Movie Quotes for Special Occasions James Scheibli, 2020-03-17 Great Movie Quotes for Life's Special Moments If you enjoyed 1001 Movies You Must See Before You Die, What If? or Movie Quotes for All Occasions, you'll love Movie Quotes for Special Occasions. Movie Quotes Are Classic: Whether it's Casablanca, Cabaret, Clueless, or The Cable Guy, you probably have favorite flicks you often quote. And it's true, "We'll always have Paris." From A Man Called Horse to Zoolander and everything in between, our beloved films have excellent writing and memorable dialogue; we have talented Hollywood screenwriters to thank for the brilliant one-liners we love. Movie quotes have become an integral part of our culture and expression. Special Quotes for Special Occasions: The movie quotes that often show up on "best of" lists rarely lend themselves to important moments in life. On how many special occasions can you say "May the Force be with you"? Open up most movie quote lists or books and you're likely to see "Play it again, Sam," or "There's no place like home." Yet there are so many lines just under the radar that are the stuff of pure poetry and sheer genius. That's where cinephile and true movie buff James Scheibli comes in! In *Movie Quotes for Special Occasions*, he has scoured the movies of the world to track down the most fitting and fabulous movie quotes for every special occasion. Fitting for Any Speech, Toast, or Card: From graduations

to birthdays to wedding toasts to golden anniversaries, film scholar James Scheibli provides cinematic quotes that are moving, memorable, inspirational, and deeply meaningful. These quips, quotes, and scene-stealing lines do more than just remind us of the movies they came from. They transcend their stories and enrich your life. Whether from blockbuster megahits or forgotten indies, *Movie Quotes for Special Occasions* has the right quote for the right occasion. *Movie Quotes for Special Occasions* is a great movie lover gift, anniversary gift, or coffee table book for your friends and family to enjoy.

The Curious Case of Benjamin Button and Other Jazz Age Stories F. Scott Fitzgerald, 2008-08-26 The inspiration for the major motion picture starring Brad Pitt and Cate Blanchett, plus eighteen other stories by the beloved author of *The Great Gatsby* In the title story of this collection by one of America's greatest writers, a baby born in 1860 begins life as an old man and proceeds to age backward. F. Scott Fitzgerald hinted at this kind of inversion when he called his era "a generation grown up to find all Gods dead, all wars fought, all faiths in man shaken." Perhaps nowhere in American fiction has this "Lost Generation" been more vividly preserved than in Fitzgerald's short fiction. Spanning the early twentieth-century American landscape, this original collection captures, with Fitzgerald's signature blend of enchantment and disillusionment, America during the Jazz Age. Running Like China Sophie Hardcastle, 2015-08-25 From a talented emerging Australian writer, a brave, honest, unforgettable memoir about mental illness that breaks the silence and shatters the taboos to give hope to all those struggling to find their way through. 'When I was eleven years old Mum told me, One crowded hour of glorious life is worth an age without a name. Even before I heard these words I was always a child who crammed intense joy into tiny pockets of time.' One day Sophie Hardcastle realised the joy she'd always known had disappeared. She was constantly tired, with no energy, no motivation and no sense of enjoyment for surfing, friends, conversations, movies, parties, family - for anything. Her hours became empty. And then, the month before she turned seventeen, that emptiness filled with an intense, unbearable sadness that made her scream and tear at her skin. Misdiagnosed with chronic fatigue, then major depression, then temporal lobe epilepsy, she was finally told - three years, two suicide attempts and five hospital admissions later - that she had Bipolar 1 Disorder. In this honest and beautifully told memoir, Sophie lays bare her story of mental illness - of a teenage girl using drugs, alcohol and sex in an attempt to fix herself; of her family's anguish and her loss of self. It is a brave and hopeful story of adaptation, learning to accept and of ultimately realising that no matter how deep you have sunk, the surface is always within reach. Running Like China shatters the silence and smashes the taboos around mental illness. It is an unforgettable story.

grips with this often-overwhelming time of transition by putting the decision-making power back where it belongs: with you. Undecided begins by helping students think seriously about who they are and what they want and then moves on to dissect the various options that are available after high school, such as enrolling in a training program, attending a community college, taking a gap year, enlisting in the military, pursuing a traditional four-year degree, and more. It also takes an in-depth look at how to manage student debt, what you can expect to earn, the kind of lifestyle you may lead, and the possible pitfalls of all of these scenarios. Full of checklists, anecdotes, brainstorming activities, and journal exercises, this book will help you stop procrastinating, put your stress aside, and get busy living.

The Preface Ross K. Tangedal, 2021-11-06 Building on insights from the fields of textual criticism, bibliography, narratology, authorship studies, and book history, *The Preface: American Authorship in the Twentieth Century* examines the role that prefaces played in the development of professional authorship in America. Many of the prefaces written by American writers in the twentieth century catalogue the shifting landscape of a more self-consciously professionalized trade, one fraught with tension and compromise, and influenced by evolving reading publics. With analyses of Willa Cather, Ring Lardner, F. Scott Fitzgerald, Ernest Hemingway, Robert Penn Warren, and Toni Morrison, Ross K. Tangedal argues that writers used prefaces as a means of expanding and complicating authority over their work and, ultimately, as a way to write about their careers. Tangedal's approach offers a new way of examining American writers in the evolving literary marketplace of the twentieth century.

Talking Pictures Ann Hornaday, 2017-06-13 A veteran film critic offers a lively, opinionated guide to thinking and talking about movies -- from *Casablanca* to *Clueless* Whether we are trying to impress a date after an art house film screening or

discussing Oscar nominations among friends, we all need ways to look at and talk about movies. But with so much variety between an Alfred Hitchcock thriller and a Nora Ephron romantic comedy, how can everyday viewers determine what makes a good movie? In *Talking Pictures*, veteran film critic Ann Hornaday walks us through the production of a typical movie -- from script and casting to final sound edit -- and explains how to evaluate each piece of the process. How do we know if a film has been well-written, above and beyond snappy dialogue? What constitutes a great screen performance? What goes into praiseworthy cinematography, editing, and sound design? And what does a director really do? In a new epilogue, Hornaday addresses important questions of representation in film and the industry and how this can, and should, effect a movie-watching experience. Full of engaging anecdotes and interviews with actors and filmmakers, *Talking Pictures* will help us see movies in a whole new light--not just as fans, but as film critics in our own right.

A Critical Companion to David Fincher Francis Mickus,2024-05-06 The thirteen chapters in this collection analyze David Fincher's development as a filmmaker, from television commercials and music videos to serving as front runner on the series *Mindhunter*. The diversity of approaches highlights the paradoxes of Fincher's films and style, accentuating the tensions between his innovative methods and storytelling and unpacking the perennial questions of love, life, and death that his films raise. Scholars of film, television, and media will find this book especially salient.
