Author Salvador Avila, a noted expert and popular lecturer on providing library services to Latino and Spanish speaking-communities, offers ideas and strategies that can be easily duplicated. Grounded in empirical evidence, this book presents what research has indicated is important to teens, Latinos in particular; demonstrates how to incorporate relevant literature into your services; and describes the cultural, social, economic, psychological, technological, and sexual characteristics of this emerging population. This title will be immensely helpful to public and school librarians as well as social services providers who work with Latino teens and soon-to-be teens ages 11 through 18.
