

Order Of Laura Ingalls Wilder S

John E. Miller

Laura Ingalls Wilder's Little Town John E. Miller, 1994 As Laura Ingalls Wilder anticipated, her widely loved stories of her prairie childhood have become much more than a nostalgic blend of myth, memories, and autobiography. As John Miller reveals, they have much to tell us about the historical realities of day-to-day living and attitudes in the nineteenth century. History and literature are closely intertwined, Miller contends. Here he illustrates how Wilder's novels enhance our understanding of history and how, simultaneously, a historical perspective framed Wilder's fiction. He shows how Wilder interwove content and form to produce a sentimental and compelling yet nuanced and believable picture of family life on the agricultural frontier.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Laura Ingalls Wilder and Rose Wilder Lane John E. Miller, 2008-12-03 The mother-daughter partnership that produced the Little House books has fascinated scholars and readers alike. Now, John E. Miller, one of America's leading authorities on Laura Ingalls Wilder and Rose Wilder Lane, combines analyses of both women to explore this collaborative process and shows how their books reflect the authors' distinctive views of place, time, and culture. Along the way, he addresses the two most controversial issues for Wilder/Lane aficionados: how much did Lane actually contribute to the writing of the Little House books, and what was Wilder's real attitude toward American Indians. Interpreting these writers in their larger historical and cultural contexts, Miller reconsiders their formidable artistic, political, and literary contributions to American cultural life in the 1930s. He looks at what was happening in 1932—from depression conditions and politics to chain stores and celebrity culture—to shed light on Wilder's life, and he shows how actual "little houses" established ideas of home that resonated emotionally for both writers. In considering each woman's ties to history, Miller compares Wilder with Frederick Jackson Turner as a frontier mythmaker and examines Lane's unpublished history of Missouri in the context of a contemporaneous project, Thomas Hart Benton's famous Jefferson City mural. He also looks at Wilder's Missouri Ruralist columns to assess her pre-Little House values and writing skills, and he readdresses her literary treatment of Native Americans. A final chapter shows how Wilder's and Lane's conservative political views found expression in their work, separating Lane's more libertarian bent from Wilder's focus on writing moralist children's fiction. These nine thoughtful essays expand the critical discussion on Wilder and Lane beyond the Little House. Miller portrays them as impassioned and dedicated writers who were deeply involved in the historical changes and political challenges of their times—and contends

that questions over the books' authorship do not do justice to either woman's creative investment in the series. Miller demystifies the aura of nostalgia that often prevents modern readers from seeing Wilder as a real-life woman, and he depicts Lane as a kindred artistic spirit, helping readers better understand mother and daughter as both women and authors.

How Did Long John Silver Lose his Leg Dennis Butts, Peter Hunt, 2013-11-28 'How did Long John Silver Lose His Leg?' is a diverting tour through some of the bestloved classics of children's literature, addressing many of the unanswered questions that inspire intense speculation when the books are laid down. Could Bobbie's train really have stopped in time

('The Railway Children')? Did Beatrix Potter have the 'flu in 1909, and did this lead to a certain darkness in her work ('The Tale of Mr Tod')? Would the 'rugby football' played by Tom Brown be recognised by sportsmen today ('Tom Brown's Schooldays')? The authors speculate entertainingly and informatively on the anomalies and unexplained phenomena found in children's literature and, having established the cultural importance of children's books in the modern age, also consider the more serious issues raised by the genre. Why are we so defensive of the idyllic worlds presented in children's books? Why have some of our best-loved authors been outed as neglectful parents to their own children? Should we ever separate the book from its creator and appreciate the works of writers convicted of crimes against children? A treat for any enthusiast of children's literature, two of the most distinguished writers on the subject provide rich detail, witty explication, and serious food for thought.

Home Arien Mack, 1995-07 Home, wrote Robert Frost, is the place where, when you have to go there, they have to take you in. And yet the idea of home has, in the modern world, become extremely problematic. Robert Frost's words tellingly illustrate the centrality of home to the human experience, as an unconditional haven that one simply has, without having to earn. Yet, we live at a time when the idea of home has become extremely problematic. Our homeless fill America's streets and shelters; the comfort of home is increasingly threatened by urban violence; and the world-wide plight of those exiled or fleeing from their homelands due to civil war, starvation, or political repression seems relentless. The idea of home, bound as it is in family and in the roles of men and women, has a deep resonance that is not fully captured by its use as a social and political slogan. What is its history and ideology? What has it meant and how has its meaning changed? Home moves us perhaps most powerfully as absence or negation. Homelessness and exile are among the worst of conditions, bringing with them alienation, estrangement, and the feelings of greatest despair. This volume, based on a multi-institutional collaboration between the New School for Social Research and five major New York City museums, and its resulting conference, convenes many of America's top scholarly minds to address historical and contemporary meanings of home. Among the issues specifically addressed are the artistic rendition of home in art and propaganda; literary meanings of home; exile through the ages; homelessness past; homelessness in Dickens; the homeless in New York City history; alienation and belonging; slavery and the female discovery of personal freedom; and, more generally, the home and family in historical perspective. Contributing to the volume are Breyten Breytenbach, David Bromwich (Yale University), Sanford Budick (Hebrew University of Jerusalem), Stanley Cavell (Harvard University), Mary Douglas, Tamara K. Hareven (University of Delaware), Eric Hobsbawm (Cambridge University, Emeritus), John Hollander (Yale University), Kim Hopper (Nathan Kline Institute for Psychiatric Research), George Kateb (Princeton University), Alexander Keyssar (Duke University), Steven Marcus (Columbia University), Orlando Patterson (Harvard University), Joseph Rykwert (University of Pennsylvania), Simon Schama (Harvard University), Alan Trachtenberg (Yale University), and Gwendolyn Wright (Columbia University).

A Simplicity Revolution: Finding Happiness in the New Reality Sue Schell,2011-08-31 Optimism had been a mainstay since the post-World War II days. Few of us expected the economic slowdown would be more than a pause. A SIMPLICITY REVOLUTION: FINDING HAPPINESS IN THE NEW REALITY is a commentary on Americas Boom and Bust decade and the Corporatocracy, that caused it. The book is divided into chapters full of practical advice to assist readers on their personal lifestyle journeys. We now can see that Americas desire to supersize everything was unsustainable. What economists refer to as Americas New Normal, Author Sue Schell calls our New Reality. She writes, After millions of people lost their jobs and some ultimately their homes, we had heightened anxiety over the possibility that Americas best days may be behind us? Would our American Dream survive for future generations? What was to become of the vanishing middle class? Anthropology

Professor Dr. Robert Launay, of Northwestern University, penned the forward to the book. He writes, The challenges we are facing are new, and so the solutions and values we forge to meet them must also be new. Here, Sue Schell has hit the nail on the head. A Simple life is not about frugality. It is about living an authentic life that lets you live the life that you dream of living. A life that is rooted not in the stuff you own, but in your relationships with family and friends. This may very well prove to be the silver lining we find in this Great Recession. By M.W. Carlson (U.S.) -Feeling lost and disillusioned after the financial crash and never-ending recession? Maybe you lost your job, or are working at a job you hate? You're not alone. This book helped me sort things out and clarify what's most important for long-term happiness. According to this author, there are four guideposts to a simpler life: (1) protect our environment; (2) always be financially responsible; (3) use thoughtful consumption; and (4) community involvement. This all makes perfect sense, you say, yet it does need reinforcement, which author Schell does effectively with her own life stories. You get the feeling she is a person with compassion for others, something we need more of these days. No matter what stage of life you're in, you will benefit from reading this book. It may give you some new ideas about how to approach life, how to get more satisfaction from your life, or it may reinforce what you're already doing. Either way, GET THIS BOOK AND READ IT - you'll feel more hopeful, thoughtful and even peaceful after reading it. It's funny too! You'll enjoy the related quotes from famous historical figures (Thoreau, da Vinci, Confucius, to name a few). After all, simplicity isn't new, but we need to be reminded during these difficult times. By the way, my 80-something-year-old mom read this and liked it too.

What a Fellowship Gracia Grindal,2025 Grindal weaves personal memoir and the history of Norwegian Lutheranism in the United States into a lively and insightful account of the Lutheran Free Church and its seminary. Readers will come away from What a Fellowship with a stronger understanding not only of American Lutheran history, but of ongoing conversations in the contemporary church.

Re-living the American Frontier Nancy Reagin,2021-12-01 The historic and mythic elements of the American Old West—covered wagon trains, herds of buffalo, teepee villages, Indigenous warriors on horseback, cowboys on open ranges, and white settlers “taming” a wilderness with their plows and log cabins—have exerted a global fascination for more than 200 years and became the foundation for fan communities who have endured for generations. This book examines some of those communities, particularly German fans inspired by the authors of Westerns such as Karl May, and American enthusiasts of Laura Ingalls Wilder’s Little House on the Prairie series. But the Old West (like all visions of the past) proved to be shifting cultural terrain. In both Germany and the U. S., Western narratives of white settlement were once seen as “apolitical” and were widely accepted by white people. But during the Nazi period in Germany and in East Germany after 1945, the American West was reevaluated and politically repurposed. Then, during the late twentieth century, understandings of the West changed in the U. S. as well, while the violence of white settler colonialism and the displacement

of Indigenous peoples became a flashpoint in the culture wars between right and left. Reagin shows that the past that fans seek to recreate is shaped by the changing present, as each new generation adapts and relives their own West.

Textual Transformations in Children's Literature Benjamin Lefebvre, 2013-01-04 This book offers new critical approaches for the study of adaptations, abridgments, translations, parodies, and mash-ups that occur internationally in contemporary children's culture. It follows recent shifts in adaptation studies that call for a move beyond fidelity criticism, a paradigm that measures the success of an adaptation by the level of fidelity to the original text, toward a methodology that considers the adaptation to be always already in conversation with the adapted text. This book visits children's literature and culture in order to consider the generic, pedagogical, and ideological underpinnings that drive both the process and the product. Focusing on novels as well as folktales, films, graphic novels, and anime, the authors consider the challenges inherent in transforming the work of authors such as William Shakespeare, Charles Perrault, L.M. Montgomery, Laura Ingalls Wilder, and A.A. Milne into new forms that are palatable for later audiences particularly when—for perceived ideological or political reasons—the textual transformation is not only unavoidable but entirely necessary. Contributors consider the challenges inherent in transforming stories and characters from one type of text to another, across genres, languages, and time, offering a range of new models that will inform future scholarship.

Table Lands Kara K. Keeling, Scott T. Pollard, 2020-06-04 Food is a signifier of power for both adults and children, a sign of both inclusion and exclusion and of conformity and resistance. Many academic disciplines—from sociology to literary studies—have studied food and its function as a complex social discourse, and the wide variety of approaches to the topic provides multidisciplinary frames for understanding the construction and uses of food in all types of media, including children's literature. *Table Lands: Food in Children's Literature* is a survey of food's function in children's texts, showing how the sociocultural contexts of food reveal children's agency. Authors Kara K. Keeling and Scott T. Pollard examine texts that

vary from historical to contemporary, noncanonical to classics, and Anglo-American to multicultural traditions, including a variety of genres, formats, and audiences: realism, fantasy, cookbooks, picture books, chapter books, YA novels, and film. Table Lands offers a unified approach to studying food in a wide variety of texts for children. Spanning nearly 150 years of children's literature, Keeling and Pollard's analysis covers a selection of texts that show the omnipresence of food in children's literature and culture and how they vary in representations of race, region, and class, due to the impact of these issues on food. Furthermore, they include not only classic children's books, such as Winnie-the-Pooh, but recent award-winning multicultural novels as well as cookbooks and even one film, Pixar's Ratatouille.
