Cornucopia of Poems, Quotes and Short Stories Dawn Balchin,2024-03-28 This book offers poignant observations on overlooked aspects of life, conveyed through accessible writing to widen perspectives. Spanning various themes, I delve beneath the surface details that often escape our awareness, elevating them into consciousness through reflections from an intuitive lens. My aim is to open up unconventional avenues of exploration beyond the status quo. Rather than adhering to fixed structural formulas, I let the prose flow freely as an organic extension of my authentic self. There is a subtle power when words channel directly from their source within the mind, heart, and soul. The observations contained in these pages stem from quiet moments of inward attentiveness to what moves me. I find insight in the seemingly mundane, resonating with the extraordinary inherent in ordinary life when we pause to notice. Through spare yet stirring language, I unpack my

personal revelations, hoping readers may gain fresh eyes to see the wonder always available just below the veil of habit. This book is my heart felt offering to everyone to read and to enjoy.

Love Knowing Love Martin Janello, 2015-08-20 This collection of original quotes and poems focuses on common issues in human pursuits. It is the second entry in the six-volume Knowing series, which includes Live Knowing Life, Love Knowing Love, Pine Knowing Pain, Shine Knowing Shame, Climb Knowing Aim, and Knowing Won't Let Darkness Reign. All parts of the series and their contents can be read without a particular sequence or pacing. Like my other works, this book does not claim indisputable wisdom. It offers crystallization points for readers' thoughts and emotions to help them delve into what matters to them and find motivation and understanding for a good life. Helping readers in their discovery and pursuit of happiness is also the intent of my main work, Philosophy of Happiness, which systematically surveys human conditions to empower readers in developing their own responses. The Knowing series books can therefore be introductory or illustrative companions to Philosophy of Happiness. But they can also be sampled on their own for inspiration - or just diversion and entertainment for now to maybe be revisited for deeper reflection some other time. Either way, they do not presume any background in philosophy. This makes them ideal starters for readers trying to figure out their life with the support of philosophical consideration. More information about me and my work is available on my website: www.philosophyofhappiness.com.

The Rape of Eve Celene Lillie, 2017-01-01 Sex, violence, power, and redemption. In recent decades, scholars of New Testament and early Christian traditions have given new attention to the relationships between gender and imperial power in the Roman world. In this surprising work, Celene Lillie examines core passages from three Gnostic texts from Nag Hammadi, *On the Origin of the World*, *The Reality of the Rulers*, and *the Secret Revelation of John*, in which Eve is portrayed as having been humiliated by the cosmic powers, yet experiencing restoration. Lillie compares that pattern with Gnostic savior motifs concerning Jesus and Seth, then sets it in the broader context of Roman cosmogonic myths at play in imperial ideology. The Nag Hammadi texts, she argues, offer us a window into symbolic forms of Christian resistance to imperial ideology. This groundbreaking study highlights the importance of the Nag Hammadi writings for our fuller appreciation of the currents of Christian response to the Roman Empire and the culture of rape pervasive within it.
