Digital Review of Asia Pacific 2007/2008 Idrc,2008-01-07 The biennial Digital Review of Asia Pacific is a comprehensive guide to the state-of-practice and trends in information and communication technologies for development (ICT4D) in Asia Pacific. This third edition (2007-2008) covers 31 countries and economies, including North Korea for the first time. Each country chapter presents key ICT policies, applications and initiatives for national development. In addition, five thematic chapters provide a synthesis of some of the key issues in ICT4D in the region, including mobile and wireless technologies, risk communication, intellectual property regimes and localization. The authors are drawn from government, academe, industry and civil society, providing a broad perspective on the use of ICTs for human development.

Promoting Inclusivity and Diversity Through Internet of Things in Organizational Settings Singh, Gurinder, Garg, Vikas, Goel, Richa, 2022-06-30 The internet of things (IoT) has already proven its worth in fields such as health, education, and urban transportation. Given the rapid advancement of IoT along with artificial intelligence (AI) and machine learning in recent years, it is believed that new age technology will dramatically alter the way we live and work. One of the areas where this paradigm may stand out in the future is the domain of corporate diversity and inclusion. By modelling intelligent behavior, IoT may detect possible bias and prejudice in decision making, possibly eliminating patterns and biases that hamper company capacity to recruit diversely and inclusively. *Promoting Inclusivity and Diversity Through Internet of Things in Organizational Settings* provides relevant theoretical frameworks and the latest empirical research findings in the area. It examines the empirical evidence on corporations and how IoT is being used to create inclusiveness and diversity through electronic means. Covering topics on occupational stress, digital transformation, and digital diversification, this premier reference source is an essential resource for business executives and leaders, human resource managers, IT managers, social

workers, sociologists, researchers, and academicians.

Maldives International Monetary Fund. Asia and Pacific Dept,2016-05-31 This paper discusses recent economic developments, outlook, and risks of Maldives' economy. Maldives living standards have risen to middle-income levels over the past two decades driven by tourism development. The country's geography creates fiscal challenges, and the economy has faced persistent fiscal deficits over the past decade. The economy is highly exposed to climate change, a fact that further adds to fiscal costs. The real economy outperformed its peers in the past few years, but tourism slowed last year. Public debt is high and on a rising trajectory. A detailed national development strategy would ensure that investment plans are well coordinated and bring about bigger growth dividends.

Developing the Domestic Government Debt Market ,2007-01-01 Domestic government debt markets play a critical role in managing public debt effectively and reducing the vulnerability of developing countries to financial crises. Many aspects of debt markets - money, primary, and secondary markets; a diversified investor base; and sound securities custody and settlement systems and regulation - interact in complex ways and are affected by previous policies and developments. Developing the Domestic Government Debt Market: From Diagnostics to Reform Implementation draws insights from a joint pilot program set up by the World Bank and International Monetary Fund to design relevant reform and capacity-building programs in twelve countries. The experiences of these geographically and economically diverse countries - Bulgaria, Colombia, Costa Rica, Croatia, Indonesia, Kenya, Lebanon, Nicaragua, Pakistan, Sri Lanka, Tunisia, and Zambia - illustrate the challenges, obstacles, and progress in applying principles of market development. Developing the Domestic Government Debt Market will serve government officials contemplating or in the process of reforming their practices, providers of technical assistance, and practitioners working on building capacity in debt market development. Because effective development of debt markets is one key piece in sound public debt management, readers will also be interested in the

companion volume, *Managing Public Debt*, published by The World Bank in February 2007, based on the same joint pilot program.

Migrant Labor Remittances in South Asia Samuel Munzele Maimbo, Richard Adams, Nikos Passas, Reena Aggarwal, 2005-06-01 According to a recent World Bank study of remittances, Bangladesh, India, Pakistan and Sri Lanka are all among the top 20 receivers of remittances, with estimated receipts of US\$3.2 billion, US\$8.4 billion and U.S\$ 1.5 billion respectively. 'Migrant Labor Remittances in South Asia' identifies and discusses the key issues affecting the remittance industry in South Asia. It examines the development and implementation of policies, processes, and infrastructure to foster a development-oriented transfer of financial resources between migrants in developed economies and their families in the region. Rather than duplicate previous remittances work, this title only focuses on the region's distinguishing characteristics, namely: --A large migrant population of semi-skilled and unskilled workers largely concentrated in the Arabian Gulf countries, particularly Saudi Arabia and the United Arab Emirates. --The presence of dedicated public institutions and government financial incentives aimed at facilitating and providing incentives for temporary migration and remittance inflows --The existence of large state bank branch networks with immense potential for a more effective and efficient remittance financial market. --The widespread usage of trade related informal remittance channels by both legal and illegal migrants. The book is intended for policymakers who legislate and regulate the financial sector, as well as for researchers and providers of remittance services.

Asia Small and Medium-Sized Enterprise Monitor 2021 Asian Development Bank, 2021-12-01 The Asia Small and Medium-Sized Enterprise Monitor provides data and analysis as a resource for evidence-based policy design. This year's edition focuses on South Asia. This first volume reviews micro, small, and medium-sized enterprises (MSMEs) at the country and regional levels. It covers Bangladesh, India, Nepal, Pakistan, and Sri Lanka, and examines MSME development, access to finance, and policies and regulations. It notes that revitalizing MSMEs by channeling more growth capital to them will be key to a resilient economic recovery from the pandemic. It highlights opportunities in formalizing MSMEs and connecting them to international markets, expanding digital skills, fostering technology-based start-ups, and supporting youth and women entrepreneurs.
