**Murder, She Wrote: Panning for Murder** Jessica Fletcher,Donald Bain,2008-09-02 Jessica's plans to enjoy a relaxing cruise to Alaska are dashed when her friend Kathy Copeland joins her. Kathy's sister vanished from the very same vessel on a prior voyage, and though Wilimena often disappeared on flights of fancy, this time Kathy is convinced of foul play. The Copeland sisters had a notorious aunt?the most famous madam in Alaskan history?who, rumor has it, struck it rich during the Gold Rush. It seems the daring Wilimena has gone in search of the treasure, and may have attracted the wrong kind of attention. Suddenly, Jessica's vacation becomes a challenging investigation. And before she and Kathy are even halfway to their destination, Jessica senses that someone is watching every move they make.

**Plane Crash** George Bibel,Captain Robert Hedges,2018-03-14 Melding a pilot's practical view of life in the cockpit with

the expertise of an engineering professor to give readers an insider look at plane crashes. One of the most amazing feats of modern life is the frequency with which airplanes safely take off and land: about 40,000 times a day in the United States alone. Commercial aviation is by far the safest mode of transportation and is becoming safer all the time. But on the exceedingly rare occasion that a plane does crash, comprehensive accident analysis, thorough investigation, and implementation of remedial actions significantly reduces the probability of an already remote event ever recurring. *Plane Crash*, an unprecedented collaboration between mechanical engineering professor George Bibel and airline Captain Robert Hedges, shares the riveting stories of both high-profile and lesser-known airplane accidents. Drawing on accident reports, eyewitness accounts, and simple diagrams to explain what went wrong in the plane and in the cockpit, Hedges provides invaluable insight into aviation human factors, while Bibel analyzes mechanical failures. No prior scientific knowledge is needed to understand the principles and procedures this book describes, only an interest in the view from what Captain Hedges describes as the best seat in the house. Organized around the phases of flight—takeoff, climb, cruise, approach, and landing—this book is a captivating look at some of the most dramatic plane crashes of the modern age, including Asiana Airlines 214, Air France 447, and Malaysia Airlines 370. If you have ever wondered what goes through a pilot's mind as a flight takes a turn for the dangerous, what impact turbulence actually has on flight safety, or even just how the wonders of aeronautics work to keep passengers safe day in and out, *Plane Crash* will both fascinate and educate.

**Hope's Daughters** R. Wayne Willis, 2014-08-01 This volume throws out a lifeline to all who are running low on hope--those going under, losing their grip, slipping away, falling, failing, listing, losing, lost--as well as to those looking to enliven and embolden their hope. *Hope's Daughters* takes a comprehensive, 360-degree approach to hope, drawing inspiration from nature, history, poetry, science, philosophy, religion, psychology, fiction, art, biography, sports, children, and current events. This hope reader is deeply personal, drawing on the author's thirty years spent in hospital chaplaincy plumbing the depths with patients, their families, and their caregivers. Willis writes not from some ivory tower, but out of the hot caldron of human suffering. As a lover of words, quotations, and stories, and one who aspired to serve others as a hope-prompter, Willis packs every page with a two-minute drill to jumpstart hope each day. For hurried people, this book removes life's husk and gets straight down to the kernel. As a cornucopia of wisdom and hope, *Hope's Daughters* is an eminently practical gift for those seeking to keep hope alive and well.

*Training Ground-An Angel's Epic Adventure to Self Discovery* Roy M Dawes,2019-01-22 Eons ago, God created legions of angels---perfect, beautiful beings who never knew sickness, sorrow, or death. Eternal beings whose only emotion they had ever known was love. Love for each other and love for God, their creator. The angels lived with God in paradise, in an everlasting heaven filled with a contentment of unconditional love that can only be imagined. Not one wanted anything more than to spend eternity just as it was. But God had plans for them, each and every one. They were to be his counselors of heaven. They were to guide, comfort, and be caretakers for all of God's future creations. To spread his love and to give hope to the hopeless and peace to the distressed, even to be messengers for God, God knew they would need more than love to do his will. They would need to master all of the emotions. They would need to understand the depths of pain and suffering and the thrill of winning to the solace of losing. They would need to know the amazement of birth and the unbearable sorrow of death and to know not just love but hate and, most importantly, faith, compassion, and forgiveness. So much to teach them and so many, but God, with his infinite wisdom, had it all worked out. He created an amazing blue orb, an entire world full of countless creatures, beautiful landscapes, and everything that would be needed. A perfect training ground he called simply earth, a world where free will along with good and bad decisions would lead them all on endless adventures. Once in earth, their alter egos would be unknown to them. They would be born and live out entire lives until death, which would bring them back to heaven where they would awaken with all of the memories of their time on earth. They would repeat these trips for centuries until they had experienced all there was to experience. Then they would be ready to do God's will. This is a story of an angel who was very special to God, a beautiful, very gentle, and kind-spirited angel simply named Tab. Tab had been to earth so many times. She had lived countless lives out on earth, and she could remember every detail of every visit. She loved the adventure and all the drama. Almost as soon as she'd get back to heaven, she'd go back to earth again and again and again. Her enthusiasm did not go unnoticed. Soon she would be given a great task. She would be given a chance to help earth as no other angel ever had, and God was going to leave it all in her hands as to just what and how she did it---well, almost all in her hands.

*Rambunctious* Rick Wilber, 2020-03-25 From the award-winning author of *Alien Morning*, nine science fiction/fantasy stories of everyday people grappling extraordinary circumstances. Witness seemingly ordinary people as they confront their fears and embrace their challenges on a near-future Earth or an alternate-history past or even on a far distant alien world . . .  
- A single dad of a daughter with Down-syndrome considers what his life and career might have been as a parent and a pro football player in some alternate reality. - A young girl on an isolated Florida island discovers that her quirky grandparents are even stranger than she thought. - A high-school basketball player confronts the ghosts of her past. - A young woman struggles to make peace with the horrors of her forgotten childhood. - An elderly woman slides into dementia even as she finds some essential truths that were lost in the hazy mists of her memory. - A baseball player becomes a spy during an alternate-history version of World War II, where he plays a pivotal role in stopping the Nazi war machine. A powerful and poignant collection of memorable stories from an award-winning storyteller, *Rambunctious: Nine Tales of Determination* is charming, action-packed, frightening, and thoughtful by turn. Praise for *Rambunctious* "A major collection from what it's high past time to admit is one of our major writers. Wilber writes with literate flair, compassion, and a deep understanding of human psychology. Highly recommended!" —Robert J. Sawyer, Hugo Award-winning author of *The Oppenheimer Alternative* "Wilber draws you in through his compassion for his characters and his keen eye for the familiar, and then he slips you sideways into places startlingly new, beautiful, and true. You finish these stories entertained, to be sure, but moved as well, and with your perspective forever widened." —Gregory Norman Bossert, World Fantasy Award-winning author "Wilber's voice [has] a kind of authority and compassion that have helped him carve out a niche identifiably his own." —Locus
