just institutions.

*The Humanitarians* Joy Damousi, 2022-08-11 Spanning six decades from the formation of the Save the Children Fund in 1919 to humanitarian interventions during the Vietnam War, *The Humanitarians* maps the national and international humanitarian efforts undertaken by Australians on behalf of child refugees. In this longitudinal study, Joy Damousi explores the shifting forms of humanitarian activity related to war refugee children over the twentieth century, from child sponsorship, the establishment of orphanages, fundraising, to aid and development schemes and campaigns for inter-country adoption. Framed by conceptualisations of the history of emotions, and the limits and possibilities afforded by empathy and compassion, she considers the vital role of women and includes studies of unknown, but significant, women humanitarian workers and their often-traumatic experience of international humanitarian work. Through an examination of the intersection between racial politics and war refugees, Damousi advances our understanding of humanitarianism over the twentieth century as a deeply racialised and multi-layered practice.

**Critical Years in Immigration** Freda Hawkins, 1991 With the new introduction, Freda Hawkins brings *Critical Years in Immigration* up to date by discussing the directions taken by the Canadian and Australian governments since 1984. She also clarifies the implications of the recently announced Canadian immigration levels for 1991-95, discussing the government's reasoning and future plans.

**A Legal History for Australia** Sarah McKibbin, Libby Connors, Marcus Harmes, 2021-07-29 This is a contemporary legal history book for Australian law students, written in an engaging style and rich with learning features and illustrations. The writers are a unique combination of talents, bringing together their fields of research and teaching in Australian history, British constitutional history and modern Australian law. The first part provides the social and political contexts for legal

history in medieval and early modern England and America, explaining the English law which came to Australia in 1788. This includes: The origins of the common law The growth of the legal profession The making of the Magna Carta The English Civil Wars The Bill of Rights The American War of Independence. The second part examines the development of the law in Australia to the present day, including: The English criminal justice system and convict transportation The role of the Privy Council in 19th century Indigenous Australia in the colonial period The federation movement Constitutional Independence The 1967 Australian referendum and the land rights movement. The comprehensive coverage of several centuries is balanced by a dynamic writing style and tools to guide the student through each chapter including learning outcomes, chapter outlines and discussion points. The historical analysis is brought to life by the use of primary documentary evidence such as charters, statutes, medieval source books and Coke's reports, and a series of historical cameos - focused studies of notable people and issues from King Edward I and Edward Coke to Henry Parkes and Eddie Mabo - and constitutional detours addressing topics such as the separation of powers, judicial review and federalism. A Legal History for Australia is an engaging textbook, cogently written and imaginatively resourced and is supported by a companion website:

**Language, Vernacular Discourse and Nationalisms** Finex Ndhlovu, 2018-03-15 This book examines the linguistic and discursive elements of social and economic policies and national political leader statements to read new meanings into debates on border protection, national sovereignty, immigration, economic indigenisation, land reform and black economic empowerment. It adds a fresh angle to the debate on nationalisms and transnationalism by pushing forward a more applied agenda to establish a clear and empirically-based illustration of the contradictions in current policy frameworks around the world and the debates they invite. The author's novel vernacular discourse approach contributes new points of method and interpretation that will advance scholarly conversations on nationalisms, transnationalism and other forms of identity imaginings in a transient world.

**Relations between Immigration and Integration Policies in Europe** Maciej Duszczuk, Marta Pachocka, Dominika Pszczółkowska, 2020-02-19 Written from a pan-European perspective, this book examines the decision-making processes in immigration and integration policies in Europe across decades, focusing on several key moments of Europe's postwar history. The analysis of factors taken into consideration by states in key moments of immigration policy (re)formulation shows that Europe is moving away from rational, economic arguments towards more political ones. This book contributes to the theoretical and practical debate regarding immigration and integration policies by arguing that - contrary to assumptions - immigration policy should not be treated as having precedence before integration policy. It also reflects on the growing anti-immigration sentiments as well as the securitisation and criminalisation of migration issues that are fuelled by right-wing politics. This book will be of key interest both to students and scholars of migration, the European Union, European

integration, social policy, public policy, international relations, European studies, law, economics, sociology and to professionals, policy-makers, think tanks and associations in NGOs, the EU and other IOs. **Ethnicity and Group Rights** Ian Shapiro, Will Kymlicka, 1997-03-01 Within Western political philosophy, the rights of groups has often been neglected or addressed in only the narrowest fashion. Focusing solely on whether rights are exercised by individuals or groups misses what lies at the heart of ethnocultural conflict, leaving the crucial question unanswered: can the familiar system of common citizenship rights within liberal democracies sufficiently accommodate the legitimate interests of ethnic citizens. Specifically, how does membership in an ethnic group differ from other groups, such as professional, lifestyle, or advocacy groups? How important is ethnicity to personal identity and self-respect, and does accommodating these interests require more than standard citizenship rights? Crucially, what forms of ethnocultural accommodations are consistent with democratic equality, individual freedom, and political stability? Invoking numerous cases studies and addressing the issue of ethnicity from a range of perspectives, *Ethnicity and Group Rights* seeks to answer these questions.

**Historical Dictionary of Australia** Norman Abjorensen, James C. Docherty, 2014-12-05 Australia's development, from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large-scale immigration. Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being part of the "coalition of the willing" in the U.S. invasion of Iraq in 2003 and in operations in Afghanistan. In recent years, it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors. This fourth edition of *Historical Dictionary of Australia* covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Australia.

**Every Assistance & Protection** Jane Doulman, David Lee, 2008 Every Assistance and Protection is the first book presenting an in-depth history of the Australian passport. In charting the development of the passport from its early beginnings to its present form, the book traverses changes in government policy and social history from the early 19th century to the modern era. It shows how the Australian passport evolved from a signifier of British nationality into a badge of membership of one of the most multicultural countries in the world. The book explores the landmark events in this history: the great 19th century diasporas, resulting from relaxation of official controls on the movement of people; the early

passport regime regulating the movement of ticket-of-leave convicts; the establishment of the centralised passport system during World War I; the enactment of the first passport legislation for the Commonwealth, The Passports Act 1920, and the reaction of some Australians who felt the new law infringed the liberties of the British subject; changes to the laws in 1938 such that possession of a passport was no longer mandatory for an Australian to travel, though still a practical necessity; the use of the government's discretionary power to cancel or withhold passports to inhibit the movement of individual communists; the establishment of Australian citizenship in 1948 - the basis for possession of an Australian passport; the removal of the word British from the cover in 1967; the effects of globalisation and heightened security in the late 20th and early 21st century. It also touches on the lives of individuals: boxer Les Darcy, journalist Wilfred Burchett, and General Sir Thomas Blamey, are among the many Australians featuring in these pages. The book is based on an exhaustive examination of hitherto unexamined primary sources of many government departments, including the Departments of External Affairs, the Prime Minister's, the Attorney-General's, Defence, Home and Territories, Immigration and Foreign Affairs. Sponsored by Department of Foreign Affairs and Trade

*The Memoirs of a Young Bastard* Tim Burstall, 2012 Tim Burstall, the celebrated director of *Stork*, *Alvin Purple* and numerous other definitive 'ocker' comedies, is credited with shaking the moribund Australian film industry out of its torpor. But long before that, in the early 1950s, he began keeping a diary to record the world of the group of 'arties' and 'intellectuals' he was living among in Eltham, then a rural area outside Melbourne, where cheap land was available for mudbrick houses and studios, and where suburban rigidities could be mercilessly flouted. Burstall was in his mid-twenties, with two young sons and an open marriage with his wife, Betty. Eager to become a writer, to go against the grain, he kept a record almost daily of the parties and the talk in pubs and studios, about art and politics and sex, of Communist Party branch meetings and film societies, of political rallies and the first Herald Outdoor Art Show. Somehow, while holding down a public relations job in the Antarctic Division and juggling his love affairs and obsession with the beautiful, brainy Fay, he wrote 500 words almost every day. Betty, according to the diaries, kept the show on the road, feeding friends after the pub, milking goats and working in her pottery making bowls and mugs, which Tim sometimes decorated at weekends. These *Memoirs of a Young Bastard*, as Burstall dubbed himself and them, are among the most evocative Australian diaries of modern times. Burstall can write. He has an eye for the telling detail, an unerring ear for cant and pomposity and, most endearingly, an ability to mock himself-always from the perspective of a bloke of his generation.

The Commonwealth of Australia Bernhard Ringrose Wise, 1909

The Liberty of Non-citizens Rayner Thwaites, 2014-11-01 The book addresses the legality of indefinite detention in countries including Australia, the United Kingdom and Canada, enabling a rich cross-fertilisation of experiences and discourses. The issue has arisen where a government is frustrated in its ability to remove a non-citizen subject to a removal

order and employs a power to detain him until removal. The cases raise fundamental questions about the nature and extent of immigration powers, the legal position of non-citizens and counter-terrorism law and policy. More broadly, the judgments have become key reference points in discussions of constitutionalism, rights and a range of contemporary issues in public law. The book analyses the legal context, reasoning and implications of the case law on indefinite detention. It argues that the law of each jurisdiction contains ample resources to support a ruling that indefinite detention is illegal. It demonstrates that, taking into account variations in legal frameworks and doctrines, a judge's response to indefinite detention is determined by his or her answer to the question whether a non-citizen, subject to a removal order, retains a right to liberty. It details how a judge's answer flows through his or her adjudication on the scope of the relevant exception to liberty. The thesis on which the book is based won the 2010 Marks Medal from the University of Toronto Law Faculty for the best graduate thesis.

Encyclopedia of the World's Minorities Carl Skutsch, 2013-11-07 This study of minorities involves the difficult issues of rights, justice, equality, dignity, identity, autonomy, political liberties, and cultural freedoms. *Globalization and Citizenship in the Asia-Pacific* A. Davidson, K. Weekley, 1999-04-25 Millions of people around the Asia-Pacific region are suffering from the twin effects of globalization and exclusionary nationality laws. Some are migrant workers without rights in host countries; some are indigenous peoples who are not accorded their full rights in their own countries. Yet others are refugees escaping from regimes that have no respect for human rights. This collection of essays discusses the ways in which citizenship laws in the region might be made consistent with human dignity. It considers the connectedness of national belonging and citizenship in East and Southeast Asian and Pacific states including Australia; the impact of mass migration, cultural homogenization and other effects of globalization on notions of citizenship; and possibilities of commitment to a transnational democratic citizenship that respects cultural difference.
