Scout Camp James Renner, 2025-02-25 In this timely and deeply personal true crime memoir, acclaimed journalist, author, creator of the True Crime This Week podcast, and former Boy Scout James Renner, explores the dark side of an American institution, its pervasive culture of sexual abuse, and the traumatic—even deadly—repercussions of its long-buried secrets. In the summer of 1995, at the largest Boy Scout camp in Ohio, a night of sexual violence ended with one counselor dead and another hospitalized. The death was ruled “accidental.” It wouldn’t be the last death associated with Seven Ranges Reservation. James Renner, too, was a counselor at Seven Ranges that year. He was always sure there must be more to the story of Mike Klingler’s death, because Renner also knew firsthand that the 900-acre camp was not the safe getaway it was portrayed to be. On Friday nights the boys were ushered into the woods for a frightening ceremony in which they learned the rules for becoming good young men—and, above all, that keeping secrets was a scout’s duty. No matter how dark the secrets were. Determined to face his demons, Renner embarks on a journey back to that tumultuous summer and exposes a

clandestine society that left indelible scars on the scouts and the staff who were there. For Renner himself, it meant opening up about his twisted upbringing, his issues with trust and sexuality, and a lifetime of self-medication. The result is a deeply personal, no-holds-barred, and vitally important true crime memoir.

Kottler, 2015 If you ask someone the question, Tell me a story that changed your life, there will almost certainly be a thoughtful pause before a huge grin emerges. Everyone's life has been guided and impacted by stories, beginning with the earliest fables and nursery rhymes our parents used to instill moral values to the last time you wanted to illustrate a point in a meeting or get a laugh out of a friend over dinner. Storytelling is a uniquely human activity, among our first and most enduring forms of communication. This is a book about the meaning of stories in people's lives, especially those that have produced enduring changes in their values, behavior, lifestyle, and

worldview. Carefully documented and supported by research from the social sciences, as well as from neurobiology, the humanities, media studies, and arts, Jeffrey Kottler will explore how and why stories are so powerfully influential in people's lives, especially those that lead to major life transformations.

BIG DICK, little dick R Broughton, Stephen Broughton, 2011-06-01 BIG DICK Little Dick by Stephen Broughton ISBN: 978-1-905610-41-9 Published: 2006 Pages: 247 Description one man's journey of discovery finding mental ill health as a gift pointing the way understanding dreams and suicidal thoughts meeting the man he should have been little dick surviving an upbringing by a narcissistic mother and a disinterested Father, Big Dick. very funny, very sad, very moving, very strange the Angela's ashes of the post war era. About the Author Stephen has been a Trustee of a local MIND group for nearly 20 years and has had Suicide as his Plan B for as long as he can remember. He presents 'Thought for the Day' on BBC local radio, sings in a choir and runs marathons very slowly. A Solicitor, described by clients as 'not like a real Solicitor' which he takes as a great compliment. Most of his friends seem to be mad as well.. Book Extract We all dream and we probably dream every night. But have you wondered why we only remember some of the dreams and the others are consigned to some cerebral recycle bin? And why we sometimes have the same dream over and over again. I have had, for so long as I have known, a dream where I suddenly discover that I have a house. A tiny derelict house with an over grown garden. Hidden away with no proper path to it. And when I look at the house I see that there's so much work to be done to make it into a place to live that I know it's beyond me and that makes me very sad. And there's another dream where I've killed someone a long time ago and nobody but me knows and I'm afraid that someone will some day find out the terrible thing that I have done. And I wake up believing the dream is true not knowing how I can live with myself having done the terrible thing that I have done. So this book is about how I found out about the person I might have killed and how I first found and then set about rebuilding the house that was nothing but an empty shell with a gaping hole in the roof. And have you ever wondered why we have the memories of our childhood that we have? Sometimes trivial every day memories. Like a video running in our mind which never got erased by the other trivial every day memories that we record each day. I have always remembered as if it was yesterday, the day when a white van drew up outside our house and a man in a white coat got out. Our dog was a corgi we called Lightie. The man came into our living room. Lightie was behind the sofa and he picked her up in his arms and took her away. And I never knew why I remembered that so well. Many years later when I had gone past the age they call middle age I told my mother about that memory. She was amazed at what I said because she said I could only have been about 12 months at the time. I had just started to walk and the dog was getting old and no longer as reliable as it needed to be with a toddler around.
