The Sleeping Beauty in the Woods Charles Perrault, 2021-01-08 There were formerly a King and a Queen, who were so sorry that they had no children, so sorry that it cannot be expressed. They went to all the waters in the world; vows, pilgrimages, all ways were tried and all to no purpose. At last, however, the Queen proved with child, and was brought to bed of a daughter. There was a very fine christening; and the Princess had for her godmothers all the Fairies they could find in the whole kingdom (they found seven), that every one of them might give her a gift, as was the custom of Fairies in those days, and that by this means the Princess might have all the perfections imaginable. After the ceremonies of the christening were over, all the company returned to the King's palace, where was prepared a great feast for the Fairies. There was placed before every one of them a magnificent cover with a case of massive gold, wherein were a spoon, knife and fork, all of pure gold set with diamonds and rubies. But as they were all sitting down at table, they saw come into the hall a very old Fairy whom they had not invited, because it was above fifty years since she had been out of a certain tower, and she was believed to be either dead or enchanted. Perrault was an influential figure in the 17th-century French literary scene, and was the leader of the Modern faction during the Quarrel of the Ancients and the Moderns.

A Year in the Woods Colin Elford, 2010-03-04 Colin Elford's *A Year in the Woods* is an enthralling journey into the heart of the English countryside - with a preamble by Craig Taylor. Colin Elford spends his days alone - alone but for the deer, the squirrels, the rabbits, the birds, and the many other creatures inhabiting the woods. From the crisp cold of January, through the promise of spring and the heat of summer, and then into damp autumn and the chill winds of winter, we accompany the forest-ranger as he goes about his work - stalking in the early morning darkness, putting an injured fallow buck out of its misery, watching stoats kill a hare, observing owls, and simply being a part of the outdoors. Colin Elford immerses himself in the richly diverse and unique landscapes of Britain, existing in rhythm with natural environments. For fans of Robert Macfarlane's *Landmarks*, Helen Macdonald's *H is for Hawk* or James Rebanks' *A Shepherd's Life*, Colin's rare and uplifting journey will unveil the true nature and beauty of Britain's countryside. 'This is nature for real . . . Elford describes woodland wonders in short paragraphs of luminous intensity' *Daily Mail* 'A poetic insight in the world of hidden Nature' *Countryman* 'Stalking sharpens the senses and there is an almost hallucinatory clarity to Elford's writing' *Observer* 'Refreshingly unsentimental. Contains some wonderful descriptions and sentences which are so profound they demand a second reading'

Sunday Express Colin Elford is a forest ranger on the Dorset/Wiltshire border. Craig Taylor is the author of *Return to Akenfield* and *One Million Tiny Plays About Britain* and the editor of the magazine *Five Dials*.

The Folks in the Woods Mark G. Boyer, 2025-03-18 *The Folks in the Woods* focuses on Mary Ann Ackerson, 1904-91, in an isolated French village located in southeast Missouri. When she was seven years old, her parents—Daly and Sarah Ackeson—died of typhoid fever on successive days in 1911. Because Missouri was not yet a state, there were no adoption procedures for Mary Ann and her two brothers and one sister. The author's maternal great-grandfather and great-grandmother, Zeno and Sarah Osia, took Mary Ann to live with them. She grew up with their son—Joseph, who died at the age of seventeen two years later—and their daughter, Margaret—the author's maternal grandmother—who was a few years older than Mary Ann. Mary Ann became a feminist before feminism was invented. At her time in history, she entered a man's world and adopted it instead of maintaining the customs of a woman's world. This is her story and the stories of other folks who lived near her in the woods.

Schüler, 2021-10-07 'Meticulously researched yet accessible' *Geographical Standing* in the busy streets of South London today, it is hard to imagine that much of this suburban townscape was once a vast wood, stretching unbroken for almost seven miles from Croydon to the Thames at Deptford.
