**Albee and Influence** ,2021-03-01 Albee and Influence is the fourth volume in the series New Directions in Edward Albee Studies sponsored by the Edward Albee Society. The volume contains essays, written by leading Albee scholars, that focus on literary and philosophical influences on Edward Albee's plays as well as essays on writers and works that Albee influenced. Essays focus on Albee's relationship with such major American playwrights as Thornton Wilder, Amiri Baraka, Sam Shepard, Lanford Wilson and John Guare. There are also contributions on Albee's work as mentor to young playwrights. The volume also includes an interview with award-winning director Pam McKinnon.

**Truth Commissions and State Building** Bonny Ibhawoh, Jasper Abembia Ayelazuno, Sylvia Bawa, 2023-11-14 More than just an opportunity to uncover fact after conflict, truth commissions can also offer restorative power to nations across the globe. Truth Commissions and State Building presents the first comparative study of the role of its kind, illuminating these possibilities. Examining truth commissions as mechanisms for civic inclusion, identity formation, institutional reform, and nation (re)building in post-conflict and post-authoritarian societies, the book shifts attention towards institutional innovation in African countries, where approximately a third of all commissions have been established. Contributors explore the mandates, methods, outcomes, and legacies of truth commissions, analyzing their place in transitional and restorative justice. Rather than conceptualizing state building as incidental to their work, they present it as an intrinsic, central component. This flagship volume - authored by a stellar cast of policymakers, practitioners, and scholars - brings multidisciplinary and cross-sectoral perspectives to bear on the complex role of truth commissions in addressing transitional justice, historical injustices, and present-day human rights violations. As more countries, in both the Global South and the North, adopt this model to address historical and contemporary abuses, the dialogue between different sectors of society modelled here will help inform this process - wherever it might occur.

Latin America and the Origins of Its Twenty-First Century Michael Monteón, 2009-12-30 Latin American societies were created as pre-industrial colonies, that is, peoples whose cultures and racial makeup were largely determined by having been conquered by Spain or Portugal. In all these societies, a colonial heritage created political and social attitudes that were not conducive to the construction of democratic civil societies. And yet, Latin America has a public life--not merely governments, but citizens who are actively involved in trying to improve the lives and welfare of their populations. Monteón focuses on the

orientador. Ela se dá pelo texto absolutamente sincero, pela ousadia de se posicionar inesperadamente no meio acadêmico e pelas quatro grandes características que lhe garantem uma singularidade prazerosa: 1. Serve-se, o tempo todo, de referências a outros autores, garantindo uma grande riqueza de campos de conhecimento diversos. 2. Resgata de sua memória um brilhante acervo literário para reforçar sua crença na importância da boa escrita. 3. Afasta-se, explicitamente, do modelo de manuais ou de diretrizes que se propõem a guiar o candidato passo a passo. 4. Insiste, veementemente, que devemos buscar prazer no trabalho de pesquisador, no do candidato a doutor e na relação entre eles.
