The Man of Property John Galsworthy, 2015-10-22 The Forsyte Saga, first published under that name in 1922, is a series of three novels and two interludes published between 1906 and 1921 by Nobel Prize-winning English author John Galsworthy. They chronicle the vicissitudes of the leading members of a large commercial upper class English family, similar to Galsworthy's own. Only a few generations removed from their farmer ancestors, the family members are keenly aware of their status as new money. The main character, Soames Forsyte, sees himself as a man of property by virtue of his ability to accumulate material possessions-but this does not succeed in bringing him pleasure. Separate sections of the saga, as well as the lengthy story in its entirety, have been adapted for cinema and television.

**The Man Of Property** John Galsworthy, 2020-09-28 The most prized item in Soames Forsyte's collection of beautiful things is his wife, the enigmatic Irene. But when she falls in love with Bosinney, a penniless architect who utterly rejects the Forsyte values, their affair touches off a series of events which can only end in disgrace and disaster. John Galsworthy tackles his theme of the demise of the upper-middle classes with irony and compassion. Those privileged to be present at a family festival of the Forsytes have seen that charming and instructive sight—an upper middle-class family in full plumage. But whosoever of these favoured persons has possessed the gift of psychological analysis (a talent without monetary value and properly ignored by the Forsytes), has witnessed a spectacle, not only delightful in itself, but illustrative of an obscure human problem. In plainer words, he has gleaned from a gathering of this family—no branch of which had a liking for the other, between no three members of whom existed anything worthy of the name of sympathy—evidence of that mysterious concrete tenacity which renders a family so formidable a unit of society, so clear a reproduction of society in miniature. He has been admitted to a vision of the dim roads of social progress, has understood something of patriarchal life, of the swarmings of savage hordes, of the rise and fall of nations.

Excerpt: ...the beast, the greater the fascination. But whether because the spectators envied his appetite, or, more humanely, because it was so soon to be satisfied, young Jolyon could not tell. Remarks kept falling on his ears: ' That's a nasty-looking brute, that tiger! Oh, what a love! Look at his little mouth! Yes, he's rather nice! Don't go too near, mother. And frequently, with little pats, one or another would clap their hands to their pockets behind and look round, as though expecting young Jolyon or some disinterested-looking person to relieve them of the contents. A well-fed man in a white waistcoat said slowly through his teeth: It's all greed; they can't be hungry. Why, they take no exercise. At these words a tiger snatched a piece of bleeding liver, and the fat man laughed. His wife, in a Paris-model frock and gold nose-nippers, reproved him: How can you laugh, Harry? Such a horrid sight! Young Jolyon frowned. The circumstances of his life, though he had ceased to take a too personal view of them, had left him subject to an intermittent contempt; and the class to which he had belonged--the carriage class--especially excited his sarcasm. To shut up a lion or tiger in confinement was surely a horrible barbarity. But no cultivated person would admit this. The idea of its being barbarous to confine wild animals had probably never occurred to his father for instance; he belonged to the old school, who considered it at once humanising and educational to confine baboons and panthers, holding the view, no doubt, that in course of time they might induce these creatures not so unreasonably to die of misery and heart-sickness against the bars of their cages, and put the society to the expense of getting others! In his eyes, as in the...
